GOSHEN COLLEGE

—Designed For Effective Living

- You're probably thinking that to label a small booklet GOSHEN COLLEGE is not a little bit ambitious. And you are right. What could a few printed pages tell you about the kind of young people that make Goshen their college home; about the attitudes, activities, and atmosphere that make this college different from every other; about the excellent instruction and guidance designed to develop and lead you to be your best for God and your fellow men? We can only point to a few of the highlights of what it will mean to live and study here.

  No booklet can tell you all you should know about a college like Goshen, and we extend to you the warmest invitation to visit the campus. Arrange to talk to a Goshen College graduate, read the catalogue, and ask as many questions of the Student Field Secretary as you like.

- GOSHEN COLLEGE is a four-year Liberal Arts college, pre-professional school, and Biblical Seminary. A member of the North Central Association of Colleges and accredited by the Regents of the University of the State of New York, Goshen has a well-trained faculty to give you the finest instruction—acceptable at all the leading universities and professional schools.

  The B.A. degree is offered with a selection of twenty-three major fields from the five divisions: I. Language, Literature, and Fine Arts; II. Social Sciences; III. Natural Sciences; IV. Bible and Philosophy; V. Teacher Training. B.S. in Education, B.S. in Nursing, Th.B., B.R.E. and B.D. degrees are also offered.*

- And GOSHEN COLLEGE is a Christian college. Every activity, curricular and extra-curricular, is designed to promote effective living—living that is full and well-rounded in all its aspects and living that turns its energies to Christian service.

WHY GO TO COLLEGE?

That is a fair question. Learning is not doing. College days are, shall we say, a holiday from productive society. A college education will help you to return to society more productive —better able to serve. It will not only increase your personal knowledge; it will give you greater understanding and control of yourself. Through an acquaintance with the thought and actions of men of all times you gain a perspective and wisdom to evaluate your own thoughts and actions and to lead others. You have, too, the opportunity to make choice friendships—friendships that will be long remembered as a part of the happiest and most satisfying years of your life.

WHY GO TO A CHRISTIAN COLLEGE?

Education is valuable only if the increased usefulness is directed into constructive channels. This day of great technical achievement has demonstrated what knowledge without conscience can do, but it has also brought new opportunities for the enrichment of human life if the moral leadership can be provided. At Goshen there is, in every activity, an emphasis on the true and worthwhile. Faith in and personal understanding of Jesus Christ are the first goals. To every student who comes to Goshen we try to give not only learning, but also a life goal after the spirit of our motto, "Culture for Service."

The "Y", the largest organization on the campus, signifies the place that Christian service has. In the six missions opened and operated by the Goshen College Young Peoples' Christian Association and in its many campus projects everyone interested is given ample opportunity for constructive activitiy. Among more than 700 students from two dozen states and eight foreign countries many lasting and cherished friendships are formed. Various types of group social events are planned for the students and, with the excellent facilities of the social room, the College Cabin and lakeside area, there is opportunity unlimited for smaller groups. In spite of all the hard work, it's "fun" to go to Goshen College, and with the many and varied friendships there comes a broad and deep understanding of man.

GUIDANCE

Dean Kreider helps a student plan his course of study

The individual student is the first interest of the Goshen College faculty. Each year a special week is planned for the new students. Arriving before the upperclassmen, the freshmen have opportunity to get acquainted with each other, as well as with their "big brother" and "big sister" counselors, the Dean of Men, and the Dean of Women. The campus and the intricacies of college procedure are familiarized during these "Freshmen Days", too. The program of orientation continues throughout the first semester.

A wide variety of tests given at entrance and at the end of the sophomore year help the student decide on his plan of study with the assistance of a special advisor.

Every faculty member is always ready and eager to help the student with a problem, academic or personal.

SPORTSMANSHIP

The Women's Athletic Association

In a well-organized program of athletics there is opportunity for each person to participate in sports. There is keen competition for every athlete at his own level in the many leagues and tournaments. A wide variety of team and individual sports are offered in their appropriate seasons. Nearby woods, hills, rivers and lakes are also readily accessible for recreational activities such as hiking, biking, boating, skiing, skating and other outdoor activities. The value of athletics is appreciated by the college and superior work is recognized here as well as in the classroom.

The Campus

Goshen is conveniently located on the main line of the New York Central railroad and may be reached by several bus lines.

The campus, in the Parkside of south Goshen, is beautiful and conveniently arranged. Class buildings and dormitories are pleasant and well-equipped. Parts of a new gym-auditorium will be available for use this fall. Memories of campus life are among the most cherished and long-remembered.

Goshen College Bulletin

In The Spirit Of Christ

"Goshen College seeks to provide educational experiences which enable students to live . . . in the spirit of Christ.

The guiding principle in determining the values most worth striving for in personal and group living . . . the concept that the essence of Christianity, as set forth in the Scriptures, is discipleship, the transforming of the whole of life after Christ.

This Christian discipleship . . . in human relations, in the use of time, energy, material resources, and in devotion to the church and its mission.

The spirit of brotherhood . . . in all personal and group relationships . . . with friend or foe according to the ethic of the love of Christ who came not to be ministered unto, but to minister.

Life thus committed to the way of Christ cannot be segmented into secular and non-secular compartments.

The whole of life . . . commitment to the will of God; every activity, whether work, recreation, social fellowship, prayer, or meditation, has spiritual significance. The highest expression of faith in Christ who is the way, the truth, and the life . . . loving, sacrificial service to one's fellowmen.

. . . In Christian education, living and learning, and content and method cannot be separated.

The entire program of Goshen College . . . to help students to know Christ as Saviour and Lord and to become effective witnesses for Him to a world of economic greed, hate, and warfare."

Planning for the Future

IN THE SPIRIT OF CHRIST

J. S. Coffman in his dedicatory address on February 12, 1896, on the subject, "The Spirit of Progress," set forth the underlying educational philosophy of this institution, committing it to service for the Church and the cause of Christ. It was said of him: "He frequently expressed his satisfaction at seeing the earnest spirit among the brethren and sisters who came to school to prepare themselves for more active Christian work."

N. E. Byers, while in school, had come under the influence of John R. Mott, leader of the student volunteer movement, and so himself became a volunteer for the foreign mission field. He was persuaded to take the principalship of the Elkhart Institute only when it was shown to him that he might be more useful in accepting a position where he could help train young Mennonites as missionaries rather than go to the field himself.

The founders of this institution had a vision of many Christian workers going into the various fields of the work of the church. This vision has had at least a partial fulfillment. The Lapps, the Lehmans, the Shenks, the Hersheys and a score of others have been pioneers in the establishment of our mission work abroad. The Kauffmans, the Steiners, the Yoders and the Metzlers have been equally active at home. A survey a few years ago indicated that there were 187 ordained bishops, ministers and deacons, 117 home and foreign mission workers and 117 other appointed workers who had at some time or other attended either Goshen or Hesston Colleges.

Goshen College is missionaries to India, to South America, to Africa, to China and to the far corners of the earth. She is faithful ministers in many churches. She is devoted teachers in a thousand schoolrooms teaching eager children. She is doctors and nurses caring for the sick with skilled and tender hands. She is alumni with happy Christian homes. She is farmers plowing and praying. She is the A Cappella Chorus singing sermons of sacred music down the years. May she ever remain the handiwork of God and men moving onward in the spirit of Christ.

On the Mission Field

Where dark-skinned people hunger for the Word of Life, men and women trained at Goshen bring the good news of the Gospel. As ministers, doctors, administrators, nurses, teachers, they dedicate their lives and their college training to carrying out the Great Commission, continuing under the guidance of the Holy Spirit the preaching, teaching, healing ministry that Jesus began on earth.

Where war and its resulting moral and spiritual desolation bring cold and hunger to little children, men and women trained at Goshen College distribute food and clothing "In the Name of Christ," care for widows and orphans, and raise the spirits of the broken-hearted. Relief and Voluntary Service secretaries, like the Goshen graduates below, help to plan and direct this work. Goshen-trained young people are serving in these areas, bearing the Christian witness in the Spirit of Christ—in Voluntary Service units, in mental hospitals, in European work Camps—wherever Christ needs men and women to show His love for the needy and unfortunate and to bring them under the power of His saving Gospel.

At the Editorial Desk

Well-qualified writers and editors are an indispensable part of the training program of the Mennonite Church. Goshen-trained writers, editors, artists, illustrators, proof-readers are helping to write and prepare Sunday School and Vacation Bible School materials, as well as Mennonite periodicals for the minister, for the layman, in the country and in the professions, for the Sunday School teacher, and for the mission worker.

Since the Christian witness is to begin "at Jerusalem," a strong home base is necessary to the propagation of the Gospel. Little children must be taught first in the home and the Sunday School, then brought into a personal relationship with Jesus Christ and gathered into the Church. The Mennonite Church is calling Goshen-trained young men and women into responsible positions in these areas of service. Doctors, nurses, teachers, and other educated laymen are helping in the work of the local Sunday School, the Young People's Meeting, and in Youth Fellowship. Young men trained at Goshen are being called in increasing numbers into the Christian ministry of the Mennonite Church.

LIVING TRUSTS . .

The Business Manager of Goshen College early in this century and the Business Manager of 1949 were chatting the other day. They were talking about the investment of money in Goshen College.

"What kind of gifts does Goshen College receive these days?" asked the older man. "Goshen has grown a good deal from the time when I was connected with it."

"Goshen College receives gifts for three purposes," promptly replied the younger. "First, gifts for operating costs; second, for buildings and new equipment; and third, gifts for long-range needs in the form of endowment. Some people provide 'living trusts' which has grown to be a very popular method of giving."

"This term, 'living trusts,' seems to be a new one. I do not remember that we had any gifts of that kind in my day."

"This is a new term for a very old method of giving. You used to call it giving on the annuity plan, and you yourself have made gifts of that kind to Goshen College; but we like the term 'living trusts,' which means that the gift never dies. The income from the gift goes to the donor as long as he lives, and after his death the income goes to the operation of the College. Isn't this new term very suggestive and beautiful?"

"I understand the term now, and indeed, it suggests a wonderful idea. We promoted giving for endowments and annuities in my day, but little came of it."

"There seems to have been a time of sowing in your generation which is now yielding a harvest. The total in endowment and annuity funds is $289,698.05. This large total is made up of gifts from $100 to $50,000, and the man who gave $50,000 is still living and still giving, so the end is not yet. Your work and your example are bearing fruit. Some day this total should be a million dollars."

"I am ninety-two so you will hardly realize that amount in my day, but here's wishing you the best of success; and may God lay it upon the hearts of our friends to create 'living trusts' through Goshen College for the young people of our generation."

In Service

Teach me Thy truth, O mighty One;
From sin O make me free;
Prepare my life to fill its place
In service, Lord, for Thee.

Accept my talents, great or small,
Choose Thou the path for me
Where I shall labor joyously
In service, Lord, for Thee.

Help me to show Thy glorious way
That leads in hope to Thee,
Till other souls their joy shall find
In service, Lord, for Thee.

Grant me Thy grace for ev'ry task
Until Thy face I see,
Then ever new shall be that joy
In service, Lord, for Thee.

BIRD'S-EYE VIEW OF COLLEGE CAMPUS

The above airphoto shows the campus as it looked when the Home-Comers were here late in November The huge building in the center of the picture is the Auditorium-Gymnasium with the wing to house the Student Center, the Snack Shop, Cafeteria and Book Store extending to the left (north).

HOME-COMING 1949

The Home-Coming season this year was marked by large attendance and unusually interesting programs. Assembly Hall was packed for the Thanksgiving service on Thursday morning and for Chapel on Friday morning. Standing room was at a premium in the high-school auditorium on Thursday evening, when the College choruses rendered an excellent program, and on Friday evening when Francis R. Line gave the Home-Coming lecture. Not all the spectators were able to crowd into the gymnasium for the annual alumni-varsity basketball games.

The Home-Coming program began on Thursday morning with the Thanksgiving service. Dr. S. C. Yoder preached the sermon to a capacity audience in Assembly Hall. Even though most of the local people and their friends ate their Thanksgiving dinner at home instead of coming to the College dining hall for the annual turkey dinner, 534 persons were served by Miss Phyllis Roose, dietitian, and her capable corps of assistants.

On account of the large number of guests, it was impossible to serve the dinner banquet style. Beginning at 11:30, guests were served cafeteria style, and as tables were emptied a group of attendants cleared and reset the tables, and some of the men serving as waiters carried the trays to tables and seated the guests. Service continued until 1:20.

At 2:00 the students, homecomers, and friends met in Assembly Hall for the After-Dinner program. The theme of the program was "Home to Thanksgiving." The following program was rendered: Toastmaster, John Umble 01; "Memories of Home," Dr.

Ernest Smucker 41; "Notes of Thanksgiving" (vocal solo), Romaine Stahl 47; "Thoughts at Thanksgiving," Berniece Landis 48; "Thanksgiving Interlude (piano solo), Carolyn (Weaver) Hertzler 46; "Thankful Hearts," Bob Ekeland 48; Thanksgiving Hymn, congregational singing led by Dr. Fred Swartzendruber 44; and "Come Again," President E. E. Miller 17.

The Home-Coming concert was presented in the high-school auditorium on Thursday evening. On account of the illness of Walter E. Yoder 33, Dwight Weldy 40 conducted the A Cappella and the Men's choruses each of fifty-two voices. Professor Mary K. Oyer 45 conducted the Women's Chorus of fifty-six voices and the Collegiate Chorus of fifty-seven. All the choruses did excellent work in standard numbers by Palestrina, Nikolsky, John Sebastian Bach, Mozart, Christiansen, and others.

The College followed the regular class schedule from 7:30 to 11:35 Friday morning, with forty-five minutes out for Chapel beginning at 10:00. During the Chapel period Willard Krabill 49, son of Mr. and Mrs. M. O. Krabill, of Louisville, Ohio, delivered the oration with which he won first place in the Annual Peace Oration Contest on Wednesday evening preceding. Another feature of the Chapel service was the presentation to C. L. Graber, business manager, of the $6,414.62 earned by students during the student work program in September. Eugene Blosser 49, of South English, Iowa, made the presentation.

In the annual alumni-varsity basketball games on Friday afternoon the youngsters again proved too fast and tricky for the old-timers. Both games were well played, but the varsity women won the first game by a score of 25-10. The women on the varsity showed remarkable skill in passing and in accurate basket shooting.

The men's game was closer, but here again the superb passing and the fast breaking game of the youngsters proved too much for the alumni. Dr. Fred Swartzendruber 44 and Jay Holloway x51 did good work for the alumni. Jim Yoder, of Shipshewana, Wayne Unzicker, of Rantoul, Illinois, and several other members of the varsity team kept the oldsters in a state of bewilderment part of the time. Final score, 60-33.

The audience that assembled in the high-school auditorium on Friday evening for Francis R. Line's lecture, "Sheep, Stars, and Solitude," illustrated with superb colored motion pictures of the Southwest, once more demonstrated the inadequacy of any Goshen auditorium to accommodate Goshen audiences that turn out for a College program. Every available seat was taken, even the extra chairs that the regulations of the fire department permit in the high-school auditorium. People were standing at the doorways and at the rear of the hall.

The excellent pictures and the interesting description excited favorable comment among students, visitors, and people of the local community. The lecture described the difficulties and experiences of a Mexican shepherd in driving a herd of over 1,500 sheep from their winter quarters at Phoenix through cactus and desert to the high summer grazing lands in eastern Arizona, and the return. People of all ages found something in the pictures to enjoy and appreciate.

Another Home-Coming season has passed into history. Everyone here sincerely hopes that by Thanksgiving, 1949, the new auditorium-gymnasium will be ready for use. Administration, faculty members, and students are looking forward to the time when we can entertain alumni and friends in more ample quarters. The new student recreation room should furnish a dining hall with adequate space for everyone, and the architects promise that the auditorium will accommodate about 2,500 people.

Anyway, Alumni, come back next year and Goshen College will try to accommodate all of you.

PROGRESS ON THE AUDITORIUM-GYMNASIUM

J. Gordon Jackson, construction engineer in charge of building operations on the new auditorium-gymnasium, has been making good use of the mild open weather during the fall and early winter. Even on December 3, the weather was so mild that the bricklayers worked in the warm sun in their shirt sleeves and one of the men even removed his shirt.

The bricklaying is completed on the snackshop-bookstore and cafeteria in the north wing, in the student center extending from the north wing to the main auditorium on the south, the public lobby extending along the north side of the auditorium, and the shower rooms and chair storage space extending along the south side of the auditorium. Bricklaying also has been completed to a height of approximately eighteen feet (half the height of the auditorium) all around the main structure. Roofing is completed over the entire building.

Plumbing contractor, Marian Hartzler, of the College congregation, and his assistants have installed some of the larger heat runs and are already supplying heat in some of the more enclosed portions of the building.

One of the principal delaying factors has been the postponement of delivery of cement and tile needed for the floor over the basement of the north wing of the building and also the floor of the second story of the shower rooms on the south side of the auditorium. Delivery of window glass also has delayed the project. Steel window frames, as well as the all sawed-stone window ledges, have been in position for some time. With another few weeks of favorable weather, the entire building will be enclosed.

Bricklaying is continuing right through the cold weather. Mr. Jackson has had considerable experience in cold weather construction in Northern Michigan. When the weather grows too cold, he hangs up tarpaulin to shelter the men, furnishes them with heated mortar, and if necessary, raises the temperature several degrees by the use of small kerosene-burning furnaces.

After the building is enclosed, carpenters, bricklayers, and cement workers will be able to work in comparative comfort even in the coldest weather.

ALUMNI CONTRIBUTIONS TO THE BUILDING PROGRAM

Goshen College alumni continue to express their interest in Christian education by loyal support of the financial program of their Alma Mater. Contributions since the beginning of the current fiscal year, September 1, 1948, slightly exceed the contributions during the same period for the past several years.

An interesting feature of alumni contributions this year is the increased number of larger gifts. The Alumni Office has been able to record more thousand-dollar gifts during the past four months than in any previous similar period. The number of twenty-five, 50 and 100 dollar gifts also shows a sharp increase. In number of contributors also, the past four months have exceeded previous records.

But while the present total of contributors and the amount contributed exceed those of previous years, the percentage toward the alumni goal for the current fiscal year is lower than in previous years.

Last year the goal was $26,000 and more than three

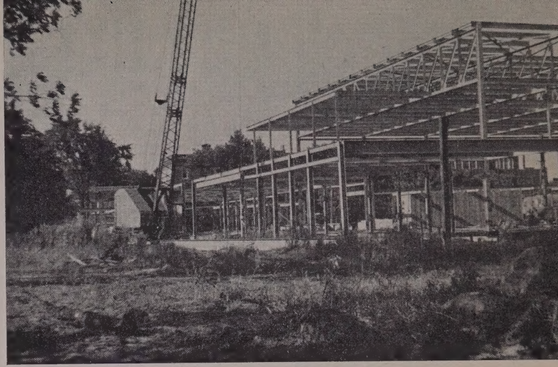
The air view of the campus at the left above, looking toward the southeast, shows the location of the auditorium-gymnasium with reference to the other buildings on the campus. It also shows the three general areas of the building—the bookstore, snack shop, and cafeteria immediately south of High Park Avenue across from the library; then the recreation room between the bookstore and the auditorium-gymnasium proper; and finally the auditorium-gymnasium with the necessary lobbies and approaches. This air view was taken by the editor from Professor Glen R. Miller's plane with Professor Miller at the controls.



The view at the right above, looking toward the northeast, shows the front part of the building as it looked after the structural steel was in position. In front is the lobby, above it the projection room, and at the extreme right the main part of the auditorium. The view below, looking southeast from the third floor of the Science Hall, shows more detail of the various parts of the structure. The windows at the left below will light the music rooms under the stage. In the center background on the far side of the main auditorium the area under the roof shown in the picture will house the two floors of showers and locker rooms for men and women and storage space for auditorium chairs. At the extreme right is shown a corner of the bookstore and the student recreation room beyond.

fifths of that amount had been contributed by January 1. This year, however, the goal is $45,000 and, although as stated above, contributions for the first four months of the fiscal year exceed those of any previous year, the alumni section of the College financial campaign for the year 1948-49 shows that unusual sacrifices will be necessary to reach the goal.

It has been the practice of the alumni association to print the names of contributors in the January issue of the **News-Letter.** This year, in order to save space, the names of all contributors will be printed in the March, 1949, issue. President Ernest Miller and the officers of your alumni association will appreciate receiving your gifts on or before February 25 so that the lists can be completed in time for the March issue.

Please help your alumni association to save postage and mailing costs by sending in your contribution not later than February 25. Contributions, however small, will be gratefully received, but please remember that it takes a lot of small gifts to reach a total of $45,000, the 1948-49 goal of your alumni association.

GOSHEN CITY FINANCIAL CAMPAIGN FOR GOSHEN COLLEGE

As announced in the November issue of the **Alumni News-Letter,** $250,000 had already been raised at the close of the last fiscal year ending August 31, 1948, to build the auditorium-gymnasium. Of the remaining $175,000 estimated to complete the building, the administration hoped that alumni would contribute $45,000, and the Mennonite Church $80,000, leaving $50,000 to be raised from other sources.

In order to raise this additional $50,000 the College administration in consultation with some of the civic and business leaders of Goshen, decided to launch a financial campaign in the city under the guidance of President Ernest E. Miller and C. L. Graber, Business Manager. This campaign was organized in November.

The following consented to serve as a campaign committee: Donald F. Stevens, retired official of the B. and O. Railroad, chairman. The following are serving as chairmen of special sections of the campaign: Elmer Culp, of the firm Culp and Sons, Special Gifts; ex-mayor F. S. Ebersole 01, Industrial; William Katzinger, manager of the local Kline's Store, Mercantile; Clifford P. Martin 27, president of the First Old State Bank of Elkhart, County Division; Dale Peffley, city editor of the Goshen News-Democrat, Publicity. The committee set up a campaign office in Room 201 of the Jefferson Building, installed a telephone and appointed Mrs. Harold Swartzendruber (Lucille Graber 47) secretary, assisted by Bernadette Hower.

The committee, in collaboration with the College administration, sponsored a Building Fund Workers' dinner held in the College dining hall on Tuesday evening, November 30. Donald F. Stevens presided and workers from all divisions attended. Reverend Donald E. Baily spoke the invocation. Mayor Rollin R. Roth spoke in behalf of the City of Goshen.

President Miller, in a few well-chosen words, expressed his appreciation to the workers for their assistance and for the response which he knew would come in answer to the appeal. He assured the group that the College was happy in its location in Goshen, that the faculty and students had implicit faith in the College and its constituency, and that he had complete confidence in the campaign organization under Mr. Stevens' leadership.

City Superintendent of Schools, Robert B. Weaver, who attended Goshen College during his freshman and sophomore years, 1918-20, gave the principal address of the evening.

In a well-prepared address that gave evidence of considerable research and intimate and sympathetic understanding of the work of Goshen College, Superintendent Weaver emphasized three points: (1) Goshen College is a definite benefit to Goshen's public school system; (2) it is invaluable to the advancement of the city's cultural life, and (3) it contributes economic values of no small proportions to the City of Goshen.

"Goshen College is," said he, "filling a very important place in the City of Goshen. It is an inspiration to see so many men of Goshen and the vicinity assembled in the cause of education and particularly in the interest of Goshen College. Preparation of elementary teachers to meet the increased demands upon the public school system is one of today's challenges being met by institutions like Goshen College."

Mr. Weaver stated that he wished he had funds at his disposal to send to college worthy students who lacked means and commended the Laura Kindig Foundation which is making a number of scholarships available in Goshen College for young women of the community. He gave it as his opinion that it is unfortunate that the smaller private institutions of higher learning cannot compete with the larger colleges because of the lack of grants.

"Of 230 young people from Goshen who are in college this year," Superintendent Weaver continued, "40 per cent are in Goshen College. This indicates that small colleges supply the educational needs of local communities. Subversive elements are not found in small colleges like Goshen. Here there is an atmosphere of moral and religious emphasis and no evidence of non-American doctrines. Besides, more personal attention can be given to the individual problems of the student."

By way of summary Mr. Weaver said, "Goshen College measures up to all standards of evaluation we could set up, and education is a definite aid to business, which businessmen cannot afford to refrain from supporting."

At the close of Superintendent Weaver's address, C. L. Graber, Business Manager of the College, outlined the work of the several divisions and explained the use of literature and supplies. He also reported receipt of a number of advance contributions ranging from $200 to $1500.

The campaign committee and the administration of the College prepared a neat, well-illustrated eight-page folder presenting a brief historical survey of Goshen College, its aims and purposes, educational standards, benefits to the community, and the needs of the College.

The major part of solicitation for the campaign was completed during the period December 1-20 and continued for several days after the close of that period. As we go to press the campaign committee reports a total of over $50,000 contributed by citizens of Goshen and near-by communities.

This is the first time that the College has come to the local community in an organized campaign for funds. The response has been very encouraging and shows that the College is held in high regard by the local constituency.

William Derstine, of Sellersville, Pennsylvania, warm friend of President Miller and Mr. Graber, assisted the committee in planning and carrying forward the campaign. President Miller and Mr. Graber first became acquainted with Mr. Derstine when he, with Aaron Loucks, was a relief commissioner under the Near East Relief and accompanied the first Mennonite relief workers to the Near East in January, 1919. He then returned to the States to report on the work being done.

DEAN KREIDER SERVING AS N.C.A. CO-ORDINATOR

Professor Carl Kreider, Ph.D., 36, dean of the College of Liberal Arts, has been appointed co-ordinator for the North Central Association of Colleges and Secondary Schools. On November 4 and 5 he visited Northland College at Ashland, Wisconsin; and Olivet at Kankakee, Illinois.

The purpose of the N.C.A. study is the constant improvement of the institutional program in all colleges in the North Central territory. As co-ordinator it is Dean Kreider's assignment to instill enthusiasm for the study program among the faculty members of the visited colleges, to ascertain what techniques they are using in making their study for improving their institutional program, and to report the techniques that other schools are using.

Dr. Kreider has been appointed co-ordinator for twelve colleges, including the three mentioned above and the following: Carthage College in Illinois; Luther College at Decorah, Iowa; St. Olaf at Northfield, Minnesota; Augsburg at Minneapolis; Gustavus Adolphus at St. Peter, Minnesota; Knox at Galesburg, Illinois; Wheaton in Illinois; Carroll at Waukesha, Wisconsin; and St. Mary's at Winona, Minnesota.

He was trained for his work as co-ordinator in the N.C.A. workshop, first held at Minneapolis, Minnesota, and in recent years both at Minneapolis and Chicago. Each college taking part in the study annually sends one representative to the workshops. Co-ordinators are chosen from these represenatives.

Goshen College is the only educational institution in the state of Indiana which has been a member of the N.C.A. Study Commission from its beginning in 1941. At that time Goshen was one of the twenty-eight colleges selected from the eighty colleges applying for membership in the study.

The N.C.A. workshops have now been extended so that seventy-five colleges are participating. Each school conducting a study of several aspects of its program each year, is entitled to one or more visits by a co-ordinator. Dean Kreider was asked to serve as co-ordinator as early as 1946, but his heavy schedule at the College prevented his acceptance until this year.

Dean Kreider states that he enjoys his duties as co-ordinator, and that this work gives him valuable insights into the educational program of other colleges.

Professor Dean Long, of Evansville College, Evansville, Indiana, spent the day of November 22 on the Goshen campus as co-ordinator for the N.C.A. He also is one of the newly appointed co-ordinators, his visit to Goshen College being the first he has made this year.

Professor Long spoke in chapel in the morning, met Goshen's study committees in the afternoon, and delivered an address to the faculty in the evening at the time of the regular Monday evening faculty meeting.

Two committees of the faculty are conducting special surveys this year: one of "alumni contributors," headed by Professor Karl L. Massanari, and the other the "religious welfare of the institution," headed by Dean Carl Kreider. Professor Long reviewed the progress on these two studies, compared them with similar surveys being conducted elsewhere, and assisted in furthering the progress of the two Goshen studies.

PHYSICIAN RECOMMENDS REST FOR PROFESSOR YODER

Professor Walter E. Yoder 33, who has been conducting a strenuous program of teaching, private instruction in voice, and chorus directing at the College since 1931, has been obliged to discontinue his work temporarily. On the orders of his physician he is confined to his home at 1508 South Eighth Street.

A heart condition makes it necessary for him to rest for a few weeks. Although he feels no particular discomfort from his illness, he tires very easily and has been obliged to discontinue all physical effort for the time being. Professor Yoder is under the care of Dr. H. Clair Amstutz, the College physician.

SABBATICAL LEAVE

Dr. Silas Hertzler, Professor of Psychology, Director of Teacher Training, and Director of the Goshen College Teacher Placement Service, has been granted a sabbatical leave for the second semester of the current school year. He will devote the major portion of his time to completing the revision and extension of the Hertzler genealogy.

During Professor Hertzler's leave Professor Karl L. Massanari will serve as Acting Chairman of Division Five (Division of Teacher Training), Acting Director of Teacher Training, and Acting Director of Teacher Placement Services. Professor Massanari has completed all the requirements for the Ph.D. degree at the University of Illinois. He is to receive the degree on February 6.

COLLEGE INSTRUCTOR HONORED

Professor Guy F. Hershberger, Ph.D., Professor of History and Sociology, was unanimously elected president of the Indiana Academy of the Social Sciences at the annual meeting held at Earlham College, Richmond, Indiana, on November 5 and 6. Dr. Hershberger was not present at this meeting but had spoken at the Indianapolis section earlier this fall. The Academy has about one hundred members, most of whom are college teachers.

Professor Hershberger's duties will be to supervise the annual publications of the Academy and to arrange for the programs of the various meetings throughout the year. He has been elected for a term of one year.

"H. H. H." BUSY STUDYING ASTRONOMY

The Sunday, November 14, issue of the **Arizona Daily Star** published in Tucson, Arizona, carried a picture of the Comet Paraskevopoulos taken by Professor H. H. Hartzler, now on leave of absence for study at the University of Arizona, and by his superior, the director of the University of Arizona's Steward Observatory. The picture, made with a ten-minute exposure, shows this comet equally as beautiful as Halley's comet which last paid the earth a short visit in 1910. The new comet is more familiarly known as Comet 1948 L.

The Hartzler family write that although they are enjoying good health and are attracted by the climate and scenery of the Southwest, they are eager to return to Goshen when Dr. Hartzler resumes his duties at the College, in September, 1949.

A NEW PUBLICATION

A growing publication among Mennonite periodicals is **The Christian Nurse.** The October, 1948, issue was volume four, number three. The paper, the official organ of the Mennonite Nurses' Association, had been issued quarterly but is to appear every two months during 1949. Miss Orpah B. Mosemann, R.N., of Eastern Mennonite College, Harrisonburg, Virginia, is editor, and Ruth N. Brubaker, R.N., of 407 Manor Avenue, Millersville, Pennsylvania, is associate editor. The subscription rate is one dollar a year. Subscriptions should be sent to the associate editor.

ASSUMES NEW DUTIES

Levi C. Hartzler 35, Dean of Men and Assistant Professor of English, will take up his new work as Secretary for Service Units and Relief at the end of the first semester. As executive secretary of the Mennonite Relief Committee under the Mennonite Board of Missions and Charities, he will be responsible for the opening and directing of service units and will serve as directing secretary in matters of relief.

Professor and Mrs. Hartzler moved to 1723 Francis Avenue during the Christmas vacation. He will assume full-time duties at Elkhart in mid-January.

Until Atlee Beechy 35, now in Europe, assumes his duties as Dean of Men in September, J. Howard Kauffman 47, instructor in sociology and economics, will serve as Acting Dean of Men. According to earlier plans, Mr. Beechy was to arrive on the Goshen campus at the beginning of the second semester. According to present plans, however, he will enroll in graduate school on his return to the States in April and continue his graduate study through the summer months.

EASTERN PENNSYLVANIA ALUMNI REUNION

Goshen College Alumni in eastern Pennsylvania and adjacent areas in New York, New Jersey, Delaware, and Maryland are already planning their 1949 reunion. The date of the reunion this year is set for May 7 and will be held at the Hotel Brunswick in Lancaster. Warren Leatherman 43, who was elected chairman at the last reunion, plans to send out notices in January or February and a later, final, detailed announcement in April.

The Alumni Office at Goshen College is co-operating with the eastern Pennsylvania alumni in supplying up-to-date addresses of alumni in that region, but whether or not you receive a notice of the meeting, if you are a graduate, former student, or friend of Goshen College and plan to be in eastern Pennsylvania next May 7, get in touch with Warren Leatherman, of Akron, Pennsylvania, and arrange for your reservation. The editor is sure that you will be more than welcome.

NORTHEASTERN OHIO ALUMNI PLANNING REUNION

The Northeastern Ohio Alumni also are planning for the 1949 reunion. They have reserved a park at Canton, Ohio, for the annual meeting to be held on July 24. Oswin G. Gerber 37, Northeastern Ohio distributor of the Lincoln Library of Essential Information, Kidron, Ohio, is chairman of the program committee. Don Kreider 38, of Wadsworth, is president of the group.

WINTER BIBLE SCHOOL RETURNS TO CAMPUS

The Forty-Ninth Annual Winter Bible School is being held on the Goshen College campus, Goshen, Indiana, during the six weeks' period extending from January 3, 1949, to February 11. Registration of Indiana students took place on the forenoon of January 3 and of all out-of-state students in the afternoon of the same day. Total Registration, 32.

The courses offered are divided into four groups: Bible Study; Bible Doctrine; Church History and Missions; and Practical Work—six in Old Testament and six in New Testament; two in Bible Doctrine, two in Church History and Missions, and six in Practical Work.

Officers and teachers especially engaged for this six weeks' term are: D. A. Yoder, of Elkhart, Indiana, Principal; Roy D. Roth, of East Peoria, Illinois, Assistant Principal; John E. Gingrich, of Elkhart, Indiana; Miriam Stalter Charles, of Goshen; John D. Zehr, of Manson, Iowa; and Merrill Swartley, of Souderton, Pennsylvania.

The neat, attractive, twelve-page illustrated bulletin advertising the Winter Bible School was the work of Paul Stoll, Assistant Director of Publicity.

GOSHEN ALUMNA HELPS ORGANIZE FIRST MENNONITE HOSPITAL FOR MENTALLY ILL

Mr. and Mrs. Delvin Kirchhofer (Helen Moser 33), of Bluffton, Ohio, have charge of the new Mennonite Mental Hospital known as Brook Lane Farm. It is located nine miles north of Hagerstown, Maryland, near Leitersburg, nestled in the foothills of the Blue Ridge Mountains.

Mrs. Kirchhofer is a former teacher and registered nurse and has had experience in relief work. Mr. Kirchhofer is a former teacher and has had considerable experience in administering relief work. Both have studied and worked at Chestnut Lodge Sanitarium at Rockville, Maryland, to learn more about treatment of the mentally ill.

During the recent war, Civilian Public Service men were made aware of the present need for adequate treatment of the mentally ill. A survey made in 1945 revealed that there were about 1,500 Mennonites who were mentally ill or mentally deficient. About one third of these were in mental institutions. The other two thirds were taken care of in the homes.

In planning for the hospital, one of the first steps was to change the former C.P.S. farm at Leitersburg, Maryland, into a home for the mentally ill. The dedication took place on October 31.

The hospital program has been developed primarily to meet the needs of Mennonites. Non-Mennonite patients also will be accepted as space is available.

Questions and requests for further information or application forms may be directed to Delvin Kirchhofer, Administrator, Brook Lane Farm, Route 5, Hagerstown, Maryland, or to Mental Service Section, Mennonite Central Committee, Akron, Pa.

INTERNATIONAL EDUCATIONAL MEETING

Sponsored by Mennonite Board of Education

On October 21-23, the first general meeting of the Mennonite Board of Education was held in the First Mennonite Church at Kitchener, Ontario. Representatives from all the various types of educational institutions of the Mennonite Church were present from Oregon to Virginia: the nurses' training school, seminaries and Bible schools, colleges, high schools and academies, as well as elementary schools conducted by the Mennonite Church.

Many of those in attendance considered it one of the most helpful and inspiring education meetings ever held in the Mennonite Church. In the first place representatives were present from nearly all the schools conducted by boards or members of the Mennonite Church. To hear report after report from presidents, principals, and other supervising officials was in itself an eye opener. Few of those present had realized the extent of the formal education being carried on in the Mennonite Church.

Another feature of the conference, the sectional meetings conducted by and for the various types of educational institutions, gave an opportunity for exchange of views and a study of common problems. In these sectional meetings the emphasis was on the stating and solving of mutual problems.

Finally the realization that educational problems are not local but general, and the evident desire of all those present to sympathize with and participate in the solution of common problems, left no time for criticism or finger pointing.

The net result of the meeting was a feeling of sympathy, an understanding of the over-all task, and a clearer comprehension of the aims and objectives of Christian education at all levels.

The Mennonite Board of Education is to be complimented for its vision and its industry in bringing together so large a group of the educational leaders of the church, and in planning this first meeting in such a satisfactory manner.

NEW CHURCH AT PINCKNEY, MICHIGAN

Ezra Beachy 34, of Pinckney, Michigan, wrote on December 21: "We have received contributions from twenty-two congregations in the conference district as well as a number of groups from outside the district. To date a total of 132 people have contributed 2,946 hours to the building. This made it possible to keep the labor costs at approximately $500 not including the plastering and the work of the architect.

"During the last few weeks we have had two carloads of brethren from the Maple Grove Church at Topeka, two carloads from Howard-Miami; and three brethren from Clinton Frame helped two days with the finishing work. The floor of the auditorium is nearly all laid, and part of the finishing is done. The work still to be done is laying the asphalt tile floor on the platform, classrooms, anterooms, wood floor on the balcony, putting in door frames, casings, hanging the doors, and putting the treads and finishing on the basement stairway.

"Sunday evening we had the annual Christmas Program given by the Sunday school in the new auditorium. . . . The dedication service will not be held until warm weather in the spring . . . . On account of the limited finances, we have not ordered benches . . . On November 6 two of our young people were married in the church. Even though the building was not plastered, we were able very nicely to accommodate the 200 people who attended. Most of those present had never been in a Mennonite Church before . . . . Pray for the needed funds to complete the church and provide the benches."

ALUMNUS PUBLISHES BOOK

Dr. Luke Steiner x23, Ph.D., of Oberlin College, recently published a book on Thermo-Dynamics. The October, 1948, issue of **Chemical Education** contains an excellent article from his pen, "Chemical Education in American Institutions."

ORDAINED TO THE MINISTRY

Daniel W. Miller 45, Th.B. 46, was ordained to the ministry on Sunday evening, October 8, at the Ephrata, Pennsylvania, Mennonite Church. The ordination was in charge of Bishop Amos S. Horst, assisted by other brethren in the district. Mr. and Mrs. Miller (Eunice Litwiller 47) are under appointment as missionaries to Argentina. They had been attending Biblical Seminary in New York, but are now engaged in language study at the Presbyterian Mission Language School, Medillin, Colombia, South America.

Mr. Miller is the son of Mr. and Mrs. Orie O. Miller 15 (Elta Wolf x16), of Akron, and Mrs. Miller is the daughter of Mr. and Mrs. Nelson Litwiller 25 (Ada Ramseyer x34), of Bragado, Argentina.

William Miller w33, of east of Goshen, has been selected by the Indiana District Mission Board to serve as pastor of the Crumstown Mennonite Church south of South Bend, which has developed from a mission station. He was ordained to the ministry at the Clinton Frame Mennonite Church east of Goshen by Bishop Edwin J. Yoder a x11 on October 1, 1948. Mr. and Mrs. Miller (Esther Nancy Miller a26) are living near North Liberty, Indiana. Their address is rural route one, Box 85, North Liberty.

ADOPT BELGIUM WAR ORPHAN

Mr. and Mrs. Joseph Eckstadt x34 (Mary Beckner x28), who reside west of Goshen on the Harry Greene Road, have adopted Phillippe Dumont, a three-and-one-half-year-old Belgian war orphan. He arrived in Goshen Friday, November 5, and for the first time met his new father and mother. The child was accompanied to Goshen by Harold Weaver, Mennonite relief worker, who is now home on a furlough. Phillippe is picking up the English language rapidly. Since his foster parents do not speak French, Phillippe is always delighted when someone speaks to him in his native language.

OPEN NEW RELIEF PROJECT IN FORMOSA

Dr. and Mrs. Robert Hess, M.D., 43, are members of the relief unit engaged in Mennonite Central Committee work in Formosa. The unit began work on September 18 at Ku Ku Tsu, a village of 446 people on the east coast of the island, and was extended to cover three other little villages during the following two weeks, after which the team returned to their base for supplies.

From September 18 to October 5, over 3,000 treatments were given to patients suffering from dysentery, malaria, trachoma, scabies, and other diseases. The unit reports that the initial period of operation has been very encouraging, the people of the island being very co-operative and appreciative. Though a Chinese possession now, Formosa had formerly been under the Japanese and even now retains a Japanese culture.

Other members of the unit are: June Strait, R.N., of Spartansburg, Pennsylvania; and Mr. and Mrs. William Ewert.

EXECUTIVE SECRETARY REVIEWS RELIEF NEEDS

On November 3, Mr. and Mrs. Orie O. Miller 15 (Elta Wolf x16), of Akron, Pennsylvania, left on American Overseas Airlines for London for a three weeks' visit to the various projects of the M.C.C. Mr. Miller's chief assignment was to review relief needs in the various countries and to discuss with the field directors the M.C.C. program in Europe for the coming months.

Mr. Miller is Executive Secretary of the M.C.C. Travel arrangements for Mr. and Mrs. Miller were made by the Menno Travel Service at Akron, Pennsylvania.

A SEQUEL TO ROSANNA

Friends and former students of Joseph W. Yoder, popular instructor in English, history, and Greek, and first physical education director for men in the Elkhart Institute in 1900-01, will be interested to learn that he has just published a new book entitled **Rosanna's Boys, a Sequel to Rosanna of the Amish.**

Readers will recall that the earlier volume gave the customs of the Amish in story form, that is, the book was primarily the story of Rosanna but an account of Amish customs was woven into the thread of the story. "Rosanna's Boys," as the author states in his "Preface," "while continuing the story of the family, deals more specifically with Amish customs than the earlier book."

The family of Little Crist and Rosanna McGonegal Yoder consisted of four boys. A daughter died in early childhood. Yost, the eldest of the four boys, united with the Old Order Amish Church of which his parents were members and became a staunch adherent to the principles of that faith. Levi, the second son, however, "took after" his mother's Irish ancestry, shingled his hair, wore store clothes, and a derby hat, and taught school.

John, the third son, reached a compromise satisfactory to himself by uniting with the more progressive Amish Mennonite group, married, was ordained to the ministry in that church, decided he needed more education in order to preach better, came to Goshen College, found study less interesting than making a success as business manager of the College dining hall, and finally at the suggestion of a friend founded the Goshen Milk Condensing Company, and became one of Goshen's most progressive and energetic businessmen.

Joseph, the youngest, the author of the book, became interested in schoolteaching, was influenced by J. S. Coffman to come to the Elkhart Institute to teach, attended Northwestern University, was graduated from Juniata College at Huntingdon, Pennsylvania, became much interested in conducting singing at teachers institutes, and eventually was appointed field secretary for Juniata College.

An interesting part of the book tells the story of his transcription of the Amish hymn tunes and the publication of his book, **Amische Lieder.**

The book is a valuable addition to the meager but growing amount of authentic information about the life and character of the Amish. Aside from its historical and sociological value, it is an interesting book. Young and old will derive enjoyment and benefit from reading it.

NEW TELEPHONE SYSTEM

The Indiana Associated Telephone Corporation has completed installation of a dial telephone system of fifty telephones connecting the College offices. It is now possible for each administrative official and faculty member to call any other office without the aid of an operator. Incoming calls will be handled by a switchboard operator at the College, but each telephone in the College system can call the city operator direct.

Harry Roth x01, College carpenter and handy man, has constructed a booth to serve as a "telephone exchange" and information office in the northwest corner of the lobby to the business office. He also has cut a window through the wall into the main corridor so that the "information desk" will be accessible directly from the corridor.

The exchange will be in charge of two part-time operators during College office hours: Anna Cocanower 46, of Elkhart, and Inez Dintaman 50, of Vestaburg, Michigan, assisted on Fridays by Mrs. Howard Charles (Miriam Stalter 40).

DR. SMITH ENDOWS SCHOLARSHIPS AND PEACE EDUCATION

The following item reprinted from the **Lima News**, Lima, Ohio, in the December 14 issue of **The Mennonite** gives additional evidence of the keen interest of the late Dr. C. Henry Smith in education, especially in peace education.

"Provisions for college scholarships and peace oration promotion are made by the will of Dr. C. Henry Smith, late of Bluffton. The estate is estimated at $70,000.

"The will . . . provides for establishment of a trust. His widow, Laura, receives the trust fund income until her death, after which time proceeds will go for scholarship, peace oration, and library purposes and dissemination among the Mennonite colleges and churches . . . of the traditional nonresistant peace doctrines as taught by the Mennonite Church.

"After Mrs. Smith's death, trust income is to be divided into two equal parts. One part is to be allocated to college scholarships for the benefit of descendants of Dr. Smith's father, the late John Smith, half for use at Bluffton College and the other half for use at Goshen (Ind.) College, where Dr. Smith taught before his thirty-five years with Bluffton College.

"Should there be no demand for these scholarships, the income may be used for such other educational purposes or beneficiaries as the boards of directors may determine.

"Of the other half of the trust income, $100 yearly is to go for purchase of books and manuscripts for the C. Henry Smith collection of Mennonite history in the Musselman Library in Bluffton College.

"Twenty-five dollars annually is to go for promotion of peace orations at Bluffton College, Goshen College, Hesston (Kans.) College, Bethel (Kans.) College, and Tabor (Kans.) College."

ANNUAL PEACE ORATORICAL CONTEST

The increasing size of the student body heightens interest and competition in the various contests on the campus. Ten students entered the preliminary eliminations in this year's peace oratorical contest. From this group, the five best orations were selected for the final contest held Wednesday evening, November 24: Ethel Reeser, Albany, Oregon; Art Moser, Goshen, Indiana; Albert Meyer, Sterling, Ohio; Murray Krabill, Wayland, Iowa; and Harvey Snyder, Kitchener, Ontario.

Judges for the contest were instructors in the speech department and winners of the local contests in previous years. The audience and the judges agreed in awarding first place to Willard Krabill 49, son of Mr. and Mrs. M. O. Krabill 22 (Ella Conrad x23), of Louisville, Ohio. Dean Harold S. Bender annually awards a five-dollar prize to the winner of this contest.

Mr. Krabill will represent the College in the state peace oratorical contest to be held soon after the beginning of 1949, and Miss Reeser, in the women's peace oratorical contest to be held at the same time and place.

Reverend Amos W. Geigley, retired Mennonite minister of Fairfield, Pennsylvania, and member of the class of 1913, annually contributes $200 in prizes in the Indiana state contest, $100 for the men's contest and $100 for the women's contest.

CONFERENCE COMMEMORATES FOUNDING OF MENNONITE FOREIGN MISSIONS

A foreign missions conference commemorating the fiftieth anniversary of the founding of Mennonite foreign missions was held on the campus November 19, 20. The conference brought to the campus a number of interesting personalities.

Takuo Matsumoto, of Hiroshima, Japan, one of the speakers at the conference, described to the students in the Friday morning chapel service the atom bombing of his native city where he was chief administrative officer of a Methodist Girls' School. The bombing annihilated his school, killed his wife and many of his students, and gravely wounded his daughter.

Walter H. Judd, former medical missionary to China and recently re-elected congressman in Minnesota, delivered a lecture on the regular College lecture-music series revealing many interesting facts about the Chinese character and internal conditions in China.

J. S. Hartzler, of Elkhart, and Bishop D. D. Miller, of Middlebury, told in an interesting manner of the meeting in which the first Mennonite missionaries were appointed in Elkhart fifty years ago. Henry F. Garber, president of the Eastern Mennonite Board of Missions and Charities, spoke of the work of his board in Africa.

Dr. Hilda M. Lazarus, director-principal of Vellore Christian Medical College in India, delivered a heartening and informative address on present conditions in Hindustan and Pakistan.

Other speakers were Bishop George J. Lapp 02, veteran retired India missionary; Pyarelal L. Malagar 49, native Indian now studying at Goshen; Mr. and Mrs. Daniel W. Miller 45 (Eunice Litwiller 47), under appointment to South America; and also the following Goshen College students: Wyman Sundheimer 49, of Walnut Creek, Ohio; Eugene Schulz 49, La Junta, Colorado; Ralph 48 and Albert Buckwalter 48, of Hesston, Kansas; and Ray Bair 48, of North Lima, Ohio.

Graber, present secretary of the Mennonite Board of Missions and Charities, also appeared on the program. The last two, with President Ernest E. On Monday following the conference, Henry Garber and Joseph D. Graber remained on the campus to interview students interested in mission work. The Eastern Board is especially desirous of securing volunteers for Ethiopia.

Alton Horst x48, director of the Polish relief project, wrote that October was "one of the most 'rugged' months of my relief experience . . . setting up housekeeping and business on a postwar battlefield . . . eight of us are living at four different places. The needs in this area are great, as are the needs in all battlegrounds. . . . Despite all the destruction, Polish welfare officials have begun good work in their field but the help that we will be able to give will be much appreciated . . . . Food distributions have been well established in schools and feeding centers, and medical clinics of the area. . . ."

The M.C.C. recently announced several changes in relief and personnel service. Mary Byler 45, of West Liberty, Ohio, and Howard Blosser 39, of Columbiana, Ohio, left on October 8 for their second terms of relief service in Europe. Mr. and Mrs. J. Lawrence Burkholder 39 (Harriet Lapp 37) cabled from Shanghai early in December: "Harriet, children, myself evacuating on U.S.N. General Butner. Expecting to arrive San Francisco December 23." The Burkholders arrived earlier than expected, reaching San Francisco on December 13. The new mission unit is still in Hochwan where they are one thousand miles from the zone of hostilities. There is some political tension and much economic confusion, but no indications that they may be forced to leave China in the near future. In Shanghai it is different. Martial law, food riots, evacuation of American nationals, and such disturbances, are upsetting the status quo in the extreme. Passage to Shanghai for Mr. and Mrs. Clayton Beyler 43 (Gladys Graber 45) and child has been canceled.

Mr. and Mrs. Oliver G. Stucky (Mary Ellen Miller R.N. x46) who were married October 12, 1947, left on October 1, 1948, for La Plata, Puerto Rico to do relief work under the Mennonite Central Committee. They are now living in Indianapolis and Mr. Sunthimer is principal of the Otis E. Brown School. The Sunthimers have three daughters: Mary, now a teacher in the Indianapolis schools; Charlene, a nurse, who was married Christmas eve; and Maxine, a bookkeeper in Indianapolis, who was married on January 14.

J. Lawrence Burkholder (Harriet Lapp 36, Th.B. 38), relief worker in China, under date of November 8, wrote: "There is undoubtedly more suffering in China today than at any period since I have been here. . . . The new government currency is not holding . . . . Prices have gone up at an accelerated rate . . . . My present salary will buy little more than one bushel of rice per month. . . . But no stocks are available."

Mr. and Mrs. S. Paul Miller 38 (Vesta Nafziger 38) and children left New York by special boat for Halifax, Nova Scotia, on the evening of November 14. Their boat, the S.S. "Mauretania," sailed from Halifax for India on November 16 because of the east coast shipping strike.

Mr. and Mrs. John E. Lehman 39 (Margaret Swope x44), formerly of North Lima, Ohio, new workers in the Nazareth, Ethiopia, project, wrote in their October report: "One morning in the clinic there were 204 patients examined and treated. We believe this is a record for patients on any one day.

"On October 15 Brother and Sister J. R. Clemens and Ada Showalter left Ethiopia. When we arrived here there were nine unit members planning to return to America. The Clemens and Ada Showalter were the last of the group to leave. It was with some feelings that we watched their plane leave the runway and head into the morning sun. . . . We trust with God's help to carry on 'In the Name of Christ.'

"The other day one of the workers came in stating, 'There is a man out here without a head.' Upon investigation the doctor found a man in a drunken stupor. We discovered that the natives use the above expression when someone is drunk or acts foolishly. I guess the expression describes the condition quite well."

Twenty graduate nurses and five student nurses gathered in the home of Dr. and Mrs. Melvin Glick in Eureka, Illinois, for a meeting of the Illinois Mennonite Nurses' Association on November 11. Lena Graber, R.N., 42, returned missionary from India, spoke at the meeting. Emery Eigsti x23, of Wayland, Iowa, is the owner of the field in which the Funk Brothers Seed Company has claimed a world's record corn yield of 224 bushels per acre. The harvest was obtained with a planting of the firm's new type "G" hybrid. The highest previous yield known by the U.S. Department of Agriculture, was 194 bushels an acre raised on experimental farms of the department. Mr. Eigsti planted the corn in double rows twenty inches apart. The five-acre field was planted in a definite effort to establish a new record. Mr. Eigsti says that plenty of moisture had much to do with the success of the experiment.

Construction of Auditorium-Gymnasium Delayed

Lack of Funds Prevents Completion by September

Although J. Gordon Jackson, construction engineer, has been pushing construction along as fast as funds are available, and although one no longer needs to exercise his imagination quite so vigorously to envision the appearance of the completed building, it has become evident during the past few weeks that on account of lack of funds the auditorium-gymnasium cannot be used for the lecture-music series during the coming year. This means too, of course, that the gymnasium will not be ready for use.

President Miller and the building committee have decided that those parts of the building that can be completed with the available funds will be finished and put to use at the earliest possible date. The building committee does not consider it sound policy to borrow money to complete construction. It is only as the friends of Goshen College and of Christian education are able and willing to make further sacrificial donations that the entire building can be ready to supply the needs that exist right now.

Certain minor parts of the building can be completed with the funds already on hand. The north wing probably will be ready for occupancy before commencement. This includes the bookstore, post office, and snack shop. It is possible that the adjoining social room for students also can be completed by that time. The actual moving into the building may not take place before the close of the second semester so as not to disrupt the educational program.

From the article on pages eight and nine, alumni will readily see that the utmost in sacrifice and interest is necessary to see the building to early completion. There may still be time to raise enough money to complete the building by the next annual Home-Coming in November, but it will require liberal and generous donations from many who have not already contributed.

The city of Goshen and Elkhart County have gone over the top in cash and pledges, but some of this money is not immediately available. Alumni have contributed $21,778.44 since the beginning of the current fiscal year, September 1, 1948. This is exclusive of the amount raised by students in the work drive. The total number of contributors to date is 632. During the fiscal year, September 1, 1947, to August 31, 1948, 1,004 alumni contributed $34,123.51. This, however, included the $6,200 contributed by students and faculty in the 1948 October work drive. Therefore both in number of contributors and in amount contributed, this year's alumni campaign is ahead of the same date last year.

But our goal for the present year is $45,000. There is still time to reach that goal if those alumni who have not contributed this year do so soon, and if a few who can afford to do so, will make a second contribution during the current year. Approximately 3,500 alumni have never contributed to the alumni financial program, and of the 1,004 who contributed last year, 719 have not yet contributed during the current fiscal year. It should not be difficult for approximately 4,000 alumni to raise $23,000 to reach the goal of $45,000 during the remaining six months of the present fiscal year.

Following is a list of alumni who have contributed to the 1948-49 building fund between September 1, 1948, and February 15, 1949. Names of all contributing alumni are included—those who have sent their contributions directly to the Alumni Office; those who contributed in the student drive in October; those who made their contributions through the field secretary, I. E. Burkhart; those who have mailed their contributions directly to the college, either to President Miller or to the Business Office; and those who contributed in the Goshen City-Elkhart County campaign.

It is possible that there are omissions or that contributors have been listed in the wrong class. So far the editor has not been able to print a "perfect list." He will appreciate corrections and additions. These names will be reprinted in September when the annual list of contributors appears in the NEWS-LETTER.

Graduates naturally are listed in the class with which they first graduated. Nongraduates are listed in the class with which they would have graduated if they had completed their course. Winter Bible School students, Summer School students, and special and part-time students are listed in the first year of their attendance at Goshen College. Present students who had been enrolled at an earlier date, dropped out, and later returned to continue their college work, are listed as alumni.

A few non-alumni faculty members and members of the administrative and secretarial staffs are listed separately.

HELP SELECT "ALUMNUS OF THE YEAR"

At a recent meeting of the Board of Directors of the Alumni Association of Goshen College, the Board instructed the editor of the NEWS-LETTER to include in the March number a request for nominations for "Alumnus of the Year." It is the policy of the Board of Directors to honor one or more alumni each year for outstanding achievement or service in one or more fields.

Last year the Association honored Orie O. Miller 15 for his service in the general activities of the Mennonite Church, the Mennonite Board of Education, and the Mennonite Central Committee as well as for his achievements in the field of practical economics and his business relations. Alumni who were present at the annual banquet last June will recall that the President of the Association asked for nominations for "Alumnus of the Year" for 1949. The vote was not large enough to be representative. For that reason, the Board earnestly requests that alumni send in nominations between now and May 1.

Nominations may be mailed either to C. P. Martin, President of the Alumni Association of Goshen College, 1201 Prairie Street, Elkhart, Indiana, or to the Alumni Office of Goshen College.

COLLEGE INSTRUCTOR HONORED

On February 5, at the annual business meeting of the Rural Life Association held at Quaker Hill, Indiana, Dr. Alta Schrock, professor of biology at Goshen College, was elected to the Board of Directors of the Association. The Board of Directors of thirty-five persons, most of them actively engaged in farming, meet quarterly. The Rural Life Association, set up in April, 1943, "to restore the rural values inherent in the three peace churches—Brethren, Friends, and Mennonite"—maintains an office at Quaker Hill. Professor Guy F. Hershberger, of the College faculty, also is an active member of the Rural Life Association.

RESUMES TEACHING OF VOICE

B. Frank Hartzler 29, on account of the slow recovery of Professor Walter E. Yoder 33, who at the advice of his physician was forced to discontinue his teaching at the College during the first semester, was invited by President Ernest E. Miller to return to Goshen College from Europe to take up some of Professor Yoder's duties.

Since arriving on the campus, he has been very busy with a full schedule of voice students and some classwork. He has been in demand also as a speaker on various phases of relief and reconstruction work. His interesting presentation and droll humor make him a popular speaker.

MENNONITE HISTORICAL SOCIETY

Since the return from Europe of the president of the Mennonite Historical Society, the Society has enjoyed a period of increased activity. On March 3, the third public meeting of the Society for the year, the members featured an exhibit of recent purchases in Europe. Included among these books is a unique collection of martyr books from Holland, 1560-1600. On exhibit were also some twenty articles of Mennonite costume from the past one hundred years in America including items contributed by Mennonites of Swiss and Russian extraction.

The Society recently acquired a rare color print of Swiss Mennonite costume of 1810, a new picture of Menno Simons, and some Pennsylvania Dutch manuscripts and hand-written songbooks. At a recent meeting of the Board of Directors of the Society, it was decided to subsidize the printing of the sixteenth-century **Taueferakten**, Anabaptist documents from European archives in the Grand Duchy of Hess, the Rhenish Palatinate, Alsace, and Switzerland. The Society also set aside a sum for the purchase of additional European Mennonite historical material when Dean Bender returns to Europe for the summer.

COLLEGE ANNOUNCES NEW SERVICE

An Education Workshop for Christian Teachers will be held on the campus of Goshen College from June 7 to 17, 1949. Participation in the workshop will carry two semester hours of regular college credit. However, if the participator wishes, he may enroll for three semester hours and remain until June 24.

The workshop will be concerned primarily with the role of the Christian teacher in the public school and in the church-supported school. Group consideration of practical problems confronting workshop participation will be a leading feature of the workshop.

The probable areas of concentration in the workshop will include (1) guidance and counseling, (2) administration, (3) special education, (4) community relations, (5) adult education, (6) special secondary education problems, (7) curriculum, and (8) instructional methods.

Staff personnel will include some of the regular members of the Goshen College faculty, as well as a few visiting staff members. In addition to the staff personnel there will be several "big name" speakers. One of the high lights of the workshop will be a series of addresses by the Reverend Mark Fakkema, Educational Director of the National Association of Church Schools, at Chicago.

Christian teachers who wish additional information regarding this unparalleled opportunity for the study of education from the Christian viewpoint may write to Professor Karl L. Massanari, Ed.D., director, Education Workshop for Christian Teachers, Goshen College, Goshen, Indiana.

BIBLE STUDY CORRESPONDENCE DEPARTMENT

Bishop George J. Lapp 02, M.R.E., B.D., Director of the Correspondence Department of the Goshen College Biblical Seminary, has taken this integral part of the College beyond the experimental stage. One hundred and forty-four students have registered in the six courses being offered, and forty-four have completed the work for credit.

The correspondence department offers six courses including Life of Christ, Gospel of John, First Corinthians, Old Testament Studies, New Testament Studies, and Missions. Additional courses are in preparation.

The purpose of the department is manifold: (a) to offer systematic home Bible study for personal spiritual benefit, (b) to aid church, Sunday-school, and young people's activities workers to become more efficient in their service, (c) to help ministers become more effective servants of the church, (d) to enable those who can qualify and who cannot attend our church colleges, to obtain credit toward a college degree. The work consists of recitation papers and a final examination. Certificates of credit or efficiency are awarded to all credit or non-credit correspondence students who successfully pass their examinations. Many residents of Goshen and the surrounding community are taking advantage of these offerings to do college work at home.

The instruction follows the latest and most generally approved practices for study by correspondence and is well adapted for either group or individual study. The director keeps in close touch with each student and gives all possible help in solving problems and answering questions that arise in the minds of students.

The director has prepared bulletins giving full instructions regarding courses of study and registration. These bulletins may be obtained by addressing the director at his home address, 1803 South Main Street, Goshen, Indiana, just across the street from the campus.

"Y" OFFICERS FOR 1949-50

The annual election of "Y" officers held during the first week of March resulted as follows: Y.P.C.A. President, Robert Harnish, of Eureka, Illinois; Y.P.C.A. ACCEPT RESPONSIBILITY FOR NURSING EDUCATION

At the recent meeting of the Mennonite Board of Education in Elkhart by joint action of the Board of Missions and Charities and the Mennonite Board of Education, the responsibility for nursing education in the Mennonite Church has been transferred to the Board of Education. This responsibility includes the La Junta School of Nursing, the projected nursing education program at Goshen College, and any further plans for expanded nurses' training.

The Board plans to institute at Goshen College a program modeled after the latest pattern of nursing education. The new collegiate type of program is gaining favor over the old apprenticeship system.

The Mennonite Board of Education is entering into a discussion of a proposal for the inauguration of a new program of nursing education with the Elkhart Hospital. The Board hopes that a beginning class will be ready to enter the new program this fall. For the past several years the College has been offering courses in anticipation of such a program. President Miller spent the first week in March at La Junta and Hesston in connection with the transfer of the school of nursing from the Mennonite Board of Missions and Charities to the Mennonite Board of Education.

POPULATION SURVEY

As stated in one of the recent issues of the NEWS-LETTER, the Alumni Office is co-operating with the Population Reference Bureau conducted by Dr. Clarence J. Gamble to determine the size of families of college graduates.

The Bureau conducts a comparative study each year of the ten and twenty-five anniversary classes. For the purposes of this survey, the Alumni Office was instructed to secure statistics on the class of 1923 and 1939. The results are interesting.

Of the seventeen men graduates in the class of 1923, the addresses of fifteen are known and reports were sent in or secured on the entire number. All the men whose addresses are known are married. The eleven who reported at least one child have a total of thirty-seven children. The largest number of children reported by a member of the class of 1923 was seven.

Of the ten women in the class of 1923, the addresses of eight are known. Five of these eight are married and only two reported at least one child. The total number of children reported as born to the women of this graduating class is four.

Of the twenty-five men of the class of 1939, reports were secured on twenty-four. Twenty-two are married and of these, twelve reported at least one child. The total number of children is twenty-four.

Of the forty-seven women graduates of the class of 1939, fourteen are single. Of the twenty-nine married women graduates whose addresses are known, the Alumni Office secured reports on twenty-six. Twenty-one of these reported at least one child, and the total number of children reported was forty-two.

The editor hopes that it will be possible, at a later date, to print the intercollegiate comparison which the Population Reference Bureau has promised to supply to co-operating institutions. The editor extends cordial thanks to all those who have replied to the questionnaire and also to those who have helped to supply missing information.

Manasseh Bontreger w37, of the Clinton Frame congregation east of Goshen, was ordained on Sunday, February 27, at the Optimus Church near Culp, Arkansas. Mr. and Mrs. Bontreger moved to Calico Rock last December to devote their service to the new church in that district.

Mr. and Mrs. Bauer (Evelyn Showalter 47) sailed for India on March 21 from New York on the Isbrandtsan line. They spent a few days on the Goshen College campus in late February on their way east. The Foreign Missions Fellowship sponsored a special farewell service for the Bauers and Lena Graber, R.N., 42 on February 22. Before their marriage last summer, Mrs. Bauer taught in the Johnstown Parochial School. She is a home economics major.

RECENT FORENSIC EVENTS

George Mark, of Naubinway, Michigan, won first place in the Annual Freshman Men's Discussion Contest on February 18. The judges placed Virgil Brenneman, of Kalona, Iowa, second; David Hostetler, of North Lawrence, Ohio, third; and Herman Ropp, of Kalona, Iowa, fourth. This contest is sponsored by Waldo Thut Stalter 29 who annually awards $10 in prizes distributed four, three, two, and one. On the preceding Friday, Harold Yoder 50, Columbiana, Ohio, and Emma Sommers 49 participated at the Inter-State (Old Line) Oratorical Contest at Franklin College. Both made a creditable showing but did not win the medal.

On the same week end, Miss Elaine Sommers 46, instructor in English and speech, accompanied eight debaters to the Novice Debate Tournament at Purdue; and Professor Roy Umble accompanied the varsity debaters to the Debate Tournament at Northwestern University. Albert Meyer 50 and Willard Krabill 49, debating on the negative of the national college question, won the decision in all five of their debates. The two other varsity debaters taking part in the tournament were Art Moser 49, of Goshen, and Ernest Martin 50, of Columbiana, Ohio.

MENNONITES RETURN TO UNION COUNTY, PENNSYLVANIA

A number of Mennonite families have purchased farms in Buffalo Valley, Union County, Pennsylvania, where settlers from Lancaster, Mifflin, and Snyder counties started a strong Amish settlement nearly 120 years ago. Most of the members moved away between 1880 and 1890, leaving no marks of their former residence there except three small cemeteries. The new group has leased for ten years a well-preserved Presbyterian church at Buffalo Crossroads. Services are to begin in April. Many Goshen College alumni are descendants from the stalwart pioneers of the extinct Union County settlement. M. S. Stoltzfus, of rural route one, Cochranville, Pennsylvania, a great-grandson of Deacon Christian Stoltzfus, one of the founders of the Amish settlement in the 1830's, is interested in the new congregation.

Progress on the Auditorium-Gymnasium

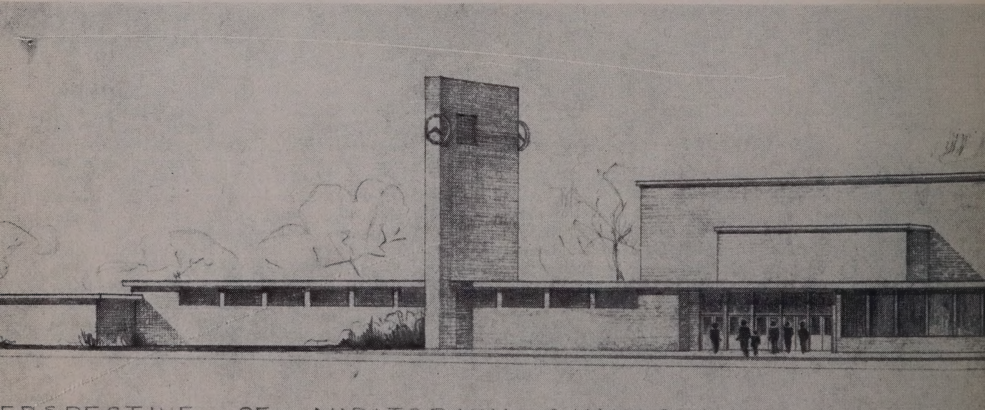
Although the workmen have made excellent progress on the construction of the auditorium-gymnasium right through the winter months, a certain amount of gloom entered the picture this spring because insufficient funds were on hand to complete the building before the September opening of school.

With the large student body, post-office space is utterly inadequate. The only place to leave parcel-post packages is in the open basement corridor of the administration building. In the physical education department there are not nearly enough showers, and as many as four individuals must use one locker for their clothes. On certain days the physical education classes run from eight o'clock in the morning until ten-thirty at night in order that the minimum requirements can be met. The social rooms in the various dormitories met only a fraction of the need, and what space had been devoted to a student center in the administration building needed to be set aside for offices for the personnel officials.

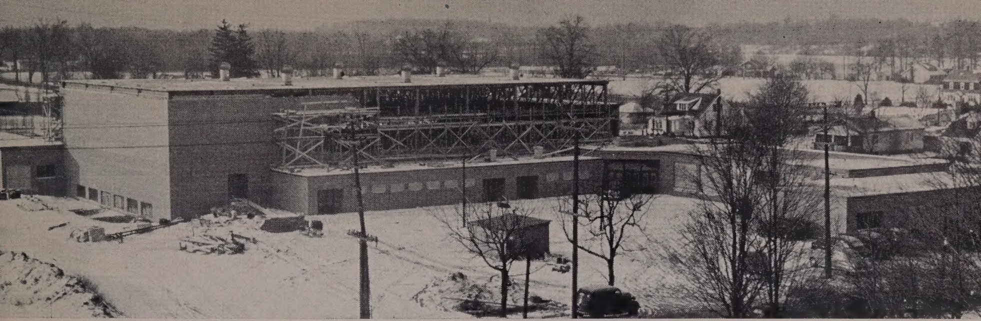
As had been stated many times within recent months, classrooms are overcrowded and some classes must be moved from room to room on different days on account of the crowded schedule. On any special occasion on the campus such as Men's Fellowship and gatherings of that kind, students are pushed out of the dining hall or their hours for meal service are seriously disrupted.

As many in the church know, the committees planning for the 1949 Mennonite General Conference are having so much difficulty in finding a place to hold the conference that the Executive Committee is considering holding a delegates' session. If the auditorium-gymnasium were finished, the building could be used for this purpose, and it would be entirely adequate for holding the conference and for the accommodation of overflow public gatherings.

The building is being built not only for future needs, but every square foot of floor space, every cubic foot of the building, is urgently needed now. The building committee and the construction engineer are making every possible saving, but sufficient money simply is not available for completing the building by September. Early in February, the construction engineer asked the building committee for $70,000 at once in order to purchase certain strategic materials to complete the building by early fall. The building committee, however, could set aside for these purposes only $25,000. This means further delay, further postponement of the completion date, all in face of the most urgent need.



ERSPECTIVE OF AUDITORIUM-GYMNASIUM



Status of Construction on March First

By early purchase of most of the basic materials—structural steel, cement, bricks, blocks, copper tubing and fitting for the plumbing and heating—the committee has saved many thousands of dollars. In fact, economy and sturdiness of construction have governed all the planning and building. Several people who are informed on the costs of building under present conditions have expressed surprise that a project of this quality and size was being constructed for so low a figure.

It is interesting to observe the construction of the building. The construction engineer has temporarily set up an office in the eastern part of the north wing where the bookstore will be located. In the middle of February certain visitors were much impressed with the skill and accuracy of the workmen. In the basement of the north wing, plumbers and electricians were making a number of installations. In the part of the building connecting the north wing with the main auditorium another group of workmen were doing mason work. In the recording room above the corridor at the west end, four brick masons were laying up the wall separating the recording room from the auditorium-gymnasium.

In the south wing, another group of workmen were laying the reinforcing steel for the ten-inch-thick floor of the second story of the shower rooms. This entire building, fireproof throughout, a massive structure of steel, concrete, and brick, will serve the children, the grandchildren, and the great-grandchildren of this present generation.

Strict economy, wise planning, and solid construction are going into every part of the building. It could be finished by September if funds were available. It is only as sacrificial gifts, more and more sacrificial gifts, come in, that the project can move toward the final goal.

CLASS LETTERS

Items from the 1944 Class Letter

Most of these letters were written in October and November. The class secretary, Melva Kauffman, of Hesston College, announced that the next letter would be prepared next spring.

Mr. and Mrs. Weyburn Groff (Thelma Miller), Sihawa, Dhamtari, C.P., India: "We are stationed at the above address which is about 45 miles from Dhamtari, the central station. We have three primary schools here but most of our work is directly evangelistic. There are four Bible women and one evangelist (man) with whom and through whom we do most of our work. . . . Thelma goes with the Bible women when she can . . . . Florence Nafziger takes care of the dispensary. She often has twenty-five to thirty patients a day. . . . Feelings of national pride have affected some of our work, but in general, those who have been here longer say that the attitude is better than it used to be. In our area there is a certain group at work establishing schools but in their program it is clear that they are trying to destroy the mission schools."

Mrs. Roy Byler (Ruby Fisher), West Liberty, Ohio: "Past summer was a very busy one on the farm. . . . Garden did well . . . . I canned and froze a lot of food . . . . Corn crop is very good this year, too."

Mr. and Mrs. Earl Lehman (Areta Graber), 1907 South Union, Chicago 16, Illinois: "A new addition to our Home Mission family are the Elvin Snyders. Brother Snyder is the present pastor of the Mexican Mission; so their family is living upstairs . . . . All well and happy in our work here."

Mr. and Mrs. Lee Kanagy (Adella Brunk), Goshen: "Very interesting summer. During July and August Lee was attending the Institute of Pastoral Care, at Massachusetts General Hospital, in Boston. The course included counseling of patients in the hospital. I took care of some of their physical needs by working as staff nurse on one of the medical wards of Massachusetts General. We both felt that our summer's experiences were very profitable . . . . Lee is a senior in college . . . . I am working as office nurse for Dr. John DeFries, in New Paris."

Wilma Roeschley, Dwight, Illinois: "Teaching in Dwight. Since September 1 driving a new car.... This summer another teacher and I spent five weeks in school at the University of Colorado at Boulder. We drove out in a car and had a wonderful time week ends. We spent one week end at Yellowstone and another one at Rocky Mountain Park with Doris Beller Dick and her husband who were vacationing there. It was a lovely summer but much too short."

L. Glen Yoder, Culp, Arkansas: "Life at Culp never gets monotonous even though we are far away from any metropolis, especially since Philip came to live with us. . . . Meryl Grasse visited us during the past summer. He was considering taking up practice in this area after he comes back from his services in Ethiopia."

Ralph Lehman, Churchville, New York: "I'm a first-year secondary school teacher at Churchville High School, Churchville, New York. . . . Biology, chemistry, physics, general science (two sections), sponsorship of the camera club and the school safety patrol summarize my school responsibilities. This is probably a typical teaching load in a small 475 student school."

Mrs. Don McCammon (Dorothy Snapp): "People here were certainly bowled over at the election—I guess you were too. One of the prize stories is on a friend of ours who is in charge of Oberlin-in-China here. He has been working for three weeks on a talk to be given in Chinese the day after the election. Its title: 'Why Dewey Won the Election.' The poor fellow just had to cancel his engagement! ... We are tremendously challenged by every kind of need as we move into our new field. And we are keenly aware of our limitations, but just as conscious of our resources through Christ."

Mervin Hostetler, Scalp Level, Pennsylvania: "On July 9 Fern (Yoder) and I were married and settled in Scalp Level where the new bride resumed schoolteaching at the same place she practiced this art of pedagogy several years previous. . . . The National Radiator Company in Johnstown pays me. They manufacture home heating equipment and I do some of their research work for them so that they can make better boilers for more healthful, happy living."

Mrs. Eber Martin (Della Lapp), Columbiana, Ohio: "In July we moved into a furnished five-room house, completely modernized, belonging to John Lehman's who are serving as relief workers for two years in Ethiopia. . . . Eber is employed at the North Lima School.... I am working, too, teaching a third-grade room at Fairfield school . . . thirty-six very much-alive boys and girls."

Mr. and Mrs. Wilfred Ulrich (Betty Stutzman), Peoria, Illinois: "Our biggest news is the arrival of our David Lee . . . November 11. . . . Our vacation during the past summer amounted to exactly one week when we went to Nebraska for the Yoder family reunion on my grandmother's ninetieth birthday. It was the first time in forty-three years that the entire family was together at one time."

Marie Kaufman, Culp, Arkansas: "With the opening of the school year in September I again found myself at Culp teaching the upper four grades. As usual we had only about half of our students during the pupils, all very southern. . . . Kenneth, sophomore in Medical College of Virginia, pretty deep in his books most of the time."

Mrs. Lloyd Frantz (Helen Rohrer): "Now living on the Dwight Ehret farm west of Goshen. Lloyd still working in the laboratory at Ball Band. Wonderful to have a whole house all to ourselves . . . large garden and truck patch."

Elsie White: "In Portland, Oregon, working in the hospital connected with the University of Oregon Medical School."

Earl R. Leinbach: "Now located in Indianapolis . . . sophomore in I.U. School of Medicine. . . . Attend Bean Blossom Mennonite Mission forty-five miles south . . . teaching young people's class."

Mrs. David Shank (Wilma Hollopeter): "Happily settled in a three-room apartment one block north of the College on Eighth Street. . . . Dave first-year student in the Seminary. . . . I'm teaching second grade at Waterford."

Ruth Carper, Oyster Point, Virginia: "The clatter of the night-shift linotypists is going on behind me. This place shakes and quakes with business. . . . I'm at Scottdale for two weeks—working on getting Kindergarten I Sunday-school teachers' book and things ready at last for printing and on finishing some summer Bible school drawings. . . . Doing some Mennonite Community work on the side. . . . Hope to be working for the Mennonite Central Committee in Europe by spring. . . . Must also add that Winnie's baby is a honey in case she doesn't tell you."

Avanelle Perry: "Third year teaching at Wakarusa . . . fifth grade . . . forty-four children . . . teaching the same children I taught in the second grade when I finished out the year for Mrs. Weyburn Groff (Thelma Miller)."

Professor Glen Miller (Sponsor): "I trust many of you listen in each Tuesday evening at 7:30 to the 'Voice of Goshen College' over WTRC. . . . Walter Yoder has been out for several weeks with a bad heart. Hard on his morale . . . always has been so active."

Mrs. Paul Hertzler (Carolyn Weaver): " Full-time secretary for Dean Kreider . . . direct the Choral Society . . . and try to keep up my own practicing besides keeping house. . . . This year the choruses will raise money to decorate and furnish rooms for the Music Department under the stage of the new auditorium-gymnasium. This will include voice studios, recording and listening rooms, classrooms, etc. . . . About $5,000 is needed."

Alice Grace Hostetter: "Teaching at Grantham again. . . . Last summer spent six of my vacation weeks at Temple University . . . such a contrast to the summer I spent at Goshen—no inviting campus with lovely trees, no country air—just hot city streets."

Dorothy Powell: "Back in the same school where I first started teaching—Pleasant Lake, Indiana. . . . Third year for Leda and me here. . . . Seven weeks of my summer vacation spent on a most enjoyable trip to California . . . three of us girls went by car."

Ruby Hostetler: "Having a happy school year. . . . Four of my eager twenty-six second graders are colored—and dear. . . . Isn't it grand to be able to render Christian service in any vocation?"

Ada Schrock: "Tutoring a girl in the second grade because she can't go to school on account of a nervous condition. . . . Teaching in Salisbury—Elk Lick Junior-Senior High . . . English and Latin I. . . . Excellent Bible Conference here at Springs with Harvey Shank and J. C. Wenger as speakers. . . . Summer spent in an M.C.C. service unit at Skillman, New Jersey, at the Village for Epileptics. Eighteen of us, some six different church denominations and five different colleges."

William N. Wenger: "In sunny California teaching music at Beulah College (Upland), one of our church schools. . . . Voice, Choral, and History and Appreciation . . . completing my thesis for my B.D. degree."

Royal Bauer: "What a great amount of work there is to do to prepare for foreign mission work. . . . Leaving Peoria . . . moving to Pennsylvania to Evelyn's home until we sail in early March. . . . Want to be in India about the time language school starts in May with a short stay in the Central Provinces first."

Ethel Yake: "One of the most indescribable experiences I have had was listening to De Sabata conduct the Pittsburgh symphony in an all-Wagner program . . . his second appearance in America . . . took Pittsburgh by storm."

Esther Eash: "Began teaching the first three grades at Johnstown Mennonite School. Each year becomes more enjoyable. . . . Most important event since my last letter, engaged to Henry Yoder, teacher here at our school. Wedding about June 10. . . . Last week end four of us teachers went to E.M.C. with 48 of the students. Every grade from one to twelve was represented. Saturday night we gave a program."

Mrs. Milford Paul (Winifred Erb): "On Thursday evening our congregation is having a special meeting to study the question of the two mission stations here. Work both places is progressing so that buildings are needed. We now use school buildings on Sunday morning. . . . I did the typing for these letters; so don't blame Cass or Ethel for errors."

Leda Litwiller, Pleasant Lake, Indiana: "Especially enjoy the music both in the grades and in the high school. About seventy mixed chorus. This year organized sophomore boys' quartet. . . . Last summer worked part time in a grocery store in Morton."

Richard S. Reilly, Rangadih P.O., Manbhum District, Bihar, India (Was received too late for inclusion in the last letter): "Wonderful trip over on the R.M.S. 'Queen Elizabeth' to England. To tell of our three days in England would take pages. . . . I don't think we will ever get accustomed to the difference between the East and West. . . . You all know the world reaction to Gandhi's death; here in India everything stopped for two days and all social activities ceased for thirteen days. Here is a more typical case of death in India. A beggar woman died on our hospital dispensary steps one evening, and the next day some sweeper men carried her off. We forgot about it until one day I went to get the children who went to a rice field close by. When I approached them Stanley (our four-year-old boy) came running up excitedly showing me something in his hand. Just then one of the other missionaries' children said, 'Look, Uncle Dick, at this big thing we found,' with a sense of great discovery. I looked and saw a human skull with two teeth missing. Stanley had helped himself to two. Evidently they had just thrown the body of the beggar woman into the field and the jackals and vultures cleaned the bones."

Catherine Hernley: "Most recent accomplishment, acquired a driver's license . . . father, sister, brother, and I purchased secondhand 1949 Ford . . . trip to Boston the beginning of October . . . trip to Goshen and Elkhart the beginning of November. Surprised to find so many familiar faces on the G.C. campus during regular session. . . . Must stop and help Ethel run off the stencils which Winifred has so kindly cut. . . . To those of you who have not written, sending you this copy with an invitation to send a contribution for the spring letter."

These days on the station are days of orientation for the beginner. I have four hours of language study daily. . . . The opportunity for service is tremendous and were it not for His enabling power one would be discouraged at the outset. . . . It takes love, patience, endurance, understanding, grace, and love to do the work He has entrusted to us."

Another daughter, Beulah Litwiller 44, is teaching in Puerto Rico. Mr. and Mrs. Daniel Miller (Eunice Litwiller 47) are attending language school in Colombia, South America, and expect to join the Argentine missionaries later this year. The February 24 issue of the "Budget," a Tuscarawas, Ohio, County newspaper, contains the second installment of a letter written by Ralph Gerber 45, pastor of the Presbyterian Church at O'Neill, Nebraska, in which he describes blizzard conditions in that section. Two of his parishioners had frozen to death in the blizzard and the date for the funeral had been set. On the way to the funeral he met the undertaker coming back with the hearse and the report that the roads were blocked. Reverend Gerber replied that this pastor keeps his appointments and persuaded the undertaker to turn around. Using his Chevy as a snowplow, he bucked the snowdrifts and succeeded in making twenty-five miles in three hours. In the meantime the funeral had been postponed to the following day. Let us let Reverend Gerber tell the story from now on: "By the time I arrived at Chambers my clean white shirt looked like a dishrag and my suit like a sack. After drying out in the hardware store and getting a snack to eat . . . I made myself presentable by buying a new shirt at the store and borrowing Mrs. Adams' iron and ironing board to press my suit." The double funeral was held the next day and burial was made, one casket at a time, in the cemetery a half mile away.

President of the Alumni Association Appeals for Funds

More Money Needed Now to Avoid Delay in Completing Auditorium-Gymnasium

Would we could name the Alumnus who gave $100,000 to the Auditorium-Gymnasium Fund the "Alumnus of the Year." Unfortunately we do not have such an Alumnus. We will therefore welcome your nominations for this high honor along with your reasons for the selection you offer.

We have had some liberal gifts to this fund during the past year for which we are grateful. We still need more this year and again next year. As I helped with the local Elkhart County drive to raise money among the citizens of Elkhart County, I was much impressed by the number of people who were supporting some college, mainly the college they attended or their children attended.

This made me think how very dependent colleges are on their alumni. One of these individuals had a program for donations to his college and the college his wife attended that covered three years for very substantial sums. For that reason they could not help us except with their good wishes.

Since other colleges are calling for, and are getting such substantial support from their alumni it made me think we Alumni should expect to be asked to carry more and more of the financial load of our College. Before September 1, 1949, our College needs substantial donations to pay for labor to install materials and equipment which has been contracted for, and for which money has been reserved for payment.

From what we can see now it looks very possible that it will take at least $100,000 next year to complete this Auditorium-Gymnasium. Some orders for equipment and materials have been delayed until money for payment is in sight. Plans for completion of the main Auditorium are being delayed until money is in sight for payment of the cost.

None of us want this building program delayed unduly. So we are challenged as we have never been challenged before to think seriously of the need at Goshen College and urged to contribute more liberally than ever before toward completion of this project.

Every gift is appreciated regardless of the size, but it will take a lot of large gifts along with the small ones to finish our task. It will take one hundred and fifty gifts of $1,000 each to raise the $150,000 needed yet to finish this project. Of this, $50,000 should be raised yet this year and the balance next year.

As President of your Alumni Association whose term is about to expire I beseech, on behalf of our Alma Mater, your wholehearted interest and support that our Alma Mater may not be embarrassed by delays caused through lack of finances. President Miller, the faculty, and the Board of Education gave this project first priority because it will serve Goshen College and the cause of Christian education in so many ways.

1948-49 FINANCIAL CAMPAIGN OF THE ALUMNI ASSOCIATION

In the present issue of the NEWS-LETTER C. P. Martin 27, President of the Alumni Association, points out that additional funds are necessary for completing the Auditorium-Gymnasium. Alumni also have received within the last few days a letter from Dr. Carl M. Hostetler 33, Vice-President of the Association, appealing for immediate generous donations so that construction work on the Auditorium-Gymnasium can proceed without interruption.

Any gifts from Alumni between now and June 1 will be especially appreciated because certain orders for material are being held up for lack of funds. The building committee still has a small reserve on hand but this must be conserved to continue construction so as to keep at least a part of the workmen on the job.

What is now delaying progress on construction is the lack of funds for the payment of materials previously ordered and ready for delivery. Delivery of these materials will require considerable time even after the funds are on hand. This simply means that unless a considerable volume of gifts flow into the treasury of the College within the next month or two the Auditorium-Gymnasium cannot be completed until well along into the next school year. This in turn means that the same cramped conditions that hinder the educational program of the College this year must continue in part into next year.

This is the time for all Alumni, all believers in Christian education, all those who have faith in the educational program of Goshen College, to make unusual sacrifices so that construction can be completed at the earliest possible date.

A large number of Alumni have done exceptionally well this year. The number of gifts of $25 to $1000 is the largest that the Alumni Association has received for Goshen College in its entire history. But as we go to press more than half of last year's 1,004 contributors have not made their contribution for the fiscal year, 1948-49. We are sure that you intend to make your annual gift again this year, but we earnestly ask you to make that gift soon.

Several thousand Alumni who have profited from their contact with Goshen College and her instructors have never contributed to the financial program of the Alumni Association in its endeavor to increase the efficiency and the service of Goshen College. Would not this year of your Alma Mater's great need be the strategic time to make a contribution to Goshen College? Privately supported colleges always need funds, but right now Goshen College is greatly in need of funds to complete the building program if her Christian service to young people is not to suffer.

Every gift, large and small, is greatly appreciated. The College needs hundreds of gifts of $100 and more, but a number of smaller gifts also will aggregate $100. Every gift is appreciated and will be receipted and acknowledged with gratitude.

CLASS REUNIONS

A number of the "five-year" classes are planning reunions during the coming annual commencement season. The Alumni Office will gladly furnish any possible assistance in the way of publicity or local arrangements for such reunions.

Below is a list of the officers who piloted the class through the senior year. It is possible that some of the classes may have effected a permanent organization to serve the class after they became members of the Alumni Association. The lists given below are taken from the Maple Leaf. The Alumni Office has not discovered class organization for any of the five-year classes prior to 1929. Nineteen Forty-nine is the year for reunions for the class of 1904, 1909, 1914, 1919, 1929, 1934, 1939, and 1944. The class of 1924 is the "lost class" that would have graduated during the year that the school was closed.

Lists of Senior class officers, 1929-44:

1929

President—Paul Horsch
Vice-President—Charles Schlitzer
Secretary—Dula Roth (Mrs. Glen Hershberger)
Treasurer—L. J. Martin
Sponsor—H. S. Bender

1934

President—Leland Brenneman
Vice-President—Samuel Swartz
Secretary—Verna Smith (Mrs. George Bishop)
Treasurer—John Williams
Historian—Carolyn Lehman (Mrs. Robert Bender)
Sponsor—John Umble

1939

President—Isaiah Harley
Vice-President—Lawrence Burkholder
Secretary—Bessie Benell (Mrs. Arthur Eigsti)
Treasurer—Elwood Ziegler
Sponsor—Miss Lydia Shenk (Mrs. Charles Shank)

1944

President—Weyburn Groff
Vice-President—Meryl Grasse
Secretary—Norma Hostetler
Treasurer—Glen Yoder
Historian—Dorothy Snapp (Mrs. Don McCammon)
Sponsor—Jacob Sudermann

It should be possible for the class of 1914 to have an interesting reunion. None of the members of this class except Dr. M. C. Lehman is farther from Goshen than Philadelphia or Baltimore. Five of the eleven members of the class live in Goshen.

The Alumni Office will be happy to furnish lists of names and addresses of class members to any officers or other interested members of the class who wish to help assemble their class for a reunion.

Classes should plan to meet on or near the campus for the reunion so as to make a tour of the buildings to see the new improvements and equipment in the Administration Building and in Science Hall and also to inspect the construction of the Auditorium-Gymnasium. Construction on the latter, while not nearly completed, is now far enough advanced so that it is possible to envision the beauty and utility of the completed structure.

A number of places near the campus are available for reunions. Professor and Mrs. John Umble, sponsors of the class of 1934, have invited the members of that class and their families to assemble at their home on 401 College Avenue, directly across from the campus. The College cabin also is available to some class—probably the first class to apply for its use. The same also applies to "Idlewild," the Brunk cabin in southern Michigan, a mile or two north of "Five Pines."

In previous years, most class reunions have assembled at some spot near the campus to eat lunch together. Classes should plan also to attend the annual banquet and reunion in the evening. This year alumni day will be Saturday, June 4.

The College and the Alumni Association put forth every effort to make the visit of an Alumnus to the campus a pleasant social occasion. It is the policy of both the College and the Alumni Association not to solicit a campus visitor for funds. No matter how earnest the plea that goes out to Alumni and other friends for funds to support the institution, when the Alumnus visits the campus he is relieved from embarrassment of being asked for money—except, of course, such small incidental items as dining hall meals and the annual banquet fee.

So plan now to come either as individuals or classes and make the 1949 Commencement a time of happy association for renewing old acquaintanceships and reviving happy memories of your carefree College days. Shall we "be seeing you"? We hope so.

PROGRESS ON THE ALUMNI DIRECTORY

Four hundred and ninety pages of copy containing the names and classification as well as the names of wives and husbands of Goshen College Alumni have now been sent to the printer. The proof for the first one hundred pages of copy has been read.

This list, arranged alphabetically, contains the name of every student who has ever attended Goshen College or who has been enrolled as a correspondence student or in extension courses in C.P.S. camps or in other special classes, such, for instance, as the extension classes being conducted during the past few years at the Mennonite Publishing House.

The Alumni Office is beginning work on the alphabetic list for the Elkhart Institute. This consists of seventy typewritten pages. The class lists for a dozen of the more recent classes have now been typed ready for the printer. Some of these lists are three or four times as long as those of earlier classes. Easter vacation will give the Alumni Office time to work on these lists. It should be possible to complete the preparation of copy for the printer early in the summer. The class lists contain the occupation, the mailing address, and in some cases the home address of each Alumnus. When the present address is unknown the list gives the last known address.

The administration of the College and the Board of Directors of the Alumni Association have not decided definitely how the Directory is to be distributed, but it probably will be mailed free to contributors to the Alumni financial campaign.

DEAN KREIDER REVISES ANNUAL CATALOGUE

The 1949-50 Goshen College catalogue, printed at the Mennonite Publishing House at Scottdale, Pennsylvania, and mailed during the closing days of March, is a new edition of this annual announcement of course offerings and other information about Goshen College. A large part of the catalogue had been reprinted from year to year without much change. Dean Kreider has given the volume a more complete revision than the catalogue has undergone for a considerable number of years. The changed format presents in purple on the front and back covers attractive views of Science Hall and the Memorial Library, and the catalogue contains additional information not included in previous issues.

SABBATICAL LEAVES AND NEW FACULTY MEMBERS

President Miller has announced several changes in the Goshen College faculty for the coming year. Some of the College instructors who have been studying on sabbatical leave will be returning and others will be on sabbatical leave or on leave for further study. Two instructors, J. Harold Smith 31 and Atlee Beechy 35, join the faculty for the first time in September.

The coming in September of Professor J. Harold Smith will strengthen the English section of the division of language, literature, and fine arts by giving that section for the first time in the history of Goshen College two full-time professors in English. Professor Smith was graduated from Goshen College in 1931 and for a number of years was a popular instructor in history at Hesston College. He has spent the past three years at the University of Wisconsin as an assistant in English and has been doing graduate work toward the doctor's degree. He will continue his study in Wisconsin until September.

Mrs. Smith is the former Mildred Risdon 33. Mr. and Mrs. Smith and their four children, Harold, past eleven; Amy, nearly ten; Lynn, three; and Sheldon, born in March of this year, will occupy the Professor Guy Hershberger residence next year.

An important new addition to the Goshen College faculty is Atlee Beechy, M.A., 35 formerly dean of boys at one of the Columbus, Ohio, public schools where President Miller's brother, Wilbur 22, is assistant superintendent of schools in charge of elementary education. For the past two years Professor Beechy has been serving as Director of Relief for the Mennonite Central Committee in Europe. He will succeed Levi C. Hartzler 35 as dean of men. As assistant professor in education, he will teach a course in "Guidance."

Professor Beechy will return from Europe in time to teach a course entitled "Teaching of Social Studies" during the first spring session, May 16 to June 3. He will spend the summer in graduate study at the University of Minnesota and join the faculty in September. Mrs. Beechy is the former Winifred Nelson 38. They have two children, Karen, four, and Judith, nearly a year old.

Dr. Sanford C. Yoder, Professor of Bible and former President of the College, will leave in July or August for Europe and India as a representative of the Mennonite Board of Missions and Charities. Depending on favorable world conditions, he may visit also parts of Lebanon, Palestine, Mesopotamia, the Nile country, and China. Dr. Yoder has been a member of the executive committee of the Mission Board continuously since 1921, first as secretary, 1921-44, then president, 1944-48.

Dr. Silas Hertzler 13, Professor of Education and Psychology, who is absent on leave during the present semester, will return in September to resume his duties as chairman of the Division of Teacher Training. He has been spending his leave of absence in completing a revision of the Hertzler genealogy first published about 1882.

Dr. Guy F. Hershberger, Professor of History and Sociology, will be absent next year on sabbatical leave. Mrs. Hershberger will accompany him and will be in the employ of the M.C.C. Their son, Paul, will make the trip with his father and mother. Professor Hershberger will spend half of his time in the interests of the Peace Section of the Mennonite Central Committee and half in various types of research in England and on the continent.

His duties for the M.C.C. will include research in pacifism both in continental Europe and in England; peace attitudes, interests, and work of European Mennonites; and the legal status of conscientious objectors in Europe. He will attend meetings and conferences of European Mennonites and of European peace groups, non-Mennonite as well as Mennonite. He will devote the remainder of his time as occasion offers and as his work for the M.C.C. will permit, to the study of Mennonite life in Europe and to research in European archives and the British museum.

During Professor Hershberger's absence, Dr. Melvin Gingerich 26, Director of Research for the Mennonite Research Foundation, will teach Professor Hershberger's freshman course in Introduction to Civilization. Professor Gingerich was granted the B.A. degree at Goshen College in 1926, the M.A. at the State University of Iowa in 1930, and the Ph.D. at the same institution in 1938.

In 1939 he published his first book, **Mennonites in Iowa.** His latest book, **Service for Peace,** is now on the press. This volume contains the history of Mennonite Civilian Public Service. He began teaching in the Washington (Iowa) public schools in 1927 and from 1941 to 1947 was professor of history at Bethel College. In addition to his responsibilities as director of research he is managing editor of the **Mennonite Encyclopedia,** now in preparation.

Dr. H. Harold Hartzler, Professor of Mathematics, who has been on leave of absence during the past year teaching mathematics and studying astronomy at the University of Arizona, will return to the campus to resume his service at Goshen College in September.

Bishop Paul Mininger 34, Professor of Practical Theology, a graduate student at the University of Pennsylvania for the past year, will return to the campus to resume teaching in September. Professor Mininger has been doing graduate work toward the Ph.D. degree.

Miss Lois Winey 36, Instructor in Commerce, has been granted a leave of absence to study in New York University next year. She will be doing graduate work toward the master's degree in business education. No interim instructor has been appointed to teach Miss Winey's classes during her absence.

Miss Mildred Witmer 42, Assistant Professor of Education, who has been teaching courses in elementary education during the past year, has been granted a leave for the summer and for the first semester of the year 1949-50. She will leave for Denver, Colorado, to engage in graduate study soon after the close of the present semester.

At the conclusion of the present school year, Miss Elaine Sommers 46, Instructor in English, will be absent from the campus doing graduate work. Immediately after the close of school she will go to Chicago where she will be a member of the experimental service unit "Christian Students in Industry." This unit has been set up by the Mennonite Central Committee under the direction of James Hean, of Bethel College, to gain knowledge and understanding of the industrial system and the problems of workers and management. The unit also will attempt to devise means of interesting the industrial segment of American society in Christianity. In September she will enter graduate school.

Lester Zimmerman 46, Instructor in Chemistry, will spend the coming school year doing graduate work at Purdue. He will specialize in soil chemistry and will continue working toward the master's degree.

Y.P.C.A. SPONSORS NEW EXTENSION WORK

On March 6, at the northeast corner of Plymouth Avenue and Tenth Street, a group of young people representing the Goshen College Y.P.C.A. started a Sunday school. The building is a cement block structure to be used as a restaurant during the week and for a Sunday school and church on Sunday.

The Sunday meeting begins with a brief church service and sermonette followed by Sunday School. The only other meeting is the midweek staff meeting on Wednesday evening. In connection with this meeting the group holds a devotional service and singing intended to be of particular interest to the young people and boys and girls.

Virgil Brenneman 51, formerly of Kalona, Iowa, is superintendent. The assistant superintendent is Chester Raber 50, son of Mr. and Mrs. B. Frank Raber 29 (Clara Jennings x32), of the Detroit Mission. Other members of the staff are Mrs. Virgil Brenneman; Lowell Nissley 50, Paoli, Pennsylvania; Edgar Metzler 52, of Scottdale, Pennsylvania; David Hurst 50, of Columbiana, Ohio; LaVina Kramer 50, Portsmouth, Virginia; and Hilda Carper 50, Oyster Point, Virginia.

This section of the city southeast of Goshen High School has long needed a local point for religious meetings. An attempt by the Y.P.C.A. to open work in that section a few years ago proved unsuccessful because no suitable place could be found for the services.

ORDINATIONS

On January 2 Ivan J. Kauffmann 49 was ordained to the Christian ministry, to serve as pastor of the Hopedale, Illinois congregation. After voting to ordain from their own number, the congregation selected a number of young men by ballot. Of these, on the second ballot, Mr. Kauffmann received the majority of all votes cast. He discontinued his work at Goshen College at the end of the first semester to take up his duties as full time pastor of the congregation. Mrs. Kauffmann is the former Lola Good, who did part time work at the College during the year 1947-48. They have one child.

On Sunday, January 9, Stanley C. Shenk 44, formerly of Biglerville, Pennsylvania, was ordained to the Christian ministry at the South Union Mennonite Church in Logan County, Ohio. Following his graduation from Goshen College in 1944, he was an instructor at Eastern Mennonite College, and did some work in Biblical Seminary at New York. At the beginning of the current school year he resigned to take up full time residence at Biblical. Following graduation from the Seminary at the end of the present school year he will assume the pastorate of the South Union congregation. Mrs. Shenk is the former Dora Sell.

REACTIONS OF ALUMNI CONTRIBUTORS

Professor Karl L. Massanari

Were you one of those loyal alumni who contributed to the work of Goshen College during 1947-48? If so, you will have an opportunity to express your opinion about Goshen College sometime during the next several months. Your opinion will be sought in a special study of alumni contributors.

The faculty of Goshen College is conducting as an N.C.A. Study Project this study of alumni contributors. The committee in charge of the study is composed of S. W. Witmer, Walter E. Yoder, J. Howard Kauffman, Lois Winey, Lloyd V. Conrad, and Karl L. Massanari, Chairman.

The purpose of the study is to learn why some alumni feel prompted to contribute to the financial program of Goshen College. The faculty of this institution believes that this group of alumni plays an important part in the life of the College and therefore it is concerned about finding out the opinions of this alumni group with respect to the College program. This study will help the administration to examine present policies and practices in the light of contributing alumni opinion.

As a contributing alumnus your co-operation in this study will be appreciated.

NEW FACULTY APPOINTMENTS AT HESSTON COLLEGE

The Mennonite Board of Education has approved the appointment of Vincent Krabill 43, of Wayland, Iowa, to the 1949-50 faculty of Hesston College. He will teach the biological sciences succeeding Paul E. Yoder 47, who is leaving Hesston at the close of the present semester to take up pastoral work in Oregon.

After receiving the B.A. at Goshen College Mr. Krabill did considerable graduate work at the University of Iowa. He has had several years' experience teaching in the Washington County, Iowa, high schools and in the Wayland High School. He has also been superintendent of the Sunday school at the Sugar Creek Mennonite Church near Wayland.

Orpha Zimmerly 43, now serving as matron of Green Gables at Hesston College, has been appointed to succeed Marian Messner 34 as dean of women. Miss Zimmerly will do graduate work at the university this summer in preparation for her work as dean.

ALUMNUS DESCRIBES EDUCATIONAL WORK IN KOREA

The March 1 issue of **Higher Education**, semimonthly publication of the Federal Security Agency, Office of Education, Higher Education Division, prints an interesting article on "Higher Education in Korea," by Dr. Harry F. Weber 20. Dr. Lloyd E. Blauch 16 is chairman of the managing committee publishing this periodical.

The article traces the story of education in Korea from the time when the Japanese tried to Japanize the country, the attempt of the Russians to communize the thinking of the people, and the present attempt of the United States Government to help the Koreans back to a sound educational policy and system.

This copy of **Higher Education** may be ordered from the Superintendent of Documents, Government Printing Office, Washington 25, D.C. (Five cents a single copy.)

RELIEF WORKER ACCEPTS PASTORATE

C. Warren Long 29, who completed a period of relief service in Belgium last year, has accepted the call to the pastorate of the Willow Springs Mennonite congregation at Tiskilwa, Illinois. Mr. and Mrs. Long (Edna Miller 28) were received into the church fellowship at that place on April 3. Their two daughters are students in Goshen College, Thelma, a sophomore, and Althea, a freshman.

Ira Eigsti 23, who has been pastor of the Willow Springs congregation for a number of years, has been compelled to resign his pastorate on the advice of his physician.

GRANTED SCHOLARSHIP AT MICHIGAN

Dean Kreider has been informed that Adele Haddad 48, of Beirut, Lebanon, is one of six Barbour scholars chosen out of approximately three hundred applicants. This scholarship will cover all of Miss Haddad's university and personal expenses at the University of Michigan and, under certain conditions, is renewable for a maximum of eight semesters.

Miss Haddad's appointment to this scholarship furnishes additional proof that Goshen students are prepared to do superior work in competition with students from many larger colleges and universities. She was one of the foreign students who in 1946 transferred to Goshen from the American College for Women at Beirut, Lebanon. William A. Stoltzfus 17 is president of that institution.

COMPLETES HISTORY OF C.P.S.

Dr. Melvin Gingerich 26, Director of Mennonite Research, is the author of a five-hundred-page history of Mennonite Civilian Public Service entitled **Service for Peace.** The Mennonite Central Committee, publishers of the volume, plan to release it in June.

In the opening chapters, Dr. Gingerich summarizes the American war experiences of the Mennonites, presents the work of Mennonite peace committees between the two world wars, traces the inter-peace-church co-operation of those years, and gives an account of the coming of conscription and the origin of Civilian Public Service. This is followed by a description of the work of the National Service Board for Religious Objectors and a study of registration and induction procedures.

A chapter is devoted to each of the chief kinds of public service given by Mennonite conscientious objectors, including soil conservation, forest service, national park service, work in the Bureau of Reclamation and Federal Security Administration, and service in agriculture, dairying, mental hospitals, and public health. In each chapter several C.P.S. camps are given extended treatment and all Mennonite camps are mentioned.

The closing section of the book contains chapters on religious life in C.P.S., education in C.P.S., financing the program, camp administration, an evaluation of C.P.S., and Canadian C.O.'s. A lengthy appendix contains over twenty documents, tables, and summaries. An annotated bibliography and an index add value to the book. Illustrated with photographs and charts and thoroughly documented, the book will be of interest to C.P.S. men and the general reader as well as to scholars investigating religious liberty and the working of conscription during World War II.

Dr. Gingerich was appointed to write the history of Mennonite Civilian Public Service by the Mennonite Central Committee in December, 1945. From that date to the end of C.P.S. he supervised the work of research assistants who collected the basic records and needed information and deposited them in the M.C.C. Archives in Akron, Pennsylvania. In 1947 and 1948 he spent over six months working in the M.C.C. Archives to organize the material necessary for the writing of the book. This is the second major book by Dr. Gingerich, his **The Mennonites in Iowa** having been published by the State Historical Society of Iowa in 1939.

Dr. Philip Jacob, of the University of Pennsylvania, who with Dr. Mulford Sibley, of the University of Wisconsin, is writing a book on Civilian Public Service stressing the legal and civil liberties aspect of the program, recently wrote, "I am full of admiration for the job which you have done. It is an excellent piece of work, and I am frankly delighted that you finished first, so that Sibley and I can benefit from your labors."

ANNOUNCES SUMMER SERVICE OPPORTUNITIES

Levi C. Hartzler 35, Executive Secretary of the Mennonite Relief Committee and Director of Voluntary Service Units, was on the campus on Tuesday, March 29, to confer with students interested in some of the committee's summer voluntary service opportunities.

Mr. Hartzler stated that, following a pattern developed over the past five years, the Mennonite Relief Commitee is offering in 1949 a number of summer voluntary service opportunities to consecrated Christian young people in the areas of rural missions, city missions, and children's homes.

Mr. Hartzler is organizing rural mission units in Culp, Arkansas, Mountain Home, Arkansas, and Northern Minnesota. These units will be engaged in summer Bible school teaching and other work con-

nected with the local missions. The city missions include Fort Wayne, Indiana; Cleveland and Youngstown, Ohio; Los Angeles, California, and Saginaw, Michigan. All of these include summer Bible school teaching but also a considerable variety of other community and mission activities.

Four of the city mission units serve the colored race. In addition, units will operate at Camp Ebenezer, Millersburg, Ohio, and Piney Woods, Mississippi, the former a summer camp for colored children on a Mennonite farm in Holmes County, and the latter a school for colored children from the first grade through junior high school.

New features in the service unit program this summer include a colporteur unit in the Ozarks, a youth team, a builders' unit. a summer Bible school unit in Puerto Rico composed largely of native personnel, and several general hospital units for students.

The youth team, sponsored by the Mennonite Relief Committee and Mennonite Youth Fellowship, will assist with the organization and development of young people's activities and conduct youth conferences in the communities where they serve. The hospital units for students are designed to provide unit fellowship for the members and give them an opportunity to earn for school expenses.

The builders' unit will repair the dwelling house on a farm, a part of the original Joseph E. Brunk tract adjoining camp Idlewild, to be used as a home for orphans. The personnel of this unit will consist of one married couple and three men. The married woman will cook for the unit and serve as hostess. An experienced carpenter will supervise building operations. This unit will extend from about June 1 to September 1.

Service in all but the hospital units will be on a voluntary basis. The Mennonite Relief Committee will furnish transportation and maintenance plus a $2.50 weekly allowance. Mr. Hartzler stated that any consecrated young person eighteen years or older who desires to serve God and his fellow men and who is willing to serve well at any task to which he is assigned may serve in the units under his direction.

He states a threefold purpose of voluntary service: to provide opportunities for Christian young people to serve Christ and the church, to provide opportunities for meeting human need, both physical and spiritual, according to the teachings and example of Jesus, and to enlarge the evangelical witness of the church by extending its present program and by exploring in new areas.

Any young person wishing further information about either short- or long-term service under the Mennonite Relief Committee should address Mennonite Service Units, 1711 Prairie Street, Elkhart, Indiana. Mr. Hartzler will be glad to discuss service opportunities. Personnel in all of the units is limited and no more vacancies exist in some of them. Some of the other units, however, still have room for properly qualified young people.

Class Letters

The editor again has the privilege of extracting interesting items from three class letters, 1933, 1943, and 1947. Dr. and Mrs. Carl Hostetler, of Goshen, were the prime movers in getting the letters together from the class of 1933. Mrs. J. Howard Kauffman (Verda Lambright), of Goshen, was given the responsibility for sending out the cards and collecting letters from the class of 1943, and John Hess, of Akron, for the class of 1947. Judging from some of the letters it must have taken considerable prompting and more than one reminder to bring a response from everyone.

Miss Lois Winey's secretarial students then cut the stencils, ran the letters off on the mimeograph, stapled them, and mailed one to each class member who had made a contribution to the class letter. The editor attempts to select the more significant items that would be of general interest to all Alumni.

Through the general exodus of farm people to the city the church was closed for about twenty years and remained closed until 1945. When it was decided to sell the building on account of the valuable timber in the structure, individuals in the community bought the building to preserve it as a church. A Sunday school was started and a few months later Reverend Zook was called to assist them. The Union Church has now been reorganized as a regular congregation of the Church of the Brethren. Fifty-First Annual Commencement

Largest Class in the History of the Institution

Several features mark the 1949 commencement season at Goshen College. The graduating class was the largest ever graduated from Goshen College in a single season, the number of returning alumni was smaller than usual, and the number of parents of graduates visiting the campus for the graduating exercises was unusually large.

One hundred and ninety-six different degrees were granted to 193 different individuals: two Bachelor of Divinity; eight Bachelor of Theology; 117 Bachelor of Arts; 45 Bachelor of Science in Education; six Bachelor of Science in Nursing; 15 Associate in Arts; and three Associate in Arts in Bible. In addition to these 196 diplomas one student received the Christian Worker's Certificate and 16 students the Secretarial Certificate, making a total of 212 diplomas and certificates.

Dye of Denver, elected assistant superintendent of the Mennonite hospital and sanitarium at La Junta, Colorado.

The gift presented by the class was several rolls of stripfilm presenting scenes from the Old and New Testament. The class hopes that these may be available not only for use at the college but also among the members of the college constituency.

Class Day

Friday traditionally is set apart as Senior Class Day. The four college classes enjoyed an outing off the campus. The senior class, sponsored by Professor Lois Gunden 36, held their last outing of their undergraduate days at McNaughton Park at Elkhart; the juniors, sponsor Professor Roy Umble 35, at Camp Mack, south of Milford; the sophomores, sponsor Professor J. C. Wenger 34, at Dunes State Park along the lake in Michigan; and the freshman class, sponsor Professor Glen R. Miller, spent the day at the State Park at Angola.

The threatening weather prevented holding the first part of the Senior Class Program on the campus. Both parts were held in Assembly Hall.

On account of the size of the senior class they were able to present a substantial gift. After considerable discussion the class agreed to present a public address system for the new Auditorium-Gymnasium. In accepting the class gift President Miller briefly reviewed the history of class gifts back through the years to show the value and importance of these gifts in the life, activities, and service of the institution.

Alumni Day

The forenoon of Alumni Day had been set aside for class reunions, the annual informal musicale at 1:30, a softball game between the varsity and the old grads at 3:00, and the annual alumni banquet in the evening.

Although several classes had planned reunions, only one materialized. The class of 1934 met at the home of their sponsor at 401 College Avenue for a carry-in dinner and reunion. The group included about 30, counting the children of members of the class. The class members who came the farthest were Mr. and Mrs. Edward Gerber and their five children from Sugarcreek, Ohio. The members of the class ate together, chatted informally reviewing school experiences and bringing each other up-to-date on present family and occupational status, while the children had a grand get-acquainted social of their own on the spacious lawn. In addition to those present, 24 members of the class wrote cards and letters, which were greatly enjoyed by the group present.

The informal musicale was held in Assembly Hall at 1:30. The program was as follows:

Gertrude Moyer: two piano solos, Chopin
John Mark Yoder: two vocal solos
Delbert Erb: "St. Matthew's Passion"—Bach

Royce Saltzman: "The Asra"—Rubenstein
"Castlepatrick"—Foss
Gertrude Moyer: "Moonlight Sonata"—Beethoven
Ruth O. Yoder accompanied all those who sang.

Excellent commencement weather permitted the athletic events to be carried out as planned. At 3:00 the varsity softball team showed up the old-timers to the tune of 4-3.

Alumni Banquet and Reunion

Soon after 5:00 on Saturday evening alumni began to gather for the annual reunion. Many planned to come early in order to engage in a brief period of informal conversation before going to the dining hall. The large senior class kept the number present at the reunion up to the former attendance records, although the number of visiting alumni was smaller than in some recent years.

Miss Phyllis Roose 46, college dietitian, maintained her well-earned reputation of serving a tasty meal piping hot in record time. She was assisted by an efficient kitchen staff and the members of the junior class who did the serving. The committee on arrangements was Leland Bachman 38, chairman, Phyllis Roose, Lois Winey 36, Elaine Sommers 47, Mary Oyer 44, and Robert Buschert 48.

Alumnus of the Year, 1949

Association Honors Alumni Worker and Civic Leader

Frank S. Ebersole 01 and 04 was chosen for special recognition as "Alumnus of the Year" in 1949. The choice was a popular one with the older alumni who are acquainted with Mr. Ebersole's outstanding contribution as a student, as a teacher, and as an alumnus in the early days of the Elkhart Institute and of Goshen College.

He was elected a member of the Board of Directors beginning in 1902 and served continuously until 1935. He was a member of the executive committee from 1902 to 1933. He served as treasurer from 1902 to 1910 and again in 1913-14, served as president from 1916 to 1925 and as vice-president in 1925-26 and in 26-27.

During the period from 1923 when the school closed for reorganization to 1927, he with Dr. S. T. Miller 05, Dean H. S. Bender 18, Professor S. W. Witmer 14, and Silas Hertzler 13 carried the principal burden of continuing, reorganizing, and re-establishing the alumni association of Goshen College. He furnished not only counsel but financial aid to the ongoing program of the association and his name on the Board of Directors gave the association prestige among all classes of alumni.

His service as a student was equally noteworthy. He, with I. R. Detwiler 01, Anna Holdeman (now Mrs. S. T. Miller) 01, and Lavona Berkey 01 (now Mrs. F. S. Ebersole), helped to carry the burden of the religious, literary, and publication work of the student body from the time that he arrived on the campus in the fall of 1897. From the founding in 1898 of the "Institute Monthly," the official publication of the Elkhart Institute, he was one of the editors and served as editor-in-chief from April, 1899, until his graduation in 1901.

During this period he was active in the Adelphian Literary Society (then known as the C.M.A. Debating Club) and served as president of the Y.P.C.A. He was the unanimous choice of his class as president during the year 1900-01.

Following several years of teaching in the public schools near his former home at Sterling, Illinois, he returned as a student of Goshen College and completed the junior college course in 1904. During the year 1903-04 he was vice-president of the class, chairman of the program committee, member of the Sunshine Male Chorus, and devotional chairman of the Y.P.C.A.

He has also served worthily as an instructor in Goshen College. Following a two-year period as principal of the Millersburg, Indiana, schools (1904-06) and a year of study at the Bryant and Stratton Business College in Chicago, he returned to the campus in the fall of 1907 as principal of the School of Business and continued in that position until 1912. During this period he taught commercial branches in the School of Business and drawing and penmanship in the Normal School.

He resigned in 1912 to accept a position in the office of the Goshen Milk Condensing Company, advancing successively to office manager and assistant plant manager. In 1932 on the death of John M. Yoder, the founder of the Milk Condensing Company, Mr. Ebersole was promoted to the office of manager, a position which he held until 1944 when he retired. Since that time he has been actively engaged in the civic and religious life of Goshen. His fine Christian character, business integrity, and moral vigor have won for him the respect and admiration of his associates.

Mr. Ebersole's most recent contribution to his Alma Mater was his service on the committee directing the financial campaign in the city of Goshen and Elkhart County to raise money for the building program of Goshen College, specifically for the Auditorium-Gymnasium. He was one of the most active members of the committee and gave unstintingly of his time and energy and influence in promoting the campaign.

As chairman of the industrial division he was influential in raising directly or indirectly somewhat more than half of the total amount contributed by Goshen and Elkhart County citizens. His high standing and excellent reputation in the community as well as his active efforts lent strength and dignity to the campaign.

On the 1949 alumni program Mr. Ebersole spoke briefly in response to the announcement of his selection as Alumnus of the Year and also toasted for the class of 1904. He recalled that he, with Dr. J. E. Hartzler 10 and the late A. C. Ramseyer, composed a committee to install the Adelphian fountain. In toasting for the class of 1904 he pointed out that there were twelve junior college graduates in that year. After 45 years these twelve graduates are all living—from Pennsylvania in the north to Texas in the south, and from Germany in the east to Goshen. Of these twelve graduates two entered business, two became teachers, four ministers, and the four women in the class married and are homemakers.

In closing Mr. Ebersole said,

"It has been repeated over and over here in these halls that it is important to have high ideals. It has further been emphasized that Christian ideals are a necessary and important part of anyone's education. I believe all these statements are true and that this

institution should continue to emphasize these same principles in the future as it has in the past.

"As a graduate of this college I would not want to suggest that high ideals be placed in the background and other important matters take their place. We often hear it said that we need realists more than we need idealists and that our present-day problems must be met and solved by practical rather than idealistic measures. I do not know whether any person can be both an idealist and a realist at the same time, but I do believe an institution like this should be represented by both of these types in its organization.

"I have observed Goshen College and Elkhart Institute for over half a century and in my humble opinion both of the types I have mentioned have worked hand-in-hand during this period. The problems are different than they were fifty years ago. In 1904 the College prepared for less than 100 students while here in 1949 the enrollment reached 700.

"I believe that it can be truthfully said that the College has been realistic enough to meet the needs of the hour and when hard practical problems presented themselves they were met energetically and in good faith. I therefore believe that as long as Goshen College holds to her ideals and meets her needs as a growing institution in a realistic manner she will meet with the approval of her constituents."

COMMENCEMENT (Continued)

Before delivering his final word to the graduates President Miller first asked the parents of graduates to stand. As already mentioned, an unusually large number were present, not only from the vicinity of Goshen, but also from Pennsylvania, most of the mid-western states, and from the western states as far distant as Oregon. When he asked the relatives of graduates to rise, it seemed that two thirds of the large audience stood. After welcoming the parents, President Miller said, "You may rest assured that there is great joy that you took the trouble to come for this occasion."

He then revealed what certain members of the class expect to do during the next year. A number of the B.A. graduates are returning to the Goshen College Biblical Seminary; seventeen are entering summer voluntary service units; a considerable number have accepted appointments in elementary and high schools, in Hesston and Eastern Mennonite Colleges, and in a mission school in Africa; several are entering medical and dental schools; one has accepted appointment as assistant superintendent of the Mennonite Hospital at La Junta, Colorado.

One becomes a European relief executive; several go into psychiatric training; one has been elected assistant director of public relations at Goshen College; at least five are candidates for the foreign mission field; one is principal and teacher in the Christian Day School at Clarence, New York; several returned as assistant pastors in their home congregations; one is to serve on the faculty of the Chicago Evangelistic Institute; a number are going as relief workers to China, Germany, Ethiopia, and Belgium; several nurses are taking positions at the La Junta, Colorado, School of Nursing and the La Junta Hospital.

Dr. Kretzmann's commencement address emphasized the importance of Christian education. As President of the Council of Church Related Colleges in Indiana, he is much concerned about the recent trends toward secularization of education in America and vigorously opposes government subsidies to privately controlled schools like Valparaiso University and Goshen College.

He attributed present chaotic conditions in the world to the basic lack of a Christian interpretation of the functions and outcomes of education. "To us, as Christians," he asserted, "education means the integration of knowledge, skills, and philosophy around the person and teachings of Jesus Christ. Such education prepares the individual for worthy living today and helps him to look through the present gloom to a brighter tomorrow."

ACCEPTS IMPORTANT COMMITTEE APPOINTMENT

President Miller has agreed to accept appointment on a committee to implement the recommendations of the Workshop on Nursing for the Future which, as announced in a previous issue, was held at Indiana University, Bloomington, Indiana, January 5-7, 1949. It was sponsored by the Indiana State League of Nursing Education and the Division of Nursing Education of the School of Education, Indiana University, in co-operation with the Indiana State Board of Examination and Registration for Nurses, the Indiana State Board of Health, and the Indiana State Nurses' Association.

The work of the committee involves development of a proposed plan for securing needed funds and personnel to do the job. Members of the committee include college and university presidents and deans, hospital administrators, editors, accountants, and health secretaries. The chairman of the committee is Dr. John W. Ashton, Ph.D., Dean of the College of Arts and Sciences of Indiana University.

The committee is expected to initiate basic research in nursing service, to provide for a better public relations program, to determine the quantity of all types of nursing personnel needed in Indiana, and to improve and expand all proposed and existing nursing education plans.

A COLLEGIATE SCHOOL OF NURSING

The Mennonite Board of Education and the Board of Directors of the Elkhart General Hospital have appointed a committee known as the Counseling and Co-ordinating Committee to set up a working agreement between Goshen College and the Elkhart Hospital, regarding the establishment of a collegiate school of nursing at Goshen College.

This committee is composed of members of both boards: President Ernest E. Miller 17, of the College; F. A. Lobley, president of the Board of Directors of the Elkhart General Hospital; Miss Esther Widmer, R.N. 37; Nelson Kauffman, president of the Mennonite Board of Education; Harold A. Pribble; E. K. Zimmerman; and Dr. J. M. Fleming.

Educational facilities for the classroom teaching will be provided on the campus of Goshen College. The first year and a half of study will be devoted to science courses requisite for admission to the nursing curriculum. Complete details of courses will be worked out between the dean of the liberal arts college and the director of the school of nursing after the latter has been appointed by the Mennonite Board of Education.

The school of nursing is to be conducted by Goshen College and the hospital's part in the program is to provide facilities for practical experience and instruction which will be governed by a contractual agreement between the hospital Board of Directors and the Mennonite Board of Education, which operates Goshen College. The financial details will be covered under the same contract.

No date has been set for the acceptance of students under this program, although it is hoped that classes will start within the next year. The fact that the hospital is lacking in some of the physical facilities necessary to the training of students under a program of this nature affects the starting date, as does the selection of a competent faculty; also, the approval of the State Board of Nursing Education must be obtained.

The interest shown in the new school of nursing by prospective students is very gratifying. Up to June 1, nineteen young women had expressed their intention of entering the nursing curriculum at Goshen College in September. These students come from Indiana, Ohio, Pennsylvania, Ontario, Illinois, Minnesota, New York, and Michigan. The promoters of the school are pleased with this early response and feel that from the standpoint of student interest the success of the school is assured.

The following reprint from the **Gospel Herald**, issue of May 24, and written by Joseph D. Graber, secretary of the Mennonite Board of Missions and Charities, gives the official attitude of that board toward the new school:

A Collegiate School of Nursing

"Why, someone may ask, was the decision made in favor of a collegiate school as against the usual three-year diploma school? It became clear from the various studies conducted that the trend in nursing education is plainly in the direction of raising standards to the collegiate level, especially for those nurses who desire to go on and prepare for administrative and supervisory positions. Although many of our girls have had no desire for preparing for anything beyond bedside nursing, there is still a sizable number who desire a more advanced training and our church with its increasing nursing school and hospital programs is needing continually larger numbers of more fully trained nurses. It must be borne in mind that after a nurse has completed the regular collegiate course she has acquired not only the fundamental training for bedside nursing, but has at the same time laid a foundation for advanced training if she should desire it.

What Is a Collegiate School of Nursing?

"A collegiate school of nursing is not a school that requires college degree for admission, as many people suppose. It represents a combined college and nursing course of perhaps four years' duration, upon completion of which the nurse receives from the college the B.S. degree in Nursing Arts and may appear in the state board examination to qualify for the R.N. degree. Although these details have not been finally arrived at, it is safe to assume that a girl would spend about two school years, or eighteen months, at Goshen College taking the courses as outlined in the collegiate school of nursing curriculum. After completion of these eighteen months at the college she would enter the hospital and complete her courses in nursing arts and in the regular clinical and bedside nursing for a period of about thirty more months, making the course of four calendar years' duration."

The establishment of the Collegiate School of Nursing in Elkhart County does not affect the La Junta School of Nursing at the Mennonite Hospital in Colorado. The faculty of that school is busily engaged in raising funds for a new nurses' home which the Colorado State Board is demanding as one condition under which the school may continue to operate. Many Goshen alumni are interested in the continuing success of the La Junta Mennonite School of Nursing and are contributing liberally to the building fund. Alumni wishing to make donations to the fund for building a new nurses' home at La Junta may send their contributions to Maude Swartzendruber, R.N., La Junta Mennonite School of Nursing, La Junta, Colorado.

PROFESSOR SMITH TO JOIN FACULTY IN SEPTEMBER

Professor J. Harold Smith x32, who has been doing graduate study in English at the University of Wisconsin for the past several years, plans to join the Goshen faculty in September. He and Mrs. Smith (Mildred Risdon 35) and family will move to Goshen at that time.

Professor Smith has been doing considerable teaching during the past year. He has passed his German language examination and has completed the course and residence requirements for the Ph.D. degree. He is taking one course in addition to teaching at Madison this summer.

RAY BAIR RELIEVES STOLL

Ray Bair, formerly of New Springfield, Ohio, has been appointed Assistant Director of Public Relations for the coming school year to replace Paul Stoll 48 who has been granted a one-year leave of absence to work toward the master's degree in the field of public relations at Boston University. As Assistant Director of Public Relations during the past year he has been writing college news, editing bulletins, and serving as student field secretary. Mr. Bair, during the past year, has been doing graduate work in the Biblical Seminary. Mr. and Mrs. Bair (Lillian Oswald 49) are living in the Carl Beck residence in the new addition in Shoup's Woods near the Elkhart River.

REUNION OF GOSHEN COLLEGE ALUMNI IN THE CHICAGO AREA

About 50 graduates and friends met at the Mennonite Home Mission at 1907 South Union Avenue in Chicago in May for the annual reunion of alumni living in or near Chicago.

The Ambassador Quartet, made up of members of the Brethren in Christ Church who formerly attended Messiah College at Grantham, Pennsylvania, furnished several selections of music. President Ernest E. Miller gave the principal address of the evening. The reunion closed with the singing of the Alma Mater and a social hour following the address. Mr. and Mrs. Orie Eigsti 31 (Agnes Weaver 32) were in charge of arrangements.

EASTERN PENNSYLVANIA ALUMNI REUNION

On May 7, alumni of Eastern Pennsylvania and adjoining areas held their annual alumni dinner at the Hotel Brunswick in Lancaster, Pennsylvania. The principal addresses of the evening were given by W. Delmar Hershberger, Ph.D., 27, of Princeton, New Jersey, who spoke on the "Social Impact of Scientific Research," and Carl Kreider, Ph.D., 36, Dean of the Liberal Arts College at Goshen, the subject of whose address was "The Improvement of College Teaching." Glenwood Schertz, Ph.D., x33, of Wilmington, Delaware, was toastmaster. Music was furnished by the "Glen" quartet, Doris Moyer 48, Miriam Moyer x48, Marie Moyer 48, and Ruth Alderfer 48.

Officers of the 1949 committee were George Bishop x34, chairman, and Warren Leatherman 43, secretary-treasurer. Officers elected for the coming year were James Clemens 35, of Line Lexington, Pennsylvania, chairman, and Niemann Brunk 31, of Frederick, Maryland, secretary-treasurer. Over 160 alumni, prospective students, and friends were present at the reunion.

SPRINGER ASSISTANT LIBRARIAN

In charge of the Mennonite Historical Library on a half-time basis, Nelson Springer 41 has been appointed Assistant Librarian and will begin his duties in September of this year. He will continue as an assistant in the Mennonite Research Foundation, a position in which he served on a part-time basis during the past year. Mr. Springer's knowledge of Mennonite history and his interest in that field will make him a valuable addition to the library staff. He completed the work for the Th.B. degree in June of this year.

NORTHEASTERN OHIO GOSHEN COLLEGE REUNION

The northeastern Ohio officers have sent out an announcement of the reunion to be held on July 24 at 1:30 p.m. Central Daylight Saving Time, 12:30 p.m. Eastern Standard Time. The place is Ink Park, Canton N.W., Ohio.

All past, present, and prospective students, including Winter Bible Term or other special term students are invited to the carry-in dinner. The announcement instructs, "Bring well-filled baskets. Include sandwiches and table service. Coffee and a cold drink will be provided." The officers of the reunion are Don Kreider 38, president, 4 Stover Court, Wadsworth, Ohio; Oswin Gerber 37, vice-president, Kidron, Ohio, and Nettie Glick 42, secretary, Sugarcreek, Ohio.

If the News Letter can be mailed on schedule, alumni will probably receive this notice in time to attend the reunion.

WESTERN PENNSYLVANIA ALUMNI REUNION TO BE HELD AUGUST 26, 1949

The date for the Western Pennsylvania Alumni Reunion has been changed from September 3 to August 26, 1949. The reunion will be held at Green Gables in Jennertown, Pennsylvania, on Route 30, at 6:00 P.M. All past, present, and prospective students, including Winter Bible Term students, in this area are invited.

Professor John C. Wenger will speak on the subject, "Culture in Service," as the main feature of the program. Several alumni quartets will provide special music.

For further information about arrangements for the reunion, interested alumni should write H. Ralph Hernley '41, Scottdale, Pennsylvania.

GOSHEN COLLEGE RECORDINGS

The first album of Goshen College music contains three ten-inch records of typical hymn and chorus numbers by each of the six Goshen College music groups for the year 1948-49.

Professor Walter E. Yoder, head of the music department of the college, says, "The department of music is eager to encourage the best of hymn and chorus singing. This album is an attempt to bring to our friends something of the spirit of Goshen College singing."

President Miller's message in the album says, in part, "We hope these recordings may provide a continuing testimony of the Spirit of Christ. It is our prayer that the blessing of the Spirit may be upon you whenever you listen."

POPULAR YOUNG ATTORNEY LOCATES IN GOSHEN

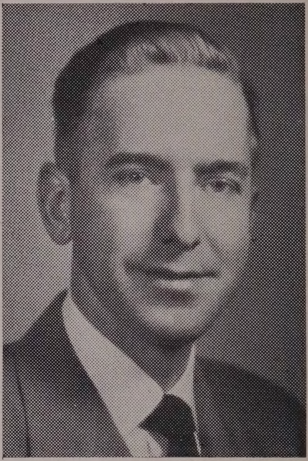
Charles W. Ainlay 41, formerly of Mishawaka and South Bend, opened a law office in the First National Bank building of Goshen on May 2. He is associated with Attorney J. S. Yoder 05, who has been a leading attorney in Goshen for many years.

Mr. Ainlay, following his graduation from Goshen in 41 with the B.A. degree, was granted the M.A. degree at American University, Washington, D.C., 1942. He obtained his Juris Doctor degree (Doctor of Law) at Notre Dame in January.

As an undergraduate Mr. Ainlay was an outstanding debater and orator at the college. As a sophomore he was the first Goshen College student ever to place first in the State Peace Oratorical Contest. He competed against eight orators from some of the leading colleges in the state. Later in the year he won first place and one hundred dollars in the National Peace Oratorical Contest judged on the basis of the manuscript.

From his freshman year, during which he and Robert Kreider 41, of Wadsworth, Ohio, debated in the first division at Manchester College, through his senior year he was one of Goshen's two outstanding debaters.

His many friends on the faculty and in the alumni family of Goshen College are happy to welcome him back to Goshen as a permanent resident. His interest in young people as evidenced by his years of service as a probation officer and a friend of erring boys will make him a valuable addition to Goshen's younger group of citizens interested in youth problems and civic improvement.



Class of 1949

The Goshen College graduating class of 1949, with the 192 students receiving 193 degrees, is by far the largest in the history of the institution.

In the graduating class the following degrees are represented: Bachelor of Divinity (granted for three years graduate work in the Goshen College Biblical Seminary beyond the B.A. degree), two; Bachelor of Theology (granted for one year of graduate work in Bible in the Goshen College Biblical Seminary beyond the B.A. degree), eight; Bachelor of Arts, 117; Bachelor of Science in Education, forty-five; Bachelor of Science in Nursing, six; Associate in Arts (granted for the completion of a prescribed two-year course in the College of Liberal Arts), fifteen; and Associate in Arts in Bible (also a two-year course), three.

Sixteen additional students received the secretarial certificate, granted on completion of one year of secretarial education and training beyond high school graduation. This makes a total of 212 degrees and certificates granted in June and August, 1949.

Following are the names, majors, and addresses of the 1949 graduates. In the seminary the major is Bible, and the graduates who receive the Bachelor of Science in Education degree have as their major, education. Graduates receiving the Bachelor of Science in Nursing degree usually have as their major, natural science for nurses. This degree is granted for three years of college work in addition to the R.N. degree requiring twenty-seven months of residence study and practice in an accredited hospital.

GOSHEN ADVANCED TO HIGHER RANK

President Ernest E. Miller has been notified by the Commission on Colleges and Universities of the North Central Association that Goshen College has been advanced from Group II to Group III.

Colleges and universities under the N.C.A. are classified in four groups: Group I, junior college; Group II, the liberal arts college with a unitary organization under one dean; Group III, an institution comprising two or three schools, each with a dean of equal rank; Group IV, a university with more than three separate schools or colleges.

The granting of Group III status to Goshen College means that the institution was justified in organizing a seminary in addition to a liberal arts college. Group III standing also allows for the further expansion of the college. The institution could organize a collegiate school of nursing, a school of education, or a school of music. Some of these possibilities have been under consideration for some time.

Although the college was fully accredited in the N.C.A. when classified in Group II, admission to Group III standing involves the improvement of Goshen's faculty both in number and advanced degrees. This the administration had foreseen. Both the growth of the student body and the demand for enlarged service to students had indicated the necessity of adding more faculty members with advanced degrees in order to maintain the rank and to improve the standing of the institution.

Fortunately, even during the period when educational institutions were bidding recklessly for experienced teachers with advanced degrees, the loyalty of the Goshen faculty held firm. The college has lost no holders of the doctor's degree since being admitted to the N.C.A. in 1941. In fact during the current year three members of the faculty have earned the doctor's degree: Karl Massanari 36, February 6; Roy Umble 35, June 13; and Paul Mininger 34, June 15.

The addition since 1946 of six faculty members with the doctor's degree gives Goshen a higher ratio of advanced degrees than at any time in the history of the institution.

CHRISTIAN EDUCATION WORKSHOP

By Karl Massanari, Ed.D.

"The Workshop," writes one participant, "has been helpful to me in many ways." This thought summarizes what many have written in their final evaluations.

Others say more specifically: The Workshop— "—has been helpful as a refresher course," "—has helped me to evaluate my teaching experience," "—has given me a chance to fellowship with other Christian teachers," "—has clarified my thinking," "—has given me challenges," "—has given me many new ideas," "—has exposed my lack of knowledge and has given me further incentive to study," "—has been a refresher course," "—has deepened my religious experience," "—has helped me plan for my courses next year," "—has inspired me to go back to be a better teacher—"

And so on go the comments from the 1949 workshoppers at Goshen College.

Nineteen persons from five different states attended the first Education Workshop for Christian Teachers sponsored by Goshen College from June 7 to 17, 1949. The enrollment was divided as follows: Indiana, 12; Ohio, 3; Illinois, 2; Michigan, 1, New York, 1; total, 19. In addition to this group, Miss Elizabeth Showalter, Scottdale, Pennsylvania, editor of the new **Christian School** magazine, visited our workshop for three days.

Regular participants received two semester hours' credit for the two-week session. About half the group remained for a third week doing individual study and research for a third semester hour.

Each participant worked on two problems and attended special seminars for each. Each problem was a real need which grew out of the workshopper's experience and the study of which has made him a better teacher. Typical problems which were considered include:

1. giving religious emphasis to the school program
2. school-community relations: (a) surveying local field trip resources, (b) scheduling field trip program for the year, (c) developing plans for a student newspaper and actual printing of sample issue, (d) studying other practical public relations techniques
3. administration: (a) studying the broad field of curriculum revision, (b) developing a sound financial policy for establishing a church school, (c) drawing up a budget for a proposed church school
4. teacher-pupil planning
5. curriculum: (a) development of reading units of instruction, (b) development of science units of instruction, (c) development of social studies units of instruction, (d) materials for art and music
6. guidance and counseling
7. technique of discussion

Workshoppers were privileged to attend a number of general sessions in the afternoons when speakers addressed the group and conducted open forum discussions. These sessions were open also to the Summer School student body. Those speaking were, Dean Carl Kreider 36; Rev. Mark Fakkema, Educational Director, National Association of Christian Schools, Chicago, Illinois; Mr. Art Sprunger 22, Dr. Silas Hertzler 13, Dr. Glen R. Miller, Dr. Roy H. Umble 35, Professor Walter Oswald 21.

During other afternoon sessions the special seminars reported back to the general workshop group on the results of their study.

A special feature of the two weeks' activities was the recording of each participant's voice. Participants responded enthusiastically to this idea and every person volunteered to have a recording of his voice made. These anonymous recordings were turned over to Dr. Roy Umble for analysis and evaluation. A written critique was then prepared and mailed to each workshop participant in the hope that this exercise might make each person a little more conscious about his voice while teaching boys and girls.

In order to give the workshoppers an opportunity to help in planning for some of the day by day activities, a steering committee was selected. Members on this committee were, Edward Gerber, Sugarcreek, Ohio; Leona Yoder, West Liberty, Ohio; Irma Ebersole, Sterling, Illinois; Mary Metzler, Nappanee, Indiana. This group provided many fertile ideas and suggestions for worth-while activities.

Members of the workshop staff included, Mrs. Alta Mae (Eby) Erb 12, Scottdale, Pennsylvania; Professor Walter Oswald 21, Hesston, Kansas; Mrs. Miriam (Stalter) Charles 41, Goshen; Professor Karl Massanari 36, director, Goshen.

A safe conclusion would be that this first experiment with a Workshop at Goshen College has been a rewarding experience and that the idea deserves further consideration and study for future years.

ALUMNI RECEIVE ADVANCED DEGREES

Four Goshen College alumni were among 3,581 graduates who received degrees at Northwestern University's ninety-first commencement on Monday, June 15.

Dr. Ruth E. (Mendenhall) Barrett 44 completed the course in the medical school earlier in the year and received the degree, Doctor of Medicine. Dr. Barrett and her husband, also a graduate in Medicine, are interning at the Berwyn, Illinois, Hospital.

Lisle Wade Roose 45, of Nappanee, completed the work in the medical school in December and also received the degree, Doctor of Medicine. Dr. Roose has moved to Smithville, Ohio, where he will begin practice as a physician and surgeon.

Richard J. Yoder 45 received the degree, Bachelor of Medicine. On completion of his internship at the Akron, Ohio, City Hospital, he will be a candidate for the degree, Doctor of Medicine.

Roy Umble 35, Associate Professor of Speech at Goshen College for the past three years, received the degree, Doctor of Philosophy, with a major in Public Address and a minor in Speech Correction. The subject of his thesis was "Mennonite Preaching, 1864-1944."

Professor Paul Mininger 34 was granted the Ph.D. degree in the School of Education of the University of Pennsylvania with a major in Religious Education. Professor Mininger wrote his thesis on a study of the religious education program in a considerable number of midwestern colleges.

Stanley Shenk 44 was granted the B.D. degree at the Biblical Seminary in New York this spring. On June 4 he attended the ten-year reunion of his graduation from E.M.C. Mr. and Mrs. Shenk and their children, Doris and David, have moved to West Liberty, Ohio, where Mr. Shenk has taken up his new duties as pastor of the South Union Mennonite Church, one mile north of West Liberty.

Paul Lederach 47 received the Ph.D. degree in Religious Education at the Southwestern Baptist Theological Seminary in June. The general subject of his thesis was a history of religious education materials of the Mennonite Church. Dr. Lederach will continue his service as minister at the Norristown, Pennsylvania, Mennonite Church, where he was ordained. He will spend part of his time in writing and editing Sunday-school materials for the Mennonite Publishing House at Scottdale, Pennsylvania.

Howard L. King x48 completed the work for the degree of Master of Science in Industrial Management at the University of Illinois in June. The subject of Mr. King's thesis was "Merit Rating Plans and Policies," but he confined his research to manufacturers of material handling equipment. Mr. King's major was Industrial Management and his minor Marketing. Mr. and Mrs. King (Lois Smeltzer 48) are living in Dunlap at 5403 South Main Street, Elkhart.

Richard Pickering x48, of Goshen, has completed the requirements for the Master's degree in Economics at Columbia University. Mr. Pickering is employed as economist in the Research Division of the Federal Reserve System in Washington, D.C.

Adele Haddad 48, of Beirut, Lebanon, received the Master's degree in Political Science from the University of Michigan on Saturday, June 11. The subject of Miss Haddad's thesis was "Romantic Idealism," a study of the rise of Fascism beginning in 1790. Miss Haddad is continuing her work for the doctorate with the aid of the Barbour scholarship. She was chosen as one of six out of 300 applicants for this coveted scholarship, which pays all the student's expenses during the time he is engaged in study for the doctorate.

Nicholas M. "Mac" Cripe 49, who completed his work for the B.A. in Speech at Goshen in January of this year and immediately entered the School of Speech at Northwestern University, is scheduled to complete the work for the degree Master of Arts in that institution in August. He has received several flattering offers in the college teaching field beginning in September.

Miss Edith Herr, Instructor in Physical Education and Assistant Director of Athletics and Recreation at Goshen College since 1946, received the degree Master of Arts in Physical Education at the University of Michigan in June. Miss Herr will return to Goshen in September to resume her work. This summer she is serving for several weeks at Little Eden Camp at Onekama, Michigan, and at Laurelville Camp near Mt. Pleasant, Pennsylvania.

Robert Hartzler Graduates from Seminary

Robert W. Hartzler 41, who is rendering highly acceptable service as pastor of the Eighth Street Mennonite Church in Goshen, was granted the B.D. degree at the commencement exercises of the Mennonite Biblical Seminary in Chicago on Sunday, May 29.

Rev. Jesse N. Smucker 18, pastor of the First Mennonite Church at Bluffton, Ohio, and president of the General Conference of the Mennonite Church of North America, delivered the commencement address.

Board Treasurer Ordained to the Ministry

Alumni will be interested in the ordination on April 20 of Melvin Lauver, who was chosen by lot and ordained minister of the large Lititz, Pennsylvania, Mennonite congregation. Mr. Lauver and his wife, the former Mary Hattenstein, returned recently from Puerto Rico, where they served with the La Plata unit. He succeeded Howard Charles, now a member of the staff of the Goshen College Biblical Seminary. Mr. Lauver also is serving as the first paid treasurer of the Mennonite Board of Education.

HANDBOOK TO THE MENNONITE HYMNARY

The Reverend Lester Hostetler 15, minister of the Bethel College Mennonite Church at North Newton, Kansas, has written a handbook to accompany the **Mennonite Hymnary**, the official hymnal of the General Conference of the Mennonite Church of North America. The handbook is the result of a vast amount of research in hymns and hymnology. It is the type of work that other religious groups should be offering to their constituency, especially their young people.

What is the background of a given hymn? Who wrote it? Who was he? How did he come to compose the hymn? How were the words and music of the hymn finally joined? A study calculated to answer these and other questions relating to the hymns in our hymnals should arouse interest and make congregational singing more interesting and meaningful.

Reverend Hostetler's long periods of service as a leader of church hymns and director of choral societies fit him for this task. He is a member of the Hymn Society of America.

The **Handbook to the Mennonite Hymnary** and the **Hymnary** may be purchased from Mennonite bookstores.

KRABILL PLACES FIRST IN STATE

Willard Krabill 49, son of Mr. and Mrs. M. O. Krabill 22 (Ella Conrad 23), of Louisville, Ohio, placed first in men's oratory in the Indiana State Contest of the Intercollegiate Peace Speech Association, held at Indiana State College at Terre Haute, on April 29.

Albert J. Meyer 50, of Sterling, Ohio, won second in men's extempore speaking; Ethel Reeser 49, Albany, Oregon, placed second in women's oratory; and Alice Foote 49, of Auburn, Indiana, placed second in women's extempore speaking.

Manchester College won second in men's oratory and first in men's extempore speaking. Indiana State won first in women's extempore speaking and third place in men's extempore speaking, men's oratory, and women's oratory. Franklin College placed first in women's oratory.

Amos Geigley 13, retired Mennonite minister at Fairfield, Pennsylvania, furnished the $200 in prizes for the state contests.

As now set up under the reorganized plan adopted in 1947, the contests of the Intercollegiate Peace Speech Association are divided into four sections, men's oratory, women's oratory, men's extempore speaking, and women's extempore speaking. The prize money is divided equally among the four divisions of the contest, $25 going to each contestant placing first, $15 to second place, and $10 to third place. On account of the extensive reading necessary to prepare for the extempore events, the same amount of prize money is distributed to the winners in extempore speaking as to the winners in oratory.

JULY MENNONITE LIFE

Alumni will be interested in the July issue of **Mennonite Life**, an illustrated quarterly printed at Newton, Kansas. Dr. Sanford C. Yoder and Dr. Melvin Gingerich 26 are contributors to this issue. The editor, Dr. Cornelius Krahn, manages to gather a large amount of interesting biographical, historical, and cultural material not generally known to Mennonites who are descendants from the seventeenth, eighteenth, and early nineteenth century Mennonite immigrants. Of special interest is Melvin Gingerich's account of "the twenty-three-mile furrow" plowed from the Brunk farm in Marion County, Kansas, to the Brundage farm in McPherson County to assist the scattered members of the congregation in finding their way across the prairies to the Sunday church services.

CAMPUS FORENSICS

The contestants and their subjects were Richard Hostetler, of Canton, Ohio, "Victory Without Victors"; Roy Eby, of New Providence, Pennsylvania, "Peace from the People"; Herbert Yoder, of West Liberty, Ohio, "Peace Within"; Martin Hoover, of Goshen, "Our Role in Peace"; and Richard Blackburn, of Clayton, Ohio, "Lemmings or Learners."

e School

Richard Hostetler placed first and won the cash award of ten dollars presented annually by Frank S. Ebersole 01. Second and third place winners of five and one dollars, respectively, were Martin Hoover, of Wakarusa, and Herbert Yoder, of West Liberty, Ohio.

Avon Poetry Reading

On May 6, in the Women's Annual Poetry Reading Contest, sponsored by the Avon Literary Society, Sylvia Troyer 51, of Goshen, placed first, winning the Society's prize, **The Big Fisherman,** by Lloyd Douglas. Emma Sommers 49, of Kokomo, placed second, and Patricia Lerch 52, of Wooster, Ohio, third.

FRESHMEN CAPTURE TRACK MEET

The sprint ability of Antonio Alvarez 52, a lithe speedster from Puerto Rico, gave the freshmen victory in the annual intramural track meet run off on both the college course and Foreman field at Goshen high.

Alvarez won the 100 yard dash in 10.3 seconds, copped the 220 in the fast time of 22.7 seconds, won the 440 dash in 53.7, took second in the broad jump with a leap over 20 feet, and anchored the freshman half-mile relay team to a winning spot in a new school record time.

The freshmen nosed out the junior-senior combination 83-82 with the sophomores totaling 55. The two upper classes combined in the meet because they had far less entries than the two other classes entered.

Martin Kinney 52, former Goshen high athlete, won the pole vault, and took third in the high jump and broad jump to earn nine points. He also ran on the winning freshman 880 relay quartet.

Double event winner for the seniors was Calvin Redekop 49, who took blue ribbons in the shot put and discus throw. Sophomores taking two firsts were Dale Hochstetler 51 in the mile run and 880 yard run, Jay Holaway 51 in the high jump and broad jump. Paul Brunner 49 took the only other first place, in the javelin throw.

In addition to the 880 relay record of 1:36.9, Holaway's high jump of 5 ft. 11½ inches, the 22.7 seconds sprint of Alvarez, and the mile relay mark of 3:47.4 were new school marks.

Roman Gingerich, Goshen College athletic director, was in charge of the events.—From the **Goshen News-Democrat.**

ENJOYING THE STUDY OF ASTRONOMY

H. Harold Hartzler, Professor of Mathematics, considers his year at the University of Arizona very profitable from the educational point of view. He has enjoyed the study of Astronomy and has made a number of valuable contacts. This spring at Alpine, Texas, while attending a regional meeting of the A.A.A.S., he presented a paper on the "Light Curve of the Eclipsing Star YY Canis Minoris." He also visited the McDonald Observatory and expects to have their co-operation in doing some spectroscopic work on that star.

During the second semester he has been spending most of his working time doing research with the excellent equipment available at Tucson. He is fired with enthusiasm to come back to Goshen and develop an astronomy department. He feels that this aspect of education at Goshen College has been neglected too long.

Taking my Farmerstown mixed chorus of 20 members to Kinsman, Ohio, Mission . . . . Assist in services at the mission points. . . . Enlarged and remodeled our church in Farmerstown.

Glen Guengerich, Kalona, Iowa. Teach school . . . Wayland High School four years . . . Kalona Rural School 35-55 pupils . . . . Past five years raising turkeys . . . . Last year 3,000 . . . . Have also started a Guernsey herd (registered) from good foundation and champion stock. Our first love has come to be the farm and the country as far as a place to live is concerned . . . . Best place in the world for children to grow up, and the farm offers many other opportunities.

Idella (Zuercher) Nussbaum, Route 1, Dalton, Ohio. Two-year-old Janet broke her arm while we were vacationing at the lake. . . . Really thrills my heart to read of the important work the Hersheys and other missionaries are doing.

Mrs. Rollin Krabill (Gladys Johns), Route 3, Louisville, Ohio. Rollin teaching a one-room school past two years. . . . Bought a 100-acre farm which Rollin works during the summer. . . . Planning to raise chickens and have a large flock of laying hens in remodeled barn. . . . Rollin likes teaching, but it's a pleasure to work and relax on the farm part of the year . . . . Richard, eleven, fifth grade; Joan, six, eager for school.

"Bonnie" Overholt, 919 South Eleventh Street, Goshen. Employed at the Goshen Rubber and Manufacturing Company. . . . Now have the title of Job Estimator. . . . Look at blueprints five days a week and tell prospective customers how much it would cost them to have our company make their product. . . . Two daughters, Karen and Rebecca.

Raymond Troyer, rural route two, West Liberty, Ohio. Last year we moved on the home place where my wife, Kay, was born and raised. . . . Started farming after ten years of teaching as a public school music teacher. . . . Why such a complete change? . . . Marilyn, seven; Betty Lou, five and one-half; Dennis Ray, four; David Alan, two; and the family still growing. . . . To raise and support a family like this, meant a change would have to be made in some way, either to get into a bigger and better paying school system, or into a different line of work with the financial security and other benefits more suited to the raising of a good-sized family. To get into a bigger school system meant taking the family to the city with its additional problems for family life. The farm finally won, and so far we have had no cause for regret. By keeping our church ties active, Sunday-school teacher, quartet member, chorus work, church chorister, etc., I still have plenty of outside interests to keep me busy, especially in a musical way. Then to see the children have a chance at all the room they need to romp and play and work in, means a great deal to us and we are happy. True, there are times when I do miss teaching, but one is so busy on the farm that those moments are quite infrequent. Then, too, I am learning that there are some great satisfactions in life on the farm. To plant things, tend them, see them grow and develop, and then harvest them, to follow the changing seasons, to constantly be rubbing elbows with some of the beauties of nature are only a few of the things that add to the fullness of life on the farm. It helps to broaden and deepen one's philosophy of living and keep one in closer communion with the Creator.

Lois Gunden, rural route five, Goshen, Indiana. Teaching three classes of French and two sections of Intermediate Spanish this year. . . . Plans for the coming summer, helping in a service unit in Puerto Rico. . . . I shall be working among the natives and hope to gain a great deal of fluency in speaking Spanish while I have so good an opportunity to practice it.

Lois Winey, Goshen. This school year another full and busy one. . . . Full teaching load plus being director of Secretarial Services for the college . . . secretarial staff of about twenty girls, most of them working full time. . . gone are the days when a student girl could run the Business Office between classes and another student girl could run the Dean and his office, also between classes. I am to be on leave for all of the next school year for further graduate study. Retha has offered her services at various times to help with the class letter and since we haven't used her services extensively, perhaps now would be the time for me to pass along my class letter job for next year and ask her to work with Lois Gunden in getting out the fourth issue.

THE THIRTY EIGHTER

Annual Letter of the Class of 1938

The editor is indebted to Mrs. Lloyd Noe (Thelma Oyer), of Eureka, Illinois, for an opportunity to read "The Thirty Eighter." The dead line for the letter was March 20, but it seems to have taken a second and even a third notice to get twenty-three letters from the thirty-eight people on the 1938 class roll. Mrs. Noe gives Beulah Smith x42 credit for the typing and Henry Dick, a brother-in-law of Beulah Smith, credit for the photography.

The class of 38 runs an interesting feature in connection with the letter. Members of the class send Mrs. Noe pictures of children or family groups. These are then enlarged and duplicated, so that each member who receives his class letter receives a page of pictures. This is a feature other classes might be interested in copying if they can persuade the photographer to take the time and energy to do the work.

Anna (Hallman) Byler, Carlos Casares, F.C.O., Argentina. Will keep working away in home visitation, children's classes, young people's activities, tract distribution, public meetings, and everything we can think up to try to interest people in the Gospel. That is all we can do—give them the Gospel, and pray that the Holy Spirit will then work in their hearts.

Emanuel Hertzler, 915 Rosemont Court N.W., Canton, Ohio. This year's entering freshmen are the poorest in many years. The English Placement Test this year was the lowest in University history. It comes as a shock to the faculty because the last two or three classes, filled with older G.I.'s, were so capable. We have several explanations. For one, these people were in high school during the war, here depleted teaching staffs and the disrupted home life of the pupils were not conducive to good teaching. Secondly, too many people are going to college. If college training is to be of high caliber, it must be limited to those of exceptional ability. I'm certainly in favor of lowering the financial barriers, but not the intellectual. We in Ohio universities, are required to accept all graduates of accredited Ohio high schools, and that makes problems. We hope to be able to move to Michigan for a year starting in June, to finish my doctoral work.

Lotus E. Troyer, Carlock, Illinois. Looking forward to home gardening. One little daughter, Lila, underwent an operation on her feet at a children's hospital in Chicago and is now about ready to come home after more than four months' absence from us. The operation was pronounced very much a success and with her new braces and crutches she will be able to walk, which is a real blessing under the circumstances.

Don Kreider, 4 Stover Court, Wadsworth, Ohio. Purchase of a radio-phonograph, a very fine investment. . . . Eldon third grade, Dierra in kindergarten, Leo now three, very active. . . . Present housing hardly adequate. . . . Continue to draw plans for future building.

Myrtle (Schnell) Hertzler, 915 Rosemont Court N.W., Canton, Ohio. Barbara, four and a half years, Linda, seventeen months. . . . In Canton a year now. . . . Certainly enjoy having our own home after our many years of wandering.

Mrs. S. Paul Miller (Vesta Nafziger), Jamgaon, via Drug, C.P., India. Paul in Calcutta clearing our freight. . . . Saw the car unloaded. . . . Came through in good shape, except that spotlight was stolen and the service light, tire gauge, and a flexible tape measure. . . . Carrying on evangelistic, educational, and medical work. . . . Paul is running the roadside clinics again. . . . About 300 patients every Wednesday.

Ruby (Martin) Zook, Latour, Missouri. Busy remodeling our seventy-six-year-old-house. . . . Well preserved. . . . Made some changes in the basement. . . . Teaching a class of adult women about my age each Sunday, belong to the local Homemakers Club, serve on several committees, try to get in some writing for the **Christian Monitor** now and then, due to the editor's request, write an occasional letter to the **Mennonite Weekly Review**, act as chairman for the local community meetings held at our schoolhouse this winter, try to get in some entertaining once in a while—and, on the side line try to do my housekeeping and be a homemaker!

Anna D. Leatherman, Beulah College, Upland, California. Trips . . . (1) through southern Minnesota, through the Black Hills of South Dakota, through Wyoming and Yellowstone National Park . . . (2) Thanksgiving vacation to Arizona . . . (3) Christmas vacation, Mexico and San Diego. . . . Teaching a class in Ornithology, . . . Enjoy opportunity to learn western birds . . . . Living in little apartment close to the campus.

Clyde Miller, 1508 Greenway Court, Lynchburg, Virginia. I am teaching Mathematics through Calculus at Lynchburg College, an organ of the Disciples of Christ. This group is a remnant of the Christian Church which did not merge with the Congregational Church a few years back. . . . Getting quite enthusiastic about the South.

Leland Bachman, rural route five, Goshen. By the time school opens this fall it is now quite certain that the student lounge, bookstore, post office, and snack shop as well as the three music studios, a listening room, and a classroom under the stage will be ready for use. The deciding factor is the amount of money received between now and the middle of summer. Last summer we built a new home just west of C. J. Gunden's on the road to the dam. It is built up against the woods, with the back of the lot running into the woods. It is a one-story brick building, without a basement, three bedrooms, living-dining room, bath, kitchen, utility room, and a garage attached. David started to high school this past fall. . . . Favorite subject, Latin. . . . Enjoys school, especially athletics.

John A. Friesen, American Mennonite Mission, Drug, C.P., India. The church in India, I feel, has passed a crisis, and if the country has gained her independence, she has earned her right of existence. The rights of minority groups and especially the provision made for the existence and propagation of the Christian Church is nothing short of a miracle when one considers the fact that the whole cultural background of India is so violently different. . . . The major appointment to a place like Drug is direct evangelistic work. . . . The government is very sympathetic to our medical work. . . . Traveled 20,000 miles last year visiting the district leper clinics.

Bertha Risser, rural route two, Hershey, Pennsylvania. Last summer I had the most wonderful vacation in Europe as a member of the Student Voluntary Service Group of M.C.C. . . . May I suggest, if you are in the mood for a super plus vacation, do buy a good camera, take a public speaking course, buy a boat ticket (slow boat), and go to Europe for work and pleasure. (Editor's note: It is impossible to convey, even with a few quotations, an adequate idea of Miss Risser's interesting account of her delightful experiences in connection with her European trip.)

Lois (Yoder) Kreider, 153 Stratford Avenue, Wadsworth, Ohio. Charles busy truck gardening, mostly tomatoes. . . . Enjoys outdoor work in the summertime, after spending a school year indoors teaching Science. . . . Jan first grade of school, Jerry almost five, Susan two and one-half years, ill with nephrosis. . . . Spends part time in the hospital. . . . I presume that my own activities are similar to those of most of the mothers included in our group. I enjoy the routine of our household and it seems that some of the busiest days are some of the happiest. The time spent in keeping one's family happy is time well spent.

Charles Neff, M.D., Street, Maryland. News centers around our little Christina. . . . Otherwise, our news is only that of a busy open house occupied by a country doctor and his family.

Alta (Good) Hershey, La Plata, Puerto Rico. H-O-M-E, the land of straight roads, chimneys, speed, windowpanes, wide highways, and churches where four-part music thrills one's soul. . . . Janice Jo and Sherilyn enjoyed the long-anticipated flight and train ride. . . . Eugene is lonesome for his daddy. . . . Lester's duty during these few summer months to raise funds for buying a building to be used for a chapel or else for building chapel and parsonage at Palo Hincado.

Russell Schnell, Charlesville, Kasai District, Congo Belge, West Coast Africa. At last we have a son, Russell Melvin. . . . Carolyn in high school at the Presbyterian Mission. . . . Marilyn and Joyce first grade. . . . Evelyn not yet in school. . . . We have around 1,000 in school.

Robert and Ruth (Sieber) Reist, Falfurrias, Texas. John in school this year. . . . David now three. . . . Down in the Rio Grande Valley growers are pulling up whole groves of orange trees on account of the freeze, but most of our trees are already in leaf; some are blooming. Next year's crop will be short and late.

Raymond Yoder, P.O. Box 106, Congerville, Illinois. Last Sunday we broke the record in Sunday school for this fifty-year-old church in Congerville with 122 present. The church called us for another year and gave a little cash love gift of $1500 in addition to the salary. Now we plan to finish building the house on the foundation laid several years ago.

Ruth Ressler, 615 Walnut Avenue, Scottdale, Pennsylvania. M.C.C. is sending Rhoda and me to the Far East as soon as school closes. . . . Had intended to go to Shanghai, but now destination is in doubt.

Lloyd V. Conrad, East Waterford Street, Wakarusa, Indiana. Attending annual meeting of the American Association of College Registrars in Columbus, Ohio (during late April). . . . Continue to live at Wakarusa. . . . Commute to Goshen every day.

Paul Bender, Class Sponsor, Goshen. Lloyd Conrad is with me at the Registrar's convention. . . . I always come away from a meeting like this with the feeling that Goshen College is doing an unusual job. We are not big in numbers or equipment and we don't make much of a spot on the map, but we have a program that strikes at the heart of things people are looking for in higher education. Always the more thoughtful discussions emphasize the need for a deeper sense of spiritual values in our society as the highest contribution education can make. I am glad that I can work at Goshen College.

Mrs. Lloyd Noe (Thelma Oyer), Eureka, Illinois. Randy now almost two years old. . . . Judy nine months. . . . Home boundary lines mean nothing to Randy. . . . We built a fence in the back yard to keep him home. . . . Living in Eureka but operate a farm out of town.

THE ALUMNI NEWS-LETTER

Vol. XLIII SEPTEMBER, 1949 No. 11

Honor List of Alumni Contributors

During the fiscal year beginning September 1, 1948, and ending August 31, 1949, alumni contributions again reached a new high. The number of alumni contributors was 1743, an increase of 73⅓% over 1947-48. The total amount of money contributed was $40,280.20. This does not include the money donated by Goshen College students in the two-day work drive last fall. If the amount contributed by students during the previous year ($6,752.73) is subtracted from the previous year's alumni contributions ($34,123.51), the increase in alumni contributions for 1948-49 is more than 33% over the year, 1947-48.

Other sections of the constituency also contributed liberally to the building program during the fiscal year just closed. During the past year a committee of prominent citizens of Goshen working with business manager, C. L. Graber, conducted a campaign in the city of Goshen and in Elkhart County for funds for the building campaign of the College. They oversubscribed the goal of $50,000 which they set for their campaign. More than half of this amount has been paid in and C. L. Graber is receiving the remainder of the contributions due during the second half of the two-year period covered by the campaign.

I. E. Burkhart 26, field secretary, is continuing his fine service in gathering funds, not only for the building program, but also for current operating expense. Quite a number of contributors have written checks running into four figures for the building fund during the past year. Some of them have repeated these four-figure gifts a second time.

Dr. Carl M. Hostetler 33, president of the Alumni Association, past-president, C. P. Martin 27, and other officers of the Alumni Association, as well as the Administrative officials of the College, are highly pleased with the alumni response during the past year. An increased number of alumni have contributed for the first time during the year 1948-49 and some of the regular contributors have increased the size of their gifts.

This is as it should be. More and more, American educators and leaders in other fields of American life are realizing the importance of the Christian college, not only in maintaining and extending a vital Christian influence in American life but also in meeting attacks on the democratic way of life. The state schools can do a great deal in the fields of research, but for actual training of young people and inculcating in them a belief and practice of the Christian ethic no other school offers such outstanding advantages as the small Christian college.

For this reason it is becoming increasingly clear to church and civic leaders that colleges like Goshen deserve a share of the Christian's tithe along with his support of missions and relief. For without these strong Christian educational centers to furnish the leadership, interpretation, and vision for the missionary and relief enterprises, those enterprises themselves fall short of the Christian goal and lose their ultimate validity as life-sustaining agencies.

Below is a list of alumni who have contributed to the building fund during the past fiscal year. To them and to many others who had a desire to contribute but whose circumstances deprived them of that privilege, President Miller 17 and officers of the Alumni Association say a hearty, "Thank you."

The Alumni Office has spent many hours in trying to print a complete and accurate list of contributors. No doubt there still are errors in the list. The Office made every effort to print an errorless list to mail to alumni in August. We regret that it was necessary for a half-dozen or more alumni to point out errors and omissions in that list. The Office has corrected these errors and added to the list the names of all alumni who sent in their contributions since the July list was prepared.

One major difficulty is to determine the year in which a certain nongraduate student should be classified. Naturally, graduates are listed in the year in which they received their academy or college degree. Academy and college nongraduates are listed in the class with which they would have graduated if they had completed their course. Winter Bible School students, summer session students, and special students of many kinds (spring term, part-time, extension, etc.) are listed in the year in which they first enrolled at Goshen College.

The editor of the NEWS-LETTER and the offiicers of the Alumni Association are grateful to all who have made the past year the most prosperous in the history of the Association. This has been a banner year in number of contributors to the financial program and in the amount contributed. We thank you heartily, everyone.

TITHING?

The Alumni Office has no way of knowing how many alumni actually are tithers, but it is our experience that those who do tithe give more liberally, more regularly, and more cheerfully than the non-tithers. Alumni may be interested in the following bit reprinted from the **Westmont** (California) **Courier:**

"The Tither's Surprise"

1. At the amount of money he has for the Lord's work.
2. At the deepening of his spiritual life.
3. At the ease of meeting his own obligations with the nine tenths.
4. At the ease of going from one tenth to larger giving.
5. At the preparation this gives to be a faithful and wise steward over the nine tenths that remain.
6. At himself in not adopting the plan sooner.

DOROTHY TURNS POET

The following poem by Mrs. Don McCammon (Dorothy Snapp 44), of Hochwan, Szechwan, China, the location of the new Mennonite mission, evidently comes out of the rich and varied experiences connected with the opening of the work in China.

"Sufficiency"

By Dorothy McCammon

Rich memories are not, I think, proportionate to years.
This life is short in years, and yet my memory store is packed
With fragments: moments, snatches, words unspoken, friendships brief.
Were I to know this day would be my last—I have not lacked.

Each morning, dawning fresh, brings with it gifts in solemn trust;
Unscaled heights and vistas new; hard work that calls for skill.
The past is gone. Today is mine! That challenge satisfies.
Were there no memories in my heart, I could be happy still.

Who knows the lot tomorrow holds? We are not meant to know.
The Great Creator knows our feeble frame, our frail stuff,
And so He teaches us, not how to know, but how to trust.
Had I no past, no present, only faith—it were enough!

PROGRESS ON THE AUDITORIUM-GYMNASIUM

Two questions occupy the minds of students and alumni at the beginning of the 1949-50 school year. "What progress has been made on the Auditorium-Gymnasium?" and, "How soon will the building be completed?"

Exterior construction of the building is completed as this issue of the NEWS-LETTER goes to press. Contrary to reports that reached some alumni during the summer, work on the Auditorium-Gymnasium has not been suspended. A reduced force of artisans—bricklayers, concrete workers, carpenters, plumbers, plasterers, and electricians—worked right on through vacation. The smaller number of men employed enabled Mr. Jackson to continue the work economically with highly trained, efficient labor.

When the students arrived on the campus in September, Milton Gascho 36 and his corps of assistants were moving the post office, bookstore, and snack shop into the north wing of the building. The terrazzo floors have been laid in this area, as well as in the student lounge and in several of the corridors and passageways of the main building. A shipment of furniture for the lounge has arrived—forty-two chairs, six settees—making possible a dozen or more conversational or committee units. Art Sprunger had completed the mural on the south wall of the room. This part of the building was completed to the extent that registration of students was conducted there.

The music rooms under the platform also were nearly ready for use. This unit consists of three offices and studios, a music listening room, and a music practice room. The floors were covered with green asphalt tile.

In other parts of the building all of the concrete had been laid except in the outer lobby to the west and the finished floors were all laid except in the lobby and the gymnasium-auditorium.

When Will the Building Be Finished?

That is the "Sixty-dollar question"! Six months ago when Mr. Jackson was asked how soon the building would be completed, he said, "Within ninety days after all the money is in." On September 10, his answer to the same question was, "Thirty days after all the money is in."

As this copy of the NEWS-LETTER goes to press, approximately $75,000 is needed to purchase the remaining equipment and pay for labor to install it.

Wooden floors will need to be laid over the concrete subfloors already placed in the Auditorium-Gymnasium and on the platform. Some of the cement blocks that form the interior walls of the Auditorium-Gymnasium are not yet in place. Other areas are still to be faced with glazed tile blocks.

It is possible that the showers and locker rooms can be ready in the not-too-distant future. Steel lath has been placed on all the ceiling except in the Auditorium-Gymnasium, but probably more than half of the plastering remains to be done.

Naturally sidewalks are still to be laid outside the building and no landscaping has been done.

Even in its present state of construction the building promises large areas of usefulness for the educational and cultural program of the college. The removal of the snack shop and bookstore from the administration building releases space for long-needed "Y" headquarters and for the growing needs of the department of audio-visual aids headed by John Byers 48. The removal of the music rooms to the area under the platform of the Auditorium-Gymnasium also releases space in the administration building for offices and additional classrooms.

SCHOLARSHIPS 1949-50

Nine young women have been granted the coveted Laura A. Kindig Scholarship paying $200 a year. Marilyn Escott Miller, of Goshen, a senior; Ruth Beard, of Elkhart, and Jane Willey, of Goshen, juniors; and Nadine Bontrager and Miriam Troyer, both of Goshen, sophomores, previous holders of these scholarships, have had their grants renewed for the year 1949-50.

New grantees are Lois Shank, junior, of Goshen; Roma Herrington, valedictorian at New Paris last June; Marilyn Logan, 1949 Goshen graduate; and Martha Yoder, salutatorian at Middlebury last spring.

The funds for the Laura A. Kindig scholarships are derived from the income from the Laura A. Kindig Trust Fund, which is administered by the trustees of the Laura A. Kindig Seminary, who allot each year to Goshen College the net income from the Trust. The scholarships are awarded annually to worthy young women selected by the college subject to approval by the board of directors of the Trust.

Esther Musselman, of Gettysburg, Pennsylvania, has been granted a junior-senior scholarship of $200.

Three other students are recipients of special scholarships made available by endowments. Each of these pays the holder of the scholarships $110 during the year 1949-50.

Franklin N. Kornhaus

The Franklin N. Kornhaus scholarship is awarded to a student of Goshen College for achievement and promise in the field of public speaking.

Albert Meyer, senior, son of Professor and Mrs. J. C. Meyer, of Sterling, Ohio, is the first recipient of the Franklin N. Kornhaus, Scholarship, a $2500 Franklin N. Kornhaus, member of the class of 1900, and a highly successful retired banker and prominent civic leader of Oakland, California.

Esther Bixler of West Liberty, Ohio, a junior, has been granted the D. A. Lehman Scholarship, awarded annually to that junior student majoring in the division of natural science who makes the highest scholastic average during the first two years of his work at Goshen.

David Hurst, of Columbiana, Ohio, a senior whose parents are missionaries in Africa, has been granted the J. S. Hartzler Scholarship, made available by friends in the Prairie Street Mennonite Church in Elkhart as a memorial to J. S. Hartzler. The scholarship is granted to a student in the last three years of the Th.B. or B.D. course in the Goshen College Biblical Seminary, and preference is given to students who maintain at least second group scholarship standing, show financial need, have a strong record of devotion to the work of the church, and are members of the Prairie Street congregation.

The establishment of these special scholarships is an encouraging sign because they make available endowment funds which the College can use to encourage scholarship and outstanding student performance in various fields. Several alumni are contemplating the establishment of additional scholarships in the field of their special interest.

In addition to special scholarships listed above, President Miller has been authorized by the Mennonite Board of Education to grant fifty-three other scholarships chiefly to freshmen. Thirteen of these go to students in Northern Indiana, and the others are distributed as follows: Ohio, 11; Pennsylvania, 8; Illinois, 6; Iowa and Ontario, each 4; Michigan, 2; and one each to California, Florida, India, New York, and Virginia.

NEW ADMINISTRATIVE OFFICIALS

On September 1, Leland Bachman 38, who has been serving the College as controller for the past two years, succeeded C. L. Graber as business manager and Ralph Gunden 50 was appointed controller to succeed Mr. Bachman.

Mr. Graber has been released to accept appointment as secretary-treasurer of Mennonite Mutual Aid, Incorporated, and Mennonite Aid, Incorporated. He continues his connection with the College in the department of Public Relations on a one-third time basis.

The newly appointed business manager, Leland Bachman, formerly a minister of the Mennonite congregation at Morton, Illinois, had extensive experience in administrative positions in C.P.S. camps, and in business before coming to Goshen as controller two years ago.

Mr. Gunden also has had considerable experience in financial matters. During his period of Voluntary Service for the M.C.C. following his release from Civilian Public Service, he served as accountant in the offices of the M.C.C. at Akron, Pennsylvania. For the past two years he served as controller in the office of the M.C.C. at Basel, Switzerland, in charge of all M.C.C. services and operations in Europe.

President Miller states that while the College regrets losing the full-time services of Mr. Graber, the administration is glad to release him for the larger field of service offered by the Mutual Aid Program. He feels that the wide business experience of the new appointees, with the retention of Mr. Graber in the office of Public Relations will strengthen the financial staff of the institution. I. E. Burkhart 26 will continue as financial field secretary, a position which he has filled ably during the past number of years.

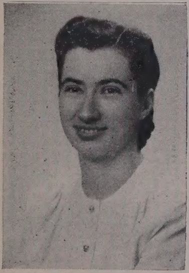
INTERIM COMMERCE DEPARTMENT APPOINTMENTS

During the absence of Miss Lois Winey at graduate school in New York University, it has been necessary to make provisions for her work in the Commerce department. Miss Fern Troyer 49, who has been rendering a fine type of service as the President's secretary during the past few years, is serving as Director of Secretarial Services.

She and Miss Gladys Stoltzfus 49, of Kinzers, Pennsylvania, are teaching the secretarial courses, Shorthand, Typing, and Secretarial Accounting. During the second semester they will offer in addition Secretarial Training, Business Correspondence and Office Practice. Last year Miss Stoltzfus was employed part time in the Commerce department as an assistant to Miss Winey.



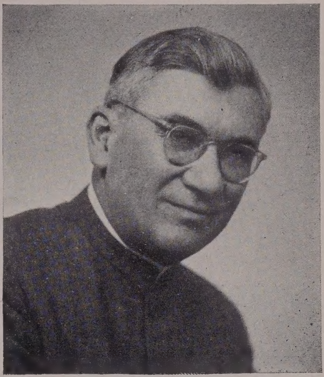
Fern Troyer

Gladys Stoltzfus

INTERIM APPOINTMENT IN SEMINARY

J. Lawrence Burkholder, air pilot relief worker in India and China for four years, has been appointed interim instructor in the Goshen College Biblical Seminary. During the first semester, most of his teaching schedule is intended to fill in the absence of Dr. S. C. Yoder, who is on leave of absence as a representative of the Mennonite Board of Missions and Charities in Elkhart, Indiana. During the second semester, his main teaching assignment will be the classes ordinarily taught by John C. Wenger, who will be on leave of absence. Mr. Burkholder is an ordained minister in the Mennonite Church.

In 1939, he was granted the B.A. degree at Goshen College. In 1942, the degree, Bachelor of Divinity, at the Lutheran Theological Seminary in Gettysburg, Pennsylvania. He also has completed most of the required work for the degree, Master of Theology, at Princeton Theological Seminary.



C. L. Graber

RAY BAIR JOINS STAFF

Ray Bair 47, of Leetonia, Ohio, has been appointed Assistant Director of Public Relations to serve during the leave of absence of Paul Stoll 48. Mr. Bair made an excellent high-school record as an athlete and student and was a student leader during his undergraduate years at Goshen.

Following his graduation with the B.A. degree in 1947, he continued his work at the College in the Biblical Seminary and received the Th.B. degree in 1948. During the past year he continued his work in the Seminary and with his wife was active in various youth projects.

Mrs. Bair 49, the former Lillian Oswald, is employed in the Goshen College Library. Mr. and Mrs. Bair reside at 402 Marilyn Avenue in one of the new College cabins in Shoup's woods, just west of the campus.

MUTUAL AID PROGRAM EXPANDS

The Executive Committee of the Mennonite General Conference at a meeting held at Harrisonburg, Virginia, on August 14, authorized a broader service in the field of mutual aid and appointed C. L. Graber secretary-treasurer of two corporations directed to be of mutual assistance to members of the Mennonite Church in the United States by rendering services similar to those extended to citizens of the United States by the Government and by private agencies.

Mennonite Mutual Aid, Inc., is a borrowing-lending agency for financing business undertakings for members of the Mennonite Church in the United States, also assistance in financing the Displaced Persons Program particularly in Paraguay and Uruguay. Although the corporation is only a few years old, it now has assets of nearly three quarters of a million.

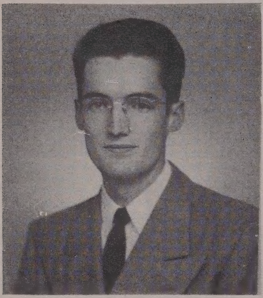
The other corporation of which Mr. Graber is secretary-treasurer is just beginning operations. It is to provide a hospital, surgical and death benefit program. The office for both corporations of which Mr. Graber is secretary-treasurer is located at 1413 South Eighth Street.

Harold Swartzendruber, a senior at the College majoring in Accounting and Business Administration, is serving as accountant in the office on a part-time basis. Lois Yake 48, who has had secretarial assignments under the M.C.C. in the European Area for the past two years, will serve as Mr. Graber's private secretary beginning December 1.

EXCHANGE PROFESSOR TEACHING AT GOSHEN

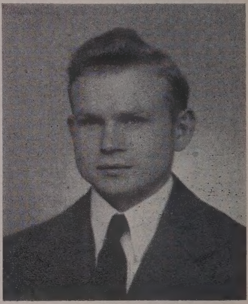
Dr. Ernst Crous (pronounced "kruce"), leading Mennonite scholar and minister of Goettingen, Germany, is serving at Goshen College as exchange professor during the first semester. During the second semester he will serve at Bluffton College and Bethel College.

Dr. Crous has been pastor of the Mennonite congregation at Goettingen, made up largely of Mennonite refugees from various parts of Europe, more particularly from Danzig and Russia. As pastor of the refugees, Dr. Crous has done outstanding work especially in organizing small cells of members here and there and then giving them pastoral oversight.



Ralph Buckwalter

Eugene Blosser



Carl Beck

Prior to World War II, Dr. Crous served as librarian in several departments of the subject catalog of the National Library in Berlin. He also was engaged as instructor in the librarian's school in such subjects as bookmaking, the book trade, history of libraries, history of philosophy, history of the sciences, and organization of research work. He was co-author of the book printed in London entitled "Printing: The History of an Art." He also has written articles for English journals on the art of bookmaking.

Dr. Crous holds the Ph.D degree from the University of Bonn. The subject of his doctoral dissertation was "The Religious Philosophy of John Locke and His influence on the Deism of His Times."

The teaching assignment of Dr. Crous at Goshen College during the first semester will include "European History, 1870-1918" and "Masterpieces of German Literature." He also will deliver certain lectures on German Mennonite history in connection with Professor Bender's classes in Mennonite history and church history.

STUDIES AT MICHIGAN STATE

Miss Elaine Sommers 47 has been granted a year's leave to do graduate work in communications (writing, reading, speaking, listening), a new field of studies being developed in a number of prominent schools. Miss Sommers has been teaching English and Speech at Goshen College since her graduation.

During the summer of 1947 she was a member of a student group traveling and studying in Europe. In the summer of 1948, she served in a Voluntary Service Unit as hospital attendant at the Richmond State Hospital (mental) at Richmond, Indiana. During the past summer she was assistant director of the Voluntary Service Unit, "Students-in-Industry" at Chicago.

Miss Sommers' undergraduate major at Goshen College was English and her minor, speech. She did outstanding work in the various public speaking contests at the College during her undergraduate years.

PLAN NEW MISSION IN JAPAN

The Mennonite Board of Missions and Charities has been conducting preliminary investigations looking toward the establishment of a Mennonite mission in Japan and has appointed Mr. and Mrs. Ralph Buckwalter 48 (Genevieve Lehman, R.N., pt 47-48, 48-49), and Mr. and Mrs. Carl Beck 48 (Esther Thut, R.N., pt 46-47) as the first missionaries in the new unit.

J. D. Graber 25, secretary of the Board, spent July 11 in New York in the interests of the proposed mission work in Japan. He has been appointed as commissioner to Japan. The timing of his trip will be determined by the progress and developments of the mission program of that country. The Mennonite Board of Missions and Charities also has prepared a number of new books on Japan intended for use in the mission study classes. The Board has made tentative arrangements to send the new appointees before the end of the present year.

Ralph Buckwalter, following his graduation with the B.A. degree in 1948, continued his work in the Goshen College Biblical Seminary and was granted the degree, Bachelor of Theology, in June of the current year. Mrs. Buckwalter graduated from the La Junta Mennonite School of Nursing in June, 1947, and has been engaged in part-time nursing service in various hospitals since her marriage to Mr. Buckwalter.

Mr. Buckwalter was ordained to the Christian ministry at the Pennsylvania Church near Hesston, Kansas, on the afternoon of September 18. His father, Bishop Earl Buckwalter was in charge of the ordination with Bishop J. G. Hartzler, of Windom, Kansas, preaching the ordination sermon.

At the same time and place that Ralph Buckwalter was ordained for missionary service in Japan, his brother Albert, B.A. 47, Th.B. 49, was ordained for service in the Argentinian Chaco.

Both of the Buckwalter brothers served in Civilian Public Service, Ralph, from June 1943, to June 1946, first at Hill City, South Dakota, than at Ypsilanti, Michigan, and Powellsville, Maryland.

Carl Beck was granted the Bachelor of Arts degree at Goshen College in 1948 and the Bachelor of Theology degree by the Goshen College Biblical Seminary in 1949. He served in Civilian Public Service from October, 1941, to November, 1945, first at Wells Tannery, Pennsylvania, and then at Farnhurst, Delaware, and Marlboro, New Jersey.

Mr. Beck is a cabinetmaker and handles a trowel as well as a saw and plane. In 1947 he built a small, but commodious cottage on a lot near the Elkhart River dam.

Mrs. Beck is the daughter of a Mennonite minister, John Thut x03, of Harper, Kansas. She graduated from the Harper, Kansas, high school and also from the La Junta Mennonite School of Nursing. Mrs. Beck has been in demand as a nurse at the Goshen Hospital and also for private duty. Mr. and Mrs. Beck have a daughter, Carol, six years old.

The training and experience of these young people give them excellent preparation for the new and trying duties that await them on the Japanese mission field. They join the constantly growing group of Goshen alumni who are carrying "Culture for Service" to the far corners of the globe.

ORDAINED TO THE MINISTRY

On July 17, at South English, Iowa, Eugene Blosser 49, under appointment to China, was ordained to the Christian ministry. The service was in charge of Bishop Simon Gingerich, Bishop J. Y. THE 1949 STUDENT SUMMER TOUR

By Donald Miller 50

The air was smooth and clear, the big ship's wings glistened in the evening sun, and the steady purr of the four engines lent living power to this large bird winging its way from America to the European continent. The first day of the Mennonite students' summer tour of 1949 was drawing to a close and the participants were looking forward with great anticipation to a tour of Europe packed with educational, cultural, and spiritual possibilities.

The group was composed of forty-two students from eight Mennonite colleges including Bethel, Bluffton, E.M.C., Freeman, Hesston, Messiah, Tabor, and Goshen and was very ably led by Professor Guy F. Hershberger, of Goshen. Eleven of the group, four alumni and seven students, were from Goshen College. Ella Mae Hooley 40 and Beulah Schrock 47, of Ligonier; Loretta Zehr 48, Hopedale, Illinois, and Paul Hertzler 48, Goshen, represented the alumni. Twila Hostetler 50, Orrville, Ohio; Doris Liechty 50, Archbold, Ohio; Jocele Thut 50, West Liberty, Ohio; Mervin Miller 52, Goshen; Robert Miller 52, Akron, Pennsylvania; Myrl Nafziger 50, Hopedale. Illinois; and Donald Miller 50, Goshen, represented the students.

We left from Bradley Field, Connecticut, by plane the evening of June 14 and returned by ship to Quebec on August 28. During this time we had a very interesting and well organized tour of England, Belgium, France, Switzerland, Italy, and Holland, where we lived for a week in Mennonite homes. The climax of the tour was the very worth while four weeks we spent in German work camps where we worked and fellowshiped with other students from various countries in Europe. Some of us worked in each of the three camps —the Frankfurt Unit and Stuttgart Unit in the American Zone and the Hanover Unit in the British Zone. Our anticipation for a really fine tour was fully realized.

Topeka is the first Mennonite Service Unit in the state of Kansas. A group of twenty young people were members of the Summer Service Unit. Several of this group were Goshen students or graduates. The Mennonite Central Committee has decided to make this unit a permanent service unit with a group of approximately twenty persons. We will be able to maintain a close relationship with Winter General Hospital—a Veterans' Administration Hospital and also the Menningers at the Menninger Clinic. Several of our group have been admitted into the Menninger Phychiatric Aide Training School which will be located here at the state hospital. J. W. Shank 10 writes from the Argentine Chaco, under date of August 3. "We have just secured permission to get palm-tree poles to be slit open and used for reroofing the church at League 15. Since neither grass nor local water were available, we could not put on the grass roof as planned. . . . We have evening classes for the men to learn to read and write, with two of our Bible school boys to do the teaching. I have three men in the Bible class. . . . Some months ago we were greatly disturbed over a wave of pentecostal emotionalism that carried many Indians into ridiculous conduct. The situation has greatly improved now at our outstations, where this was mostly felt. . . . We have given a series of teachings on the Holy Spirit which has helped to make things clear."

TABULATION OF ALUMNI DONATIONS

The following table presents in outline form a comparison of the contributions for the years 1948 and 1949.

Where both husband and wife are alumni of Goshen College, half the contribution has been credited to the husband's class and half to the wife. Contributions of Summer School students and Winter Bible School students are credited to the class graduating in the first year of the student's attendance at Goshen College.

It is interesting to note that the number of contributors in 1948-49 is much larger than in 1947-48 and that there is also an increase of nearly 35% in the amount contributed.

President Miller and the officers of the Alumni Association are very grateful for this tangible indication of a growing interest on the part of alumni of the College.

In response to this fine spirit on the part of Alumni, alumni and College officials pledge wholehearted efforts in the extension and promotion of Christian education through Goshen College.

Vol. XLIII NOVEMBER, 1949 No. 13

Progress on the Auditorium-Gymnasium

Portions of the Building Now in Use

Students were delighted when they returned to the campus to find that the snack shop, post office, and lounge were nearly ready for use. The post office containing an area of approximately 25 by 25 feet is equipped with 547 lock boxes. Most of the boxes are of standard size. Several of the large ones, for faculty use, are the regular drawer size. With the large number of boxes, it is no longer necessary for two students to receive their mail from the same box.

The lobby to the post office serves also as the lobby to the snack shop where eight booths with capacity for from four to six people invite the student to rest and fellowship with a classmate or friend. The up-to-date counter equipped with a rack for student books and fourteen stools furnishes added room for study-weary students. The size of the snack shop is approximately 19 x 36 feet.

At the other end of the lobby is the bookstore, 19 x 31. Here students may purchase books, paper, writing materials of all kinds, as well as soap and other small items for personal use. The sale of these articles is intended to save bus fare for the student and time required for trips downtown.

These three areas, post office, snack shop, and bookstore, are located in the north wing and are entered from the east through a small lobby. At the other end of the lobby is the lounge, a spacious area intended to serve as an emergency hall in case of overflow audiences in the large auditorium. It is capable of seating between four and five hundred people.

When not in use as a hall, it serves as a lounge and is equipped with six small tables, twenty-four straight back chairs, and enough upholstered settees and chairs for six small committee or conversational groups. The students especially appreciate this room because heretofore they have not had a convenient and suitable place to meet during the off hours not used for study or recitation.

Adjacent to the lounge at the north end of the outer lobby of the main part of the building, the terrazzo floor has been completed in a space large enough to accommodate three ping-pong tables. During rainy weather when tennis and other outdoor games are impossible, these tables afford opportunity for indoor exercise.

Another part of the building, now completed, includes the music rooms under the platform in the east end of the main building. A corridor with a terrazzo floor extends the full length of the area which contains a listening room, three studios, and a recitation hall. Each room is nicely insulated and the floors are covered with a beautiful green mottled asphalt block tile. The listening room is equipped with a record player and a cabinet containing the large number of record albums owned by the Music Department.

The exterior construction, including the fifty-five-foot clock tower, is now entirely finished. All of the concrete floor has been laid except in the outer lobby at the west entrance. As we go to press (October 10), locker rooms still need plaster on the ceilings and terrazzo floors for which the cement base is already laid.

The principal part of the work remaining to be done is in the auditorium, 96 x 116. The specific work remaining to be done in the auditorium-gymnasium proper is completing the laying of the insulating blocks at the north side and the west end, lathing and plastering the ceiling, installing the lights, and laying the wooden floors. The maple wood floor will be laid on pieces two inches square, fastened securely to the cement base. The entire floor and platform will receive this maple wood cover.

Following the laying of the floor will come the installing of the folding doors. One of these will divide the main floor into two equal basketball floors, one for men and the other for women. The other will separate the platform from the main auditorium so that the platform can be used as a recitation room. Electric motors will open and close the folding doors. The opening to the platform will be approximately fifty feet wide and each of the wings on either side will be approximately half that length. The depth of the platform is 44 feet.

Mr. J. Gordon Jackson, construction engineer, has made every effort to erect a durable building with maximum economy. Nearly $500,000.00 may seem a large sum to invest in a building of this type, but judging by the construction cost of similar or smaller buildings erected in the Northern Indiana area during the past few years, this building could easily have cost a million dollars, if erected on the contract plan. In other words, this durable building of concrete and steel, has been erected at proportionately one half the cost of a similar building constructed on the contract plan.

The Goshen College Auditorium-Gymnasium is a building which the community, the Goshen College constituency, and the Mennonite Church will be glad to own as a part of the Goshen College plant down through the years.

The construction engineer not only reduced mistakes to a minimum. He simply has made no mistakes. When the steel was erected on the foundation for this vast structure, not a bolt or a line was out of place or needed changing. The firm employed to erect the structural steel remarked about the accuracy of all the measurements and the entire lack of difficulty in fitting the parts. This is only one instance out of many that serve to illustrate the careful workmanship that has gone into every part of the building.

A Service of Praise and Thanksgiving

On October 3, President Miller presided over a chapel program intended to inform students about the use and care of the parts of the building already completed. Walter E. Yoder led the hymn, "Now Thank We All Our God," which expressed his gratitude at finally being able to conduct his work in quarters so well suited to the work of the Music Department.

Robert Harnish, president of the "Y," explained the uses of the snack shop and lounge and made a strong plea for proper care of floors and furniture. He also mentioned several details about the mural which the "Y" had engaged Professor Art Sprunger to paint on the south wall of the lounge. The mural which puzzled students at first, is now winning their praise and appreciation. The color harmony, the movement and design of the mural, and its symbolic meanings make it a real art treasure.

Mr. Harnish also mentioned the new quarters for the "Y." The southwest room in the basement of the Administration Building, used during recent years as a bookstore, has been set aside as a "Y" room with a lobby, office, and a committee room.

The program closed with a talk by Nelson Springer on the subject, "The Vagabond Comes Home." Mr. Springer had been manager of the snack shop since its early beginning and through some of its vicissitudes during subsequent years during which, after beginning as a small corner of the bookstore, it gradually expanded until it occupied an entire room in the basement of the Administration Building. In his whimsical humorous manner he brought out the beauty and usefulness of the present home of the "Vagabond."

Financial Campaign for Completing Auditorium-Gymnasium Early in 1950

On September 1, at the beginning of the present fiscal year, approximately $75,000 was needed to complete the Auditorium-Gymnasium. The Board hopes to receive sufficient funds from four different sources to enable the building committee to finish construction by March or April: (1) the two-day work recess for the student, (2) alumni contributions, (3) the amount remaining to be collected from the Goshen City and Elkhart County drive, and (4) contributions from other friends of the college. Earlier it was feared that construction might not be completed until midsummer, but generous donations during August have raised hopes for completing the building as early as March or April, 1950.

The Student Two-Day Work Recess

This fall, as in the two previous years, the students petitioned the faculty for a two-day work recess to raise funds for completing the men's and women's locker rooms. The petition was granted and the Service Committee of the "Y" planned a vigorous campaign to arouse interest among students and to secure two-day jobs in surrounding communities.

First, the cochairmen of the Service Committee of the "Y," John Horst 51, of Porterville, California, and Eileen Conrad 51, Sterling, Ohio, planned a student rally to be held in the uncompleted auditorium in the new building. Following a series of pep talks, the singing of the hymn, "In Service Lord, for Thee," and the College song, students were instructed to indicate whether they had work for the two days or whether they wished the committee to secure jobs. The Service Committee secured 250 jobs in the Elkhart County area. The remainder of the students already had work locally or had arranged to return to their home communities.

Students engaged in many types of work. Six men worked at the Lugbill Sale Barn at Archbold, Ohio. Thirty picked apples in Bristol Orchards. Twenty-five men and women picked apples for Maynard Hoover at New Paris. One group harvested celery in the marshes in northeast Goshen. Most of the young women did housework, some did painting, one even hung paper. The income from the two day drive was $6170.00. Most of the students received from 75c to $1.00 per hour. Thus, the student work drive again reduced the amount needed to complete the Auditorium-Gymnasium.

C. L. Graber reports that approximately $25,000 should still be collected from the Goshen City and Elkhart County drive conducted in the fall of 1948 but including pledges extending over a two-year period. He hopes to collect most of the unpaid pledges within the next few months. This leaves approximately $45,000 to be raised from other sources. If each alumnus will pay, before January 1, 1950, the amount that he donated to the building fund during the year beginning September 1, 1948, and ending August 31, 1949, the building can be completed by April 1 or earlier.

The Executive Committee of the Alumni Association of Goshen College at a recent meeting decided to set the goal for the Alumni Financial Campaign at $45,000 for the current year. This is less than $5,000 more than alumni contributions during the preceding year. Since more than 1,000 names have been added to the mailing list during the past year, it should not be difficult for alumni to raise the additional $5,000.

Building Plans for the Future

As indicated in the brochure mailed to alumni two weeks ago, there is urgent need for a new women's dormitory on the campus. More than 70 men and about 10 women are rooming off the campus. Eighty-two men room in the temporary quadrangles south of the old Gym. Parents of students are concerned that better housing facilities be provided as soon as possible. The building of the women's dormitory would enable the administration to return Coffman Hall to the men and would furnish considerable relief for the present housing situation.

Tentative plans are being made to break ground for the new women's dormitory during the coming spring or summer and complete the building within the following year. This would enable the Building Committee to proceed with building construction and planning without interruption and with a maximum of economy and efficiency.

The first urgent need, however, is for the completion of the Auditorium-Gymnasium and this project will be pushed as rapidly as the Building Committee receives the necessary funds.

The Board of Directors and the officers of the Alumni Association hope that alumni will respond immediately and generously to President Miller's urgent appeal for funds to complete the Auditorium-Gymnasium early in 1950. A contribution to the building fund of Goshen College is a contribution to the cause of Christian education. Contributors to that fund may rest assured that their money will be expended wisely and economically in the highest interests of the Christian education of deserving young people.

STUDENT ENROLLMENT FIRST SEMESTER 1949-50

According to figures compiled as of October 5, by Lloyd Conrad 38, assistant registrar, the total full-time enrollment is 590 and the part-time enrollment 139. This is a decrease of 19 students over the full-time enrollment of 609 on the corresponding date in 1948.

The following tabulation gives the comparative enrollment of students for this year and last year.

Comparative Enrollment by Class

Class	1948-49	1949-50
Freshman	184	188
Sophomore	141	151
Junior	129	135
Senior	130	136
Postgraduate	3	3
Adv. Theology	12	15
Total Full-Time	609	590
Part-Time	136	139

Comparative Enrollment by Sex

	1948-49	1949-50
Men	348	351
Women	261	239

Comparative Enrollment of C.P.S. Men

1948-49	1949-50
85	57 (full-time) 10 (part-time)

Comparative Enrollment of Veterans (GI)

1948-49	1949-50
56	46

Enrollment by Denomination (Full-Time)

	1948-49	1949-50
Mennonite (all branches)	504	488
All Others	105	102

The Mennonite enrollment comes from ten branches of the Mennonite Church as follows:

Mennonite	423
General Conference Mennonite	23
Evangelical Mennonite Brethren	7
Brethren in Christ	13
United Missionary Church and Mennonite Brethren in Christ	4
European Mennonites	9
Mennonite Brethren	2
Old Order Mennonites	3
Kleine Gemeinde	1
Krimmer Mennonite Brethren	3

An analysis of the enrollment shows that the decrease can be accounted for entirely by the decreased number of women especially in the Freshman and Sophomore classes, due probably to certain economic conditions in the country as a whole.

ANNUAL SPIRITUAL LIFE CONFERENCE

Stanley Shenk, Th.B. 44, pastor of the South Union Mennonite Church at West Liberty, Ohio, was the speaker for the annual Spiritual Life Conference at the College on September 23-25. He delivered four messages: Friday chapel, "Vindication," a presentation of what Christianity has meant to world civilization and culture; Saturday evening, "Transition," an exposition of the process of conversion; Sunday forenoon, "Transfusion," the Holy Spirit power in the life of a believer; and on Sunday evening, "Transmission," dissemination of Christian faith and principle through the life and witness of the believer.

The outstanding feature of the series was Mr. Shenk's ability to present complex and controversial subjects in a simple, sane, and convincing manner. The conference was sponsored by the Church Relations Committee of the "Y" and was well attended both by the students and by members of the local congregation.

FACULTY RETREAT AT LITTLE EDEN

Another evidence of growth at Goshen College is seen in the size of the instructional and administrative staffs of the College. When Goshen reopened in 1924 the entire staff consisted of twenty instructors and staff members. Of these, only eight were married, and there were thirteen children who were members of faculty families.

The above picture taken during the faculty retreat at Little Eden, September 3-6, indicates how the "family" has grown during this quarter century.

For the past several years the members of the faculty have been assembling at Little Eden Camp for several days' rest, recreation, meditation, and discussion. This year most of the members drove to Little Eden in their cars, arriving in time for supper followed by the first session during which faculty members, in "The Summer in Review," each told briefly what he had been doing during the past summer.

H. Harold Hartzler then gave a talk on astronomy, "The Heavens Declare the Glory of God," in which he reviewed some of his experiences at the University of Arizona during his sabbatical leave.

On Sunday morning, I. E. Burkhart had charge of the worship service and John H. Mosemann preached the sermon. Melvin Gingerich had charge of the adult Sunday school and Mrs. Elsie Springer Bachman and Mrs. Shirley Erb Gingerich had charge of the children's Sunday school. On account of the inclement weather, the sunset service was held in the auditorium. Subject: "Bless the Lord, O my soul, and forget not all his benefits"; leader, Atlee Beechy; chorister, Dwight Weldy.

At the beginning of the Monday morning, Monday evening, and Tuesday morning sessions, H. S. Bender conducted a Bible exposition, "Ephesian Treasures." At these three sessions, the following subjects were discussed: "Religious Education in the Church Related College," by Paul Mininger, "Trends in Liberal Arts Education," by Carl Kreider; and "By the Good Hand of Our God Upon Us," by President Miller. For his discussion, President Miller used the text, "He came to Jerusalem, according to the good hand of his God upon him. For Ezra had prepared his heart to seek the law of the Lord, and to do it and and to teach in Israel statutes and judgments" (Ezra 7:9, 10).

The week end afforded faculty members and admintration an excellent opportunity for rest and fellowship and for communion with God and nature. Since the weather was a little too cool for water sports, the members of the group spent most of the time in or near the auditorium. An exciting feature of the Monday and Tuesday recreational program was a shuffleboard tournament won by Mr. and Mrs. Howard Kauffman. The trip going and coming through scenic Michigan also was appreciated by every member of the group.

ALUMNI HELP ORGANIZE NEW SERVICE

At the recent meeting of the Mennonite General Conference held at Harrisonburg, Virginia, Mennonite Mutual Aid, Inc., reported in their biennial report that a new corporation is being formed. The name of the new corporation is "Mennonite Aid, Inc." and the new charter is being granted by the State of Pennsylvania. Application for admission to operate in other states will be made—particularly in Indiana—for it is planned that the home office of this new corporation will be at Goshen, Indiana, in connection with the present office of Mennonite Mutual Aid which is also an Indiana corporation.

It is planned that the directors for Mennonite Aid, Inc. will be chosen as follows: three by Mennonite Mutual Aid, three by the members at their annual meeting, and one each by the District Conferences. Until these members can be elected in the regular way the Executive Committee of General Conference has approved the following temporary appointments: O. O. Miller, Akron, Pennsylvania (who will serve as temporary president and convener); C. L. Graber, Goshen, Indiana (who will serve as secretary and treasurer); Samuel Wenger, Lancaster, Pennsylvania (legal counselor); M. R. Good, Kitchener, Ontario; H. Ralph Hernley, Scottdale, Pennsylvania; Carl Kreider, Goshen, Indiana; Tilman H. Smith, Eureka, Illinois, and Albert Weaver, Hesston, Kansas.

The Board of Directors met at Goshen on September 29. At that time the Board added two additional directors: Dr. H. Clair Amstutz 33, of Goshen, to act as medical advisor, and Harry Wenger, of Wellman, Iowa. Organization of the Board resulted as follows: M. R. Good, Kitchener, Ontario, president; H. Ralph Hernley 41, Scottdale, Pennsylvania, vice-president; C. L. Graber x29, Goshen, secretary-treasurer; Samuel Wenger, Lancaster, Pennsylvania, assistant secretary-treasurer. This affords the Board a strong administrative body and should enable the program to go energetically forward.

The new corporation plans to offer benefits for hospital, surgery, and burial aid. All of these are to to be on a cost basis without the excessive expenses of high salaries, high-pressure advertising and promotion. Details will be announced soon by means of a prospectus which is to be distributed throughout the Mennonite brotherhood. At that time membership application blanks will be available.

Further announcement will also be made through the pages of the **Gospel Herald.** Thus Mutual Aid again enlarges its scope of work. Truly sharing and giving are Christian graces which we need to embrace more fully. (Adapted from an announcement in the **Gospel Herald**).

FIFTIETH WINTER BIBLE SCHOOL

On January 4, 1950, Goshen College will open its Fiftieth Winter Bible School session. The purpose of this six-week course is to provide opportunities for those young people who do not find it possible to attend school for an entire year.

A great many of our Mennonite youth become rooted in the farming occupation while they are quite young, and have neither time nor inclination to spend several years in formal study. It is for such persons that we provide the opportunity to study the Bible, the church, and become familiar with the ways in which they can make worth-while contributions to their local churches.

The course offerings of the Winter Bible School follow a more or less standardized pattern which has been adopted by most schools of this type throughout the church. An attempt is made to give wide selection in direct Bible studies in both Old and New Testament books. A second area of studies concentrates upon selected Biblical doctrines as well as the principles which are a unique characteristic of our own faith.

Church History, general and specialized, is the concern of certain other courses. Together with these offerings, there is a wide choice of practical studies which direct attention toward the actual practice of Christianity in individual and corporate life.

Several new teachers have been brought into the staff for the coming term. Bishop Howard J. Zehr 41, pastor of the Freeport, Illinois, Mennonite Church, will be with us for the first time. Brother Zehr was himself first introduced to Goshen College through the Winter Bible School. Stanley C. Shenk 44, pastor of the South Union Mennonite Church, West Liberty, Ohio, will be another new instructor. Bro. Shenk is a graduate of Biblical Seminary in New York City, and has had several years of successful teaching at Eastern Mennonite College, Harrisonburg, Virginia.

Two others, Bishop D. A. Yoder and John E. Gingrich, both of Elkhart, Indiana, will continue the good contributions they have made to the school during the past years. In addition, a number of the regular College and Seminary staff will supplement in the teaching schedule. We believe we can justly look forward to one of the finest efforts we have yet made in this field.

Our alumni can render a real service to their Alma Mater by helping to channel young people into this fruitful type of study. Not a few who enter the Winter Bible School discover the necessity and the desirability for pursuing one of the regular curricula, and thus find their way into our regular student body. If you cannot directly contact persons who should be in our Winter Bible School, we invite you to inform us about them.

LECTURE-MUSIC SERIES

Professor Willard H. Smith, chairman of the Goshen College Lecture-Music Committee, announced to the students on October 4 the numbers for the Forty-fourth Annual Goshen College Series to be held (for the last time we hope) in the Goshen High School Auditorium.

Students receive tickets at approximately one half of the regular charge. Professor Smith urged them to purchase their tickets early because it was necessary last year to close the season ticket sale before the demand for season tickets had ceased. The committee always reserves a few seats to be sold as single admissions, especially to accommodate Homecomers at the Thanksgiving season.

Because of the popularity of the Cleveland P. Grant lectures with faculty members, alumni, and students, the committee has secured him for another return engagement on November 25, when he will deliver his lecture, "North to the Yukon," illustrated with natural color film. His new film portrays the scenery and wild life on the trek to Alaska along the Alcan Highway.

On October 20, Allan Lomax, one of the outstanding folklorists in America, will speak on "Folk Song: U.S.A." Mr. Lomax is the young man who made a number of highly successful recordings of Amish music in this community in 1938 for the Library of Congress. He states that his "main occupation in life is seeing to it that folk art is recorded and studied." In addition to recording ballads and folk music of America, he published, broadcast and taught in several universities, and collaborated with his father in writing five books. Another of his works will appear next March.

Roland Hayes, tenor, will present the first musical number on the series on December 8. This internationally known Negro tenor will appear in a program of master classics and "The Life of Christ" as told "in that great anonymous and spontaneous outpouring of the human soul—the Aframerican religious folk song."

The Chicago Symphony Woodwind Quintet, a leading ensemble in the field, present an enjoyable program from the masters on January 13. The members of the quintet, Ralph Johnson, Jerome Stowell, Robert Mayer, Harry Jacobs, and Wilbur Simpson, play respectively the flute, clarinet, oboe, horn, and bassoon, and are the leading players of the woodwind section of the famous Chicago Symphony Orchestra.

The third musical number of the series will be presented on February 7 by the Chapel Choir of Capital University, Columbus, Ohio, ranked among the great choral organizations of the nation. Organized in 1928 and conducted since by Ellis Emmanuel Snyder, the organization has received lavish praise from music critics for their artistic excellence.

The committee is particularly happy to present on February 24, the famous Burton Holmes, known as the dean of travelogue lecturers especially since most of his time is taken in giving series of lectures each year to capacity audiences in such places as Orchestra Hall in Chicago, Carnegie Hall in New York, the Academy of Music in Philadelphia, and in other large halls in our major cities.

The series closes on March 23 with a concert by The Southernaires, acclaimed as one of the great vocal ensembles of today. The organization has acquired international fame on the concert stage and over the air. Included in the concert will be a scene from their trade-mark for the past nineteen years, "The Weather-beaten Whitewashed Church," by which they are known to millions of listeners on their Sunday morning radio programs.

Season tickets were sold at several of the downtown stores in Goshen and also in Elkhart. The price of the regular season ticket was $4.20. As in previous years, the committee is following the policy of "no reserve seats." As already indicated above a supply of single admission tickets has been withheld from sale for the benefit of Homecomers.

PROFESSORS ATTEND SCIENTIFIC CONVENTION

Dr. H. Harold Hertzler and Dr. Paul Bender attended the Fourth Annual Convention of the American Scientific Affiliation, Inc., at Los Angeles, California, on August 22-26.

Professor Hartzler, Chairman of the Committee on Papers, delivered a lecture on the subject, "The Hole in the North," the area of "dark" stars in the vicinity of the "big dipper." Professor Bender conducted the devotional period at the beginning of the Thursday session.

The American Scientific Affiliation, Inc., is "a group of Christian scientific men devoting themselves to the task of reviewing, preparing, and distributing information on the authenticity, historicity, and scientific aspects of the Holy Scriptures in order that the faith of many in Jesus Christ may be firmly established."

Goshen College has invited this group of scientists to hold their fifth annual convention at the College next year.

THE MENNONITE COMMUNITY NOW A MENNONITE PUBLICATION BOARD MAGAZINE

On October 1, **The Mennonite Community** became one of the publications of the Mennonite Publishing House at Scottdale, Pennsylvania. It began as a private enterprise. One hundred and sixty-four persons from many sections of the church furnished the capital required to print the magazine to the present time.

Grant M. Stoltzfus 41 continues as editor, and the magazine will continue to bring to its readers well-illustrated articles on farm, home, and community living. The October issue is devoted largely to the **Martyrs' Mirror**, the Martyr-Book of Anabaptists and Mennonites.

The magazine represents a strain of thinking that is of great importance for the application of the Mennonite faith to conditions of modern life. Its pictures are an authentic representation of current Mennonite living. Its articles stimulate to better Christian practice.

Paul Erb, editor of the **Gospel Herald** and president of the Community Association, informs advertisers that this is an effective medium for reaching Mennonite customers. The paper numbers more than 4500 Mennonite families on its subscription list.

ATTEND MEETING OF MENNONITE BOARD OF EDUCATION

The fourth annual meeting of the Mennonite Board of Education was held at the Stahl Church near Johnstown, Pennsylvania, Thursday, Friday, and Saturday, October 20-22. John C. Wenger 34 delivered an address on the subject, "A Survey of the Development in Education in the Mennonite Church to Date," and Dean Harold S. Bender, "The World Challenging the Christian Teacher."

This meeting followed the new pattern set in October last year at Kitchener, Ontario, when not only Board members, but presidents, principals, instructors, and administrative officials of the various educational institutions were invited to meet with the Board for a discussion of common problems related to Christian education in addition to the regular business sessions of the Board and regional meetings for those interested in elementary Christian schools, secondary Christian schools, seminaries, nursing education, and winter Bible schools.

The new type meeting is intended to co-ordinate the work of the various educational institutions and activities of the Mennonite Church. This year's meeting again demonstrated the wisdom and the desirability of assembling representatives of all the educational institutions of the church for a period of worship, discussion, study, and fellowship.

The president, the two deans, and a representative from each of the five divisions were in attendance from Goshen College.

APPOINTED SUPERINTENDENT OF NURSING SERVICE

Lydia Diener, R.N., 50 has accepted the position of Superintendent of Nursing Service at the new hospital at Greensburg, Kansas. She will assume her duties after her graduation at Goshen. During the past summer she was evening duty supervisor at the La Junta Mennonite Hospital.

The Greensburg Hospital of twenty beds is now under construction and the contractor has promised completion of the building by December 1. The unit, a one-story building of modern design, will have a well-equipped operating room, delivery room, emergency room, laboratory and X-ray department, and all other equipment necessary for general nursing care. Greensburg, the county seat of Kiowa County, is 110 miles west of Wichita on Highway 54, surrounded by wheat fields.

The hospital is being built as a result of a survey by the Department of Public Health, which showed the region in need of hospital beds. The funds for building and equipping the hospital were supplied two thirds by county taxes and one third by United States Government Funds. After completion the plant will be leased to the Mennonite Board of Missions and Charities for one dollar for a period of ten years with a renewal option.

PROGRESS IN MENNONITE RESEARCH

The Mennonite Research Foundation completed five studies during the fiscal year ending September 1: (1) a history of the Mennonite Church during World War II, (2) **What of Noncombatant Service?** a forty-eight-page study produced by the Foundation for the Peace Problems Committee, (3) **Nonresistance in Colonial Pennsylvania**, a booklet written by Wilbur Bender, but now out of print, revised and edited for reprinting, (4) a study of district and general conference resolutions on life insurance, (5) the manuscript for a book entitled "Youth and Christian Citizenship."

Ten additional studies are in progress at the beginning of the 1949-50 year, and five others have been approved to be undertaken soon. A large number of true stories have been collected for Elizabeth Bauman, who is writing a young people's book on "Heroes of Nonresistance."

A second project closely related to the above is the preparation of a list of all Mennonite conscientious objectors during World War I. The experience records of these men during the time they were drafted are also being collected. Another project well under way is the collection of the records concerning Mennonite relief work after World War I. Enough materials have been collected for a book on this subject.

In 1949, the Foundation at the request of the Government, made a study of Mennonite man power and is now studying the collected statistics to see what information of value to the Mennonite Church it may contain. The Foundation also plans a Mennonite census. This census will reveal facts which the Mission Board, Publication Board, and Board of Education have long needed.

The Research Foundation has been serving the Eastern Mennonite Board of Missions and Charities in an advisory capacity as it plans its survey of mission opportunities among the Negroes of the Middle Atlantic States.

Certain studies begun by seminary students at Goshen College are being completed by the Foundation. Among them is the survey of what has happened to Mennonite men who entered military service during World War II.

Another study now under way is an analysis of the contents of the **Gospel Herald**. Have certain doctrinal teachings received more emphasis than others? Have there been certain trends that are clearly discernible? Has there been a proper balance of teachings? What has been the prevailing method of treatment in these articles? Are articles on certain subjects presented more effectively than on other subjects? This study is seeking answers to these and related questions.

Other projects approved by the Directors of the Foundation but not yet begun include a history of Mennonite mutual aid organizations, a study of Mennonite giving, a Mennonite literature study, the preparation of a guide for the study of Mennonite history, faith, and life, and a Mennonite outreach study.

Melvin Gingerich 26, the director of Research, gives one fourth of his time to the Mennonite Encyclopedia, Volume I of which is now being prepared for the press. He is serving as managing editor. Last school year and again this year two part-time student assistants have been assigned to the Research office to help in the work of the Mennonite Research Foundation. It is planned to expand the Research staff as soon as qualified personnel can be obtained.

Enrollment Trends

The enrollment at Goshen College is this fall slightly below the starting enrollment of the past school year. This represents the passing of the peak of post-war college enrollment due to the large enrollment of ex-service men. At Goshen College, however, the passing of this peak for undergraduate students was delayed about a year as compared to most American colleges, because of the larger proportion of ex-CPS men at Goshen College. The present numbers of 57 ex-CPS men and 45 veterans represent a total of about 17 percent of the full-time student body, whereas last year's ex-service men accounted for 22 percent of the total. This year's senior class is the group that began as the largest freshman class in the history of the college, made large by a flood of entering ex-service men. The senior class includes 32 of the total of 57 ex-CPS men. With the graduation of this class the bulk of the training of ex-service men will be history, although there will still continue a goodly number of ex-CPS men whose education was further delayed by a period of relief service after the close of their government service.

This year's total full-time students number of 590 is 19 or about 3 percent below last year's peak of 609. The total comes near to the predictions of a year ago, but the distribution by classes is somewhat different, with fewer seniors than predicted but more freshmen. The freshman class numbers 9 more than last year, whereas predictions had indicated the possibility of a substantial decrease in entering freshmen. This continued strength in the entering freshman class reflects a gratifyingly growing interest in higher education in the constituency of Goshen College, which parallels and even exceeds a similar increase in interest in higher education throughout the country.

The part-time students number 139, which is approximately the same as for the first semester of last year. These are mostly students taking evening and Saturday classes, and are composed largely of school teachers but include also some other people from the community who are following some other interests. The grand total of full-time and part-time students is now 729, a little below last year's peak of 745.

Transfer students again contribute a good number of upper classmen, with a total of 53 entering from other colleges, 28 as sophomores, 25 as juniors, 9 as seniors, and 1 as a post-graduate student.

Men students on the Goshen College campus have reached this year a new high, not only in proportion to women, but also in absolute numbers. The total of 351 men is 3 above last year's number and represents about 59 percent of the student body, as compared to 57 percent and 53 percent, respectively, for the past two years. Women students, numbering 239, are 22 below last year's number. The excess of men over women runs through all the classes, with the junior and senior classes showing the largest percentages of men, namely, 66 and 63, respectively. The entering freshman class is 53 percent men.

Married students this year are fewer in number than last year, with 77 married men and 10 married women enrolled. Of this total 37 are seniors and 22 are juniors.

Mennonite students of all branches constitute again about 83 percent of the student body, the same as last year. The total is 488 compared to 504 a year ago. Members of the Mennonite Church, the branch operating Goshen College, have slightly increased their position to about 72 percent, as compared to 71 percent last year, with 423 full-time students compared to last year's 431.

The geographical distribution shows several significant changes in the numbers of students coming from various states. Next to Indiana, the two states, Ohio and Pennsylvania, regularly contribute the largest numbers of students to Goshen College. This year both of these states show a sizeable decrease in numbers over those of each of the past two years. Iowa has shown a steady growth in numbers over the past several years. Nebraska this year sent us 7 students, the largest number in recent years. Minnesota and Colorado have fallen below the numbers of the past three years. Other states show no very significant changes.

Enrollments in curricula show a shift that is significant. In the Liberal Arts College relatively fewer students have chosen the liberal arts curriculum, and more the education and general education curricula. The nursing and secretarial curricula also show a slump from last year's rather large numbers. The Biblical Seminary shows a slight increase in the theology curriculum.

These shifts in numbers in the various curricula reflect the occupational interests of students, particularly of the freshmen. This year's freshman class shows a strong interest in teaching, but a smaller interest than former classes in business, medicine, nursing, and other scientific professions. Engineering shows a slight increase and religious work receives about the same interest as during the past two years. A notable increase is shown in interest in both farming and homemaking, with 15 freshmen listing farming as their intended occupation and 6 listing homemaking. These increases may represent a new trend.

These studies indicate that earlier predictions are mostly being borne out as to total enrollments and curricular interests of students, with a few new trends that should be noted. These trends will need to be carefully considered in making plans for the future of Goshen College.

With the continued strength of enrollment in the freshman class, the total enrollment of the college should maintain almost its present high level. However, next year should find another slight decrease in total numbers with the graduation of the large senior class, but this decrease will probably be less than predicted a year ago. If the new trend toward general education proves to be significant, in which more students will drop out of college by the end of the second year, the two upper classes and also the total enrollment may experience still further decreases. Men students will drop in proportion to women, but they will still constitute well over half the student body for at least several years. The number of ex-service men will drop considerably next year, as will also the number of married students.

Interest in preparing for elementary school teaching will probably continue over the next few years, since a larger number of freshman are choosing this profession. These can continue to use the curricula and facilities now being used at Goshen College. Special attention should probably be given, however, to providing programs for those who choose farming and homemaking, and similar occupations that might require a more vocational type of general education ending after two years of college.
